

BRITAIN KEEPS AN EYE ON MEXICO

The British Government Agrees to Leave Mexican Matters to United States Provided British Interests are Protected.

(Canadian Press.) LONDON, Nov. 13.—The British government is being kept informed of every move made by the U. S. government in regard to matters in Mexico both through the British Embassy at Washington and the U. S. embassy here.

EASIER FEELING IN WASHINGTON

(Canadian Press.) WASHINGTON, Nov. 13.—United support from the great powers abroad for the American policy toward Mexico, shown in a variety of quiet diplomatic activities, gave President Wilson and Secretary Bryan a confident feeling to-day that the elimination of General Huerta will soon be an accomplished fact.

That the financial blockade instituted by the United States had effectively tied the purse strings of Europe for other movements raised hopes of Washington that the government is at last making definite progress toward solving the Mexican problem.

If pressed to extremity Washington will raise an embargo on arms too, but constitutionalists still hope this move will be unnecessary. The United States offered no mediation but are endeavoring to learn what protection is afforded foreigners and also their property.

SENTENCE OF DEATH. NEW YORK, Nov. 13.—The American publishes a Vienna Cable saying that the Czar's son cannot live more than six months. It is the opinion of the surgeons that he has rapid tuberculosis of the bones.

CLAIM MADE BY INDIANS. COBURG, Nov. 13.—An Indian yesterday won \$5.00 for trapping muskrats out of season. The Indians claim that by an old Treaty of George III's reign, they are entitled to hunt as long as grass grows and water flows. The matter may go to the Privy Council.

AWFUL CHAPTER OF ONE DAY'S RAILWAY WRECKS

Many Killed, Others injured, Some Fatally, in Three Different Smashups. Trains Collide, one Rolls Over Embankment. Escaping Passengers Killed by Another Train.

(Canadian Press.) MONTGOMERY, Ala., Nov. 13.—Twenty are dead and 250 were injured today when the Central of Georgia passenger train fell through a trestle near Clayton, Ala.

Not until to-night were the names of the majority killed known to a certainty. Many of the injured were brought in to-night and those suffering taken to hospitals, others by autos to their homes, etc. The majority of the injured suffered painful injuries from flying glass and splintered woodwork. Many suffered broken bones and internal injuries.

(Canadian Press.) BUFFALO, Ala., Nov. 13.—Twelve killed and more than a hundred injured, some fatally, today when three coaches of the Central Georgia passenger train left the rails at a point

17 miles south of here and plunged down a steep embankment. The train consisted of five cars crowded with excursionists enroute from Ozark, Ala., to Buffalo, where a fair is being held. Among those who escaped with minor injuries was Jefferson D. Clayton, brother of Congressman Henry D. Clayton. A broken rail caused the accident. As the crowded excursion train rounded a curve three cars packed with passengers left the track and breaking away rolled down an embankment and was practically demolished. The occupants of the coaches remaining on the rails bent their efforts to rescue the injured. Word quickly reached Clayton, Ala., three miles away, and relief trains were sent. Many victims were cared for in Clayton where the residences were turned into hospitals. So large was

the number of victims that available space was exhausted and many were placed in porches and front yards. (Canadian Press.) WORCESTER, Ohio, Nov. 13.—Three persons were killed and a dozen injured, one fatally, when an east-bound Pennsylvania train was wrecked to-night.

A passenger train was derailed falling on another track in the path of a freight train. The engine, tender and baggage cars leaped the track where the Baltimore and Ohio Railway crosses the Pennsylvania. Passengers rushed out into the path of the westbound freight and two were killed. Engineer Crease was severely scalded and it is feared he will die. Fireman Gascoigne and express messenger Demarast were seriously injured.

SPECIAL MEETING CITY COUNCIL

At a special meeting of the City Council of Charlottetown last night the proposition for the establishment of a mill in this city for the manufacture of articles of woolen underwear was thoroughly ventilated, and the Council gave its assurance to support the application for certain concessions and assistance which the promoters of the project presented.

The application had behind it an influential gathering of the business men of the city. His Worship Mayor C. Lyons, presided over a practically full Council Board, the only absentee being Councillor Campbell, while the Recorder was also present.

The wishes of the promoters of the proposition were outlined by Mr. S. A. McDonald, who introduced the subject. He said that here they had the raw material and the labor, two of the principal elements required for the success of the proposition, and he had no doubt that a ready market could be found for the goods that it was proposed to manufacture. There was a decrease in population in the province, and it was necessary to do something to stop that decrease from occurring. Their young people were leaving the province to find the employment they needed in other provinces, and what they had to do to keep their young people here was to provide them with opportunities of employment. The establishment of industries such as the one before them was a means to that end; it would provide employment for their people, more it would bring prosperity to the country, and therefore it was deserving of every encouragement. Moreover, instead of sending their raw material out of the island and then getting it back in the manufactured articles of the Star fields in Toronto were started with a staff of only 25 persons, and now there were more than 600 employed there. There was no reason why a factory of the same kind in Charlottetown, started with the same number of employees, should not grow on the same scale. Mr. McDonald then laid before the Council a document signed by the promoters of the movement in which the following statements were contained:

It is proposed to erect a factory for the manufacture of woolen underwear, sweaters, etc., such factory to be situated in Charlottetown, and to employ 30 or more operatives. The estimated output of graded apparel would be about 150,000 a year; the wool to be used would be Island product, amounting to about 150,000 lbs., per year. The whole enterprise is to be financed and worked by Island people, and principally by the citizens of Charlottetown. As the establishment of such an industry would be clearly a great gain to this city, the promoters prayed that the City Council would grant them the following concessions:—A free site with a suitable building thereon, or a bonus of \$600 per year for a period of twenty years; exemption from all city taxation for a period of twenty years. In support of the application Messrs. John T. McKemie, J. P. Gordon, E. E. Higgs, W. B. Prowse, A. Alley, D. A. Bruce, H. M. Davison, H. Jenkins, John McKinnon, L. J. Reddin, J. A. Farquharson, A. F. Webster, J. T. Jamieson, W. H. Turner, R. A. Taylor, R. B. Holman, Thomas Morris, J. O. Hyndman, C. J. Resley, John Anderson, Allan Stewart, D. O. M. Reddin, R. Reid, and Mr. C. A. Clark, one of the original founders of the scheme.

After a number of the Councillors had spoken the Mayor expressed his pleasure at such a large gathering of representative men, and said that it afforded great encouragement to the Council. He did not think there would be any obstacle to the wishes of the promoters being granted, and personally he would do all in his

A HANDSOME NEW RESIDENCE

During the past summer many new and beautiful houses have been erected in the city of Charlottetown adding much to its beauty and attractiveness. Yesterday a Guardian representative, through the kindness of the contractors and builders, Messrs. Lowe Bros., whose reputation for high-class work is unexcelled in this town, had the pleasure of going over the large and commodious new home on Fitzroy street, now almost completed, of Mr. Alexander Horne.

The verandah is of the Dutch style of architecture with a front door of heavy bevelled plate glass. The door of the vestibule carries out the same effect in small panes, making a very handsome entrance. In the spacious hall, the winding staircase at once attracts attention, being finished in highly polished hardwood, while the cloakroom is conveniently situated. The downstairs consists of drawing room, sitting room, dining room, and kitchen, with a large, well-lighted bed-room at the rear of the drawing room, which is located on the left side. Each room is finished in highly polished hardwood, the floors being made of Island birch, scraped and polished, while grates and other conveniences are added to each room, always with the artistic touch that Mr. Lowe so ably gives when planning a residence. The wood-work throughout the entire house is beautifully finished, the ceiling of the sitting room being of a magnificent panel design. Large bay-windows add to the appearance of the drawing room and sitting rooms, both of which are also fitted with grates and handsome brick mantels. Immediately behind the sitting room is a nicely appointed den with hard wood mantel, and the many other niceties that make this important room in any house the acme of comfort. The dining room, also with a china closet conveniently set in with doors which could not but add beauty to any room. The pantry and kitchen have the shelves and closets so dear to the heart of the up-to-date housekeeper, most conveniently placed and the entire lower flat is planned for home comforts and conveniences, not forgetting its artistic, and flour barrels so arranged that they may be accessible to the smallest child. Three large bedrooms, nicely shaped, well lighted, and with perfect ventilation are conveniently situated, while there are a smaller room and a bath room, the latter magnificently equipped. A balcony at the back adds much to the convenience of upstairs work, as it is sufficiently large for the airing of bedding, etc. The floors on the second flat are also highly polished, these being of finest Island spruce.

Mr. Lowe's artistic hand shows through the entire building; and he, with his able staff of workmen, has certainly excelled in Mr. Horne's beautiful new home, which the Guardian hopes he may live for many years to enjoy. Mr. Lowe has many testimonials as to his artistic skill, certainly this last dwelling, now about completed, is a masterpiece of architectural design and execution.

CHINA GETS LOAN OF THIRTY MILLIONS. PEWEN, Nov. 11.—The Chinese-French Bank to-day signed a contract for a loan to the Chinese government of \$30,000,000. Of this sum \$12,000,000 is intended for the construction of the port at Pu-kow, in the province of Kiang-su, and \$12,000,000 for the building of a bridge between Hankow and Wuchang over the Yangtze River. The remainder, \$6,000,000, goes to the Chinese Ministry of Finance.

LADY STRATHCONA DIED IN LONDON. LONDON, Nov. 12.—Lady Strathcona, wife of Baron Strathcona and Mount Royal, High Commissioner in Canada, died today. She was a daughter of the late Richard Hardisty, of Montreal.

THE PRE-99 FORESTERS TO MEET HON. MR. WHITE. TORONTO, Ont., Nov. 13.—The pre-99 members of the I.O.F. who are organizing a campaign to inquire into the actions of the Supreme Court in placing a lien against their policies, held another meeting at Broadway Hall, Spadina Avenue, Tuesday night, and appointed a committee consisting of Messrs. L. M. Cathers, 155 Baldwin street, Convent, W. D. Watson, J. J. A. Glynn, A. Matthews, D. Masson and T. D. Thomas. Besides taking charge of the campaign to arouse feeling against the committee, the committee will secure legal advice and prepare the way to obtaining a Government investigation into the situation.

Something of a sensation was precipitated when Chairman Cathers declared that Supreme Chief Ranger Stevenson offered to purchase the policies owned by the committee which interviewed him for \$100 each, or an equivalent of ten per cent of the policy. "I object to that," declared Supreme Auditor Stewart. "I cannot credit Mr. Stevenson with making such an offer."

LATEST REPORTS OF STORM'S DAMAGE

Ten Vessels and 167 Lives Lost Between Sunday and Tuesday. 21 Other Vessels Damaged but Crews Escaped.

(Canadian Press.) TORONTO, Nov. 13.—The Lake storm losses, according to late Duluth and Cleveland reports total at least ten vessels and 167 lives lost in the storm over the Great Lakes from Sunday to Tuesday. This is indicated in a compilation today of reports from various sources. In addition 21 other vessels were damaged but their crews escaped.

A list of lost vessels and dead follows:—St. John A. McGean of Cleveland, crew 25 lost somewhere off Sarnia, Ont.; Chas. S. Price, Steamer of Cleveland, crew 28, sank off Gooerich, Ont. Steamer James S. Carruthers, Toronto, crew 23, wreckage washed ashore at Grand Bend, Ont. No trace of crew. Regina, Toronto, crew 20, capsized in Lake Huron. Wexford, Toronto, crew 20, believed collided with Regina and sank in Lake Huron. Lieford, Sault Ste. Marie, crew 15, wrecked at

Angus Island, Lake Superior. Plymouth, Mememinee, crew, 7, sunk in Lake Michigan. Lightship, 32 crew, 6 sunk off Buffalo in Lake Erie. M. F. Butlers, Milwaukee, crew, 15, believed foundered in Lake Superior. William Nottingham, Cleveland, three of 25 missing, wrecked in Lake Superior.

Vessel owners financial losses are approximately three million. PORT HURON, Nov. 13.—Every hour to-day added to the toll of disasters which occurred on Lake Huron during last Sunday's storm and to-night the end is not in sight. Bodies of sailors of five or perhaps six vessels were found on the shore and the wreckage from two other boats is still missing. Never in the history of Michigan's maritime experience has Lake Huron been the scene of such a succession of catastrophes. Conservative estimates place the loss of life at 150 and damage to vessels at many million dollars.

JAPAN READY TO TAKE PART

(Canadian Press.) TOKIO, Nov. 13.—A Japanese cruiser will sail from Mexico for Manzanillo Salina by way of Honolulu. This action has attracted much attention and indicates that Japan is prepared to take an active part in Mexican affairs.

SENATE COMMITTEE ON CURRENCY BILL

(Canadian Press.) WASHINGTON, Nov. 13.—Two wings of the Senate Banking Currency Committee to-day worked steadily preparing separate currency bills to be presented to the Senate.

FAREWELL BANQUET TO POPULAR ACCOUNTANT

On Wednesday evening, a number of the friends of Mr. James Walker, Accountant of the local branch of the Bank of Commerce, tendered him a farewell supper, at the Blake Hotel, on the eve of his departure on a two months vacation, to be spent in visiting his people in Scotland. At the early hour of 10 p. m. a company of fourteen sat down, to a well appointed table, under the able chairmanship of that well-known fox-man Mr. Harry Jenkins. After the loyal toasts had been honoured, the toast of the evening was proposed by Mr. George DeBlais, in his usual racy style. Thereafter Mr. Walker feelingly replied, expressing his regret at leaving the Island, and hoping that the friendships formed here would be of a lasting nature. The evening was then given over to song and sentiment interspersed with the following toasts: "The Island," proposed by Mr. H. H. Golding, and replied to by Mr. S. Hessian. "Scotland," by Mr. Sutherland, and suitably acknowledged by Mr. A. B. Cosh. "The Ladies," by Mr. R. H. Pethick, and on their behalf Mr. W. Stclair ably replied, and feelingly acknowledged by Mr. Harry McEwen. "The Fox Industry," by Mr. N. DeBlais, and as the chairman was the only fox magnate present he replied in a few well chosen remarks. "The Golden West," by Mr. Mr. Hugh Simpson, and ably responded to by Mr. W. J. Abel, lately from that part of the Dominion. After a couple of Scotch songs had been rendered by Mr. Cosh in his inimitable manner, the evening closed with the singing of "Auld Lang Syne," and the National Anthem.

THE CONCERT AT ZION CHURCH

Quite a large audience heard with deep appreciation and pleasure the concert given at Zion Sunday School last evening by the Ladies' Aid of the church. A program rich in variety and executed by talented performers, was rendered, then there was a ten-minute interval, during which candy was sold, and afterwards Tennyson's "Dream of Fair Women," in tableau.

Rev. Mr. Taylor presided. Before introducing the program he remarked that there would be no address by the chairman. Misses Moore and Hezgan were then called upon and gave an excellent piano duet, which was well received and generously applauded. Professor McIntyre then sang a solo delightfully and on a recall sang "Bonnie, Bonnie Scotland O'er the Sea." The song was soulful and Professor McIntyre gave it in a manner that thrilled the audience and gave Scotsmen a heart-ache for their "ain country." A reading, Saunders McGlaslin's Courtship, given by Major Weeks in his own inimitable way thoroughly delighted the audience and was greeted with roars of laughter. A duet by Mrs. Morehouse and Professor McIntyre was also very pleasingly rendered, their voices blending very sweetly. Miss Ruth Ryan, Miss Boyver and Mr. Arthur Bruce each contributed a solo, all of which were greatly appreciated. Readings by Miss Bertha Gorman fully sustained the excellent reputation she has won in Charlottetown and elsewhere as an elocutionist.

After the intermission the "Dream of Fair Women," a reading in tableau, was put on. It was a beautiful production, the fair women of the poem being shown very effectively in spot-light. The "reader" was Mrs. James McMillan, the others taking part, being—Miss Eleanor Robertson as Helen of Troy, Mrs. A. J. Houle as Iphigenia, daughter of Theseus and Helena, Mrs. S. C. Moore as Cleopatra, Miss Dorothy Sutherland as Jephro's daughter, Miss Margaret Gillis as Rosamund, Miss Belle McKenzie as Queen Eleanor, Miss Flo. Campbell as Sir Thomas Moore's daughter, Miss Frances Moore as Joan d'Arc and Miss Helen Ross as Queen Eleanor. The entertainment throughout was a splendid success, without a weak number and every moment fraught with enjoyment. It closed with the National Anthem. The proceeds amounted to about \$70.
