THURSDAY

ENJOYABLE PICNIC.—The annual picnic of the staff of Patons Limited was held yesterday at Harry's Pond, the beautiful fishing grounds of Mr. John McLaurin. The picnic party, comprising thirty-four, motored out from the grounds and the ideal weather made the drive an enjoyable feature of the holiday which included in addition to an excellent outing such sports as athletic events, fishing and boating. All present had a thoroughly good time.

On Wednesday the twenty ninth day of June, Mary McDougall, beloved wife of Mr. Neil D. McEachern of Rice Point passed peacefully to rest at the age of seventy-two years after a distressing illness of three months from heart failure which she bore with the greatest patience and resignation to the Divine Will. During her illness her greatest comfort was found in hearing God's word read and sung and a great number of the Psalms and Paraphrases she could repeat and sing by memory both in English and Gaelic as she had learned them in the days of her youth.

She was an honored member of the Church of Scotland for over fifty years and it could be truly said of her that she lived up to the profession which she had made in her early days. She leaves besides a sorrowing husband the following sons and daughters, John in Lowell, Mass.; Donald in British Columbia, Neil Ewen at home and Margaret, Mrs. Dalrymple of Massachusetts and Mary Jane wife of Charles McDougall, Rice Point, who did all that they could to relieve the sufferings of a loving mother in her last days. The respect in which she was held was evidenced by the large number of people which attended her funeral which took place on Friday, June 1st to Canoe Cove Cemetery.

The services were conducted by her pastor the Rev. D. Lamont, speaking from Hebrews fourth chapter, tenth and eleventh verses. The pall bearers were Neil McQuarrie, Charles McDougall, Allan McDougall, Peter Currie, Alexander McLean and Neil McKenzie.

It was with deep regret that we learned of the death of Mrs. Forry who died in Boston on June 30th, formerly Miss Annie Haynes of Georgetown. Though not in robust health for the past few months, she was able to be around at her work as usual and was always cheerful and uncomplaining. So that friends and neighbors did not realize until a few weeks before her death that she was suffering from a disease which so quickly terminated her sojourn in this world. Her last days were cheered by the tender nursing of her daughters, Mary and the kind words and council she gave them during the last days of her life will be a help in their sore bereavement and with a prayer on her

lips her spirit went forth to meet her God, trusting that she would be one of his servants. Besides her daughters she leaves to mourn two sisters, Mrs. Michael (McDonald) and Mrs. Stevens of Georgetown, besides one brother Charles Haynes, also of Georgetown to whom the sympathy of all is extended in their bereavement of a dear mother and loving sister. A.

It is with feeling of deepest regret that we chronicle the death of Mr. Ewen Walker, one of the most respected residents of Kelvin. His death occurred at his home on June 13th after a long illness. The late Mr. Walker had been a great sufferer from rheumatism, being bedfast for over seven years and in spite of all that medical skill and the tender nursing of his devoted wife and mother could do he passed into the great beyond. The deceased was 41 years of age and leaves to mourn besides a sorrowing widow and two children his mother, three sisters and two brothers, namely Mrs. Herbert Hogg, Kelvin; Mrs. Thos. Stewart, Kensington; Mrs. G. Ross James and Ira in the Canadian West. The funeral service was a very impressive one and was conducted by his pastor, Rev. A. W. Robertson. The pall-bearers were John Staver, John Walker, James Jardine, Edward McMurdo, W. A. McMurdo and Harold Laird.

The news of the death of James Andrew Campbell of Graham's Road which took place on the evening of July 6th, in the Royal Victoria Hospital, Montreal, after a serious operation brought deepest grief to the loving home circle and saddened many hearts beyond. His home was where he was at his best. Another tribute to his funeral by the Rev. John B. McLeod of Montreal who had lived two years in the home about 20 years ago made all hearers feel that though they had known and loved him, the fullness of his life had been known only in the sacredness of the home. His worth as a public citizen and friend to all found a grief expressed in the address of the Rev. W. I. Green a missionary of the Presbyterian Church in Trinidad who had grown up in the community and worked beside Mr. Campbell and known him in evenness of temper and strength of character surpassed by none he had ever known. The funeral service was held in the home on Sunday the 9th, five ministers taking part. His minister, the Rev. Mr. Robertson of Kensington gave words of sympathy and comfort and truth to the bereaved from the words "Let not your hearts be troubled". The Rev. W. A. Mason offered the prayerful of the tenderness of an old friend whose 42 years of acquaintance with the family to which Mr. Campbell belonged gave him a full sense of their worth. The scriptures were read by the Rev. Geo. Miller of New London.

Mr. Campbell was born on June 5, 1858. His parents were James and Isabella (Johnstone) Campbell, and he was one of a family of eight of whom three are now living: William of Graham's Rd., Archibald of Clifton and Alexander of Summerside. Three of the family have been taken away in the last 9 months. Mrs. John A. McKay of Graham's Road, John of Long River and James Andrew the subject of this sketch. He was married in 1882 to Miss "Cristie" Lamont of Springfield. Seven children survive him and treasure his name. Garnet, W. of Graham's Road; James Murdoch of the same place; Benjamin at home; Mrs. Wallace McEwen, Campbellton, P. E. I.; Mrs. Willard Warren, Kensington, John Robert living in the West and Hugh A. at home. Mr. Campbell has been a sufferer for sometime and it was hoped that his useful life might be prolonged by the skill of specialists abroad. But the trouble had gone beyond human aid. It is easy to believe that for such a life as this there is another higher sphere of great usefulness and higher honor.

The annual meeting of the P. E. I. Medical Society was held yesterday forenoon and afternoon in the Board of Trade rooms, about twenty-two members being present. Dr. Ross, Vice President for Queen's was in the chair in the absence of the President Dr. McLaughlin of St. Peter's Bay. The following officers were elected: President—Dr. J. C. McPhee, Summerside. Vice President—Prince—Dr. J. Champion. Queen's—Dr. J. Flemming, Stanley Bridge. King's Dr. J. D. McIntyre, Montserrat. Secretary—Dr. G. F. Dewar. Treasurer—Dr. I. J. Yeo. Executive—Dr. Meach, Montague Dr. E. B. Stevenson, New Glasgow; Dr. R. F. Seaman, Boderque.

—WELCOME VISITOR.—Mr. Don C. Darrach, Vancouver, B. C., son of the late Dr. Darrach, Kensington, accompanied by Mrs. Darrach and son, Marvin, are returned to the old home on a visit to his mother, Mrs. (Dr.) Darrach. Twelve years have passed since Mr. Darrach has paid a visit to his native Province, and since that time his well-known and much respected father passed away. Mr. Darrach realizes many modern improvements in Kensington and elsewhere, which he notes, speak emphatically for the progress and enterprise of our people. He notes that the system of communication at Borden compares favorably with any of a similar kind in the modern world. Education in British Columbia is practically in the hands of education. Dr. McLean is an islander, two inspectors and several principal of High Schools are Islanders. Given the opportunity, Islanders are capable of competing with citizens of any part of the world, and the better amplified are they by ability and education, the more certain are they to succeed. Y.

FORMER P. E. ISLAND ATHLETE RENEWS HIS YOUTH.—Mr. B. F. Stewart Boston, known here to every fox breeder by his excellent work in connection with the Fox Breeders Association and also known among the old time athletes, has proven his vigor again as a great runner. Mr. Stewart on Saturday, July 8th at Mt. Peter, Vermont, won the 250 yard run against all comers, setting a new record for amateurs for that distance.

Auditory—Dr. E. T. Tanton, and Dr. Garrison. Council—Doctors Warburton, Alex. MacNeill, H. D. Johnson, S. R. Jenkins, E. T. Tanton, W. J. MacMillan, G. F. Dewar. The visitors were Dr. John Stewart, Halifax, Dr. Ross Miller, Amherst; Dr. D. W. McKenzie of McGill University; Dr. Lauterman of Montreal.

The business meeting was completed in the forenoon and the following papers were read:—Tonsilectomy—Dr. Archibald. Mastoiditis—Dr. A. MacNeill. Case Report—Dr. Ross. Pross Abscess—Dr. E. T. Tanton. Traumatism of the Knee Joint—Dr. Miller of Amherst. At a public meeting held at 4 p. m. in the Strand Theatre, Dr. John A. Stewart of Halifax, gave an interesting address on Cancer, illustrated by moving pictures. Dr. R. D. McLaughlin, St. Peter's, presided and introduced the speaker.

Dr. Stewart in the course of his address laid particular emphasis upon the necessity of getting hold of the disease in time. Cases taken and operated upon at the pro stages generally result in a cure. Delays are very dangerous, and it is of the utmost importance at the first sign of a suspicious growth, to consult a qualified physician. The pictures illustrating the lecture showed the great advantages of medical examination in a large factory where this dread disease is being eliminated by prompt action. The danger of resorting to "quacks" for the treatment of cancer were also vividly brought out in the film.

The meeting was largely attended by the medical fraternity of the island, also by visiting medical men including Dr. David W. McKenzie and Dr. R. Brown of the Royal Victoria Hospital, Montreal; Dr. M. Lauterman, Montreal, Dr. C. Tidmarsh, bacteriologist. At the conclusion of the address a vote of thanks, moved by Dr. A. MacNeill of Summerside, seconded by Dr. S. R. Jenkins, and warmly supported was passed and conveyed to the speaker by the chairman Dr. McLaughlin. In the evening an excellent dinner was served at Beach Grove Inn where the programme of the conference was concluded in a social manner. Dr. D. W. McKenzie, the eminent surgeon of the Royal Victoria Hospital, read an excellent paper on Neurology.

ROTARY LUNCHEON.—At the Rotary Luncheon yesterday the chief speaker was District Governor Walter S. Grant, who gave an interesting description of his trip to the International Convention in Los Angeles, last June, dealing mainly with places of interest met with along the route, going and returning—St. John, Boston, Chicago, Kansas City Colorado Springs and Pikes Peak, Emporia The Grand Canyon—described as a huge gash in the earth into which Prince Edward Island could be dropped. Riverside, Los Angeles, San Francisco, Yosemite Valley, Lake Louise, Banff, etc., Mr. Grant, received great applause when he declared that of all the places visited none appealed to him like Prince Edward Island. California has her gold, oil, wealth and boosters, but her hills are brown and her rivers are dry. There is in the freshness and fragrance of the verdure there as may be found on the island. We are practically yet—undiscovered as a tourist resort, and our possibilities are enormous. California spend vast sums in order to get tourists and it is estimated that two big conventions of 200,000 people in one month brought \$20,000,000 to her state. Mr. Grant touched briefly on the Convention programme which he will deal with at greater length later. Rotarian S. A. McLeod, presided and the guests included Harold Stewart of Charlottetown; Jack Campbell of Wallaston Mass; J. D. Hender of Boston; Jack Hillion, City, Dr. J. H. Grisdon, Deputy Minister of Agriculture; Sam McLeod of Prince Albert. It was decided to vote \$100 towards holding band concerts on the Square.

"Nothing is our own: we hold our pleasures Just a little while, ere they are fled: One sure life robs us of our treasure: Nothing is our own except our Dead."

Most poignantly was the idea expressed in those lines brought home to the household of Donald A. McDonald, Fox River, when the 28th of June the sad and surprising news was flashed to him over the wires from the Pacific coast that his only daughter, Maria Henrietta, had passed away at Providence Hospital, Sedro-Wooley, Washington, after a very brief illness. Deceased who was in her twenty eighth year, went to Western Canada eight years ago, and took up the profession of nursing, proceeding later to the Western States by this she achieved the fair measure of success which ever waits upon steady application, unremitting devotion and self-sacrificing care to the needs of those committed to her charge. But this continued trust with the efforts of the Grim Reaper tells sooner or later on even the most robust constitution, and so it was that when least expected he laid his chilly hand upon her, and a fair flower of bright, young womanhood was plucked from this earthly sphere.

To the bereaved father, and to her only brother, Joseph, as well as to all other relatives and friends the news came as a severe shock, and to all the sympathy of the community goes out in their hour of sorrow. The remains, accompanied by the content by two other nurses who had been her companions for the past seven years, Miss Whittaker and Miss Mitchell, arrived at St. Peter's by train on Friday morning, July 7th. Here a large cortege had assembled, which then slowly, reverently made its way to the church where

in as a child, she had received most enjoyable dance was held in the Town Hall, Georgetown, July 1st. The music was furnished by Mrs. Fairchild and Mr. James Condon.
