## Paine's Celery Compound

CURES RHEUMATISM.

The Only Medicine That Prevents a Return of the Terrible Disease.

Rheumatism, which does its terrible work in the muscles, joints and tissues, is caused by uric acid which gathers in the blood. To get of this poisonous acid which produces the irritations, pains, agonies, inflammations and swellings peculiar to rheumatism, Paine's Celery Compound should be used without delay. No other medicine gives such prompt, cheering and happy results. It is the only medicine that prevents a return of the dread disease. Paine's Celery Compound braces the nerves, the blood is cleared of all irritating tissue and muscle are built up and the digestive organs perfectly toned. Do not treat with indifference the slightest symptoms; early use of Paine's Celery Compound will prevent weeks and months of suffering. Mr. G. J. McDonald, Cornwall, Ont., writes as follows: "For three years I suffered terribly from rheumatism. It seemed to me that I was forced to endure all the agonies and pains that a mortal could possibly experience from the disease. While suffering, I tried many of the advertised medicines, also doctors' prescriptions, but never found a cure until I procured a supply of Paine's Celery Compound. It worked like a charm and seemed to strike at the very root of my trouble. I am now cured; all pains are banished, and in every respect I am a new man."

## TEETH

The best way to do a difficult thing is to divide it into parts and put a specialist on each part. That is the way we practice dentistry.

### Painlessness

In addition to specialists for each branch we offer patients another great advantage not found elsewhere, namely "The Berlin System" for filling, crowning, or extracting teeth without pain. Unlike most methods it does not depend on one or two ways of killing pain, but embraces ten enough to overcome all the pain caused by work on the teeth.

### Advantage in Magnitude

The great advantage in a large practice like ours is that there is enough work in each department to keep specialists constantly employed. "Practice makes perfect."

### Teeth Extracted Without Pain

We simply put a little medicine around the tooth and lift it out painlessly, any number of teeth can be extracted at one sitting without any bad after effects. Skilled experience combined with modern appliances now make this operation one of pleasantness and satisfaction combined.

For persons of over nervous or timid dispositions, who desire unconsciousness during the operation we have "nitrous oxide gas."

Artificial Teeth properly made restore the natural expression of the mouth and preserve the youthful contour of the face.
