

LOCAL BRIEFS

THE name of Rev. R. S. Crisp, Moncton, has been mentioned by a large Methodist church in Boston for pastor.

GRACE CHURCH through the 20th Century Fund Movement will raise over \$2,000.00. Of this amount about \$500.00 is contributed by a few of the members of the First Methodist Church of this city.

THE Douglas Thomas which arrived in port yesterday morning will sail this morning having in tow the barge Grandee for Louisbourg. The Grandee has discharged a cargo of 1800 tons coal for Messrs Peake Bros.

MR. WETMORE who has for a number of years travelled for Bauld, Gibson & Co., and has very ably represented that firm in the eastern part of Nova Scotia and in Prince Edward Island, has lately accepted a position on the staff of Jones, Schofield & Co., St. John.

A VISITOR from Toronto to Charlottetown was recently shown the store and warehouse of Mr. R. T. Holman. He was much surprised at the immensity of the stock carried by that firm. Speaking to the Merchant about it, he spoke of the thousands of pounds of wool which were stored away and which had appreciated to the extent of several cents a pound since it was bought.—Maritime Merchant.

REV. D. B. McLEOD is meeting with encouragement in connection with the Century Fund. He preached to large congregations last Sabbath in Wood Islands, Murray River and Murray Harbor South and also at Little Sands on Monday evening.—Little Sands made a good beginning. Next Sabbath, 26th Mr. McLeod will address the congregation of Murray Harbor North at 10.30 a. m. Peter's Road 2.30 p. m. and Caledonia 6 p. m. Also Glen William, Monday 27th 6 p. m. He will consult with sessions and trustees at close of each meeting.

It was hoped that the Midland Railway would be opened by the end of the present year, but it is now apparent that it cannot be opened until next spring is well advanced. It is now proposed to extend the Railway to a point on the Straits of Northumberland. It will be seen at a glance what an important route is thus opened up. As the Hervey line will be in connection with the South Shore Railway, which has already been constructed from Yarmouth to Barrington Passage, a continuous line of railway going directly through the centre of the province from a point on the Straits of Northumberland to Yarmouth will be in existence. The amalgamation of these separate lines and an extension of the service to include a steamship service across the Straits to Prince Edward Island, will result in the building up of an important highway and a large traffic will no doubt be developed. As there already exists a frequent service of steamers between Yarmouth and Boston, this would open up a new route between the Island and Boston which would greatly facilitate travel.—Maritime Merchant.

Wildy Lodge No. 27 I. O. O. F. meets tonight at 8 o'clock. 2nd degree.

THE programme for Mr. Duncan Marshall's meetings for next week is as follows: Monday evening, Charlottetown; Tuesday, Kensington; Wednesday, Summerside; Thursday, O'Leary; Friday, Alberton; Saturday, Cornwall.

THE last issue of the Wesleyan contains the following: This Circuit has done finely for the Million Fund. Considering the heavy demands made upon our people for local enterprises during the past three years the response to our appeal agreeably surprised us. Very few refused to give. We expect to raise seven hundred dollars. Thus far the promises total six hundred and fifty dollars and appear as follows: Local affairs, three hundred and sixty dollars; Stockville University, fifty-five dollars; Missions, one hundred and nine dollars; Supernumerary Fund, fifty dollars, and the balance will be at the disposal of the Board. The public meeting held in October aroused much interest, and the laymen spoke effectively.—THOMAS HICKS.

UNDER the head of Market Review the Maritime Merchant says:—Now P. E. Island pork is now offered in small quantities and stocks are looking very well. There have been quite a large number of schooners in from the Island since our last report and even now quite a fleet is unloading at various Halifax wharves according as they sell their cargoes from day to day. The quality of the various commodities being sold this year is very good and as prices are somewhat lower people are inclined to purchase more heavily. Oats are selling at 35 to 36c., potatoes, 26 to 28c., turnips at 20 to 23c. Some new P. E. I. pork has come forward already and is very fine in quality, the quotation for which will be found under provisions. A large catch of very fine fat oysters is now supplying a very vigorous demand at \$3 to \$3.50 per barrel.
