Don't Hide Them with a Veil; Remove Them With The Othine Prescription.

This prescription for the removal of freckles was written by a prominent physician and is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold by McKinnon Drug Co., under an absolute guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength othine; it is this that is sold on the money-back guarantee.

The "Dazey" Churn is the Speediest Churn made

The "Dazey" is so constructed that you can make your butter in less than one quarter the time you can by using other old fashioned Churns. Just think of the difference between this churn and the old style dash Wooden Churns, that take at least one half hour, and sometimes an hour; While the Dazey makes best granulated butter in from three to ten minutes. Think of the labor in churning the old way. You are played completely out when you are through. The Dazey way, a child can turn it. Because it takes half the turning out of Churning. The Dazey is as easily cleaned as a tin pail, because the frame lifts completely out of the receptacle.

You need the Dazey for your health, for Economy and Convenience.

We have in stock three sizes with Glass body for those Churning from 1 pint to 1-2 Gallon. Price \$1.50, \$1.75 \$2.50 each. Large Sizes \$4.00 and \$16.00

We want to show this Churn to you. We want you to use one, and then you will appreciate its true worth in the saving of time and labor. You will actually say that churning is a PLEASURE.
