A concert and pie social will be held in the Hall at Hunter River on Monday, Feb. 17th. All lovers of music would do well to attend as a good program is in store. Admission cents, ladies with baskets free.

PRELIMINARY HEARING IN FOX CASE

(Continued from page one)

trees which had been felled and under them a soiled place in the snow which looked as if something in a bag had been laid there and it had been moving around. There was another track to that place but it was not a woman's. It looked like the mark of an overshoe or moccasin, but there was no means of identification. They went up to Jacob Murray's house. Those present there were Jacob and Mrs. Murray, Thomas and Mrs. Murray and Miss Murray. The witness then told that Mrs. Thomas Murray when she came into the house on Thursday was there but when they came in again from searching the barn she had met her down by the side of the woods. He asked her where she had been. She said she was attending to her own business, and he told her she went a long way to attend to it. The witness said that he met her on the eastern side of the railroad coming towards her own house. The plaintiff responded well with the tracks were. He became a little suspicious at the time. The witness said that he went out to the barn with Tom Murray. He told Murray he was against a hard crowd and that he was likely to be arrested for past offences and if he knew anything about this fox business he had better be ahead of Charles Burke. Murray strongly denied taking the foxes, saying that Chaffie Burke came to him and told him of a fox and he had ordered him to take the foxes. Witness said that Murray told him to wait till it got dark and they would go and search for the foxes. At seven o'clock they started. They drove along to the left of Murray's farm for about one quarter mile and then across about four farms until they came to a small wood. Murray said he did not think that was the woods Burke told him about. They went into another and searched for a while but could not find any foxes. Then they went in to the smaller one. After looking around for a while they found a bag with one fox in it. The fox had its head out of the bag and one fox had escaped. They took the fox to Jacob Murray's house and found Jacob and Frank Langille and Ed. Harbour, Frank Langille and Henry Gard came. The witness could not say for sure whether Mrs. Thomas Murray was around or not. Traps were then set for the other fox but it was not caught at that time. He had heard that it had been caught since. The woods where the fox was found was not Jacob Murray's and he could not say exactly whose it was. The witness, Geo. and Ed. Harbour and Frank Langille remained at Murray's till day light the next morning. This ended the witness' evidence and the case was then left over to come up for hearing again on Wednesday, Feb. 13th.

QUEBEC'S PREMIER GUEST AT BANQUET IN PARIS

PARIS, Feb. 11.—Sir Lomer Gouin, premier of Quebec, was the guest of honor at a banquet given last evening by the Franco-American Commission, which was recently incorporated with the object of developing and strengthening relations of all kinds between the United States and France.

FOR A BAD STOMACH PAPE'S DIAPEPSIN

Time! In five minutes Gas, Sourness and Indigestion is gone. Sour, gassy, upset, stomach, indigestion, heartburn, dyspepsia, when the food you eat ferments into gas and stubborn lumps; your head aches and you feel sick and miserable. That's when you realize the magic in Pape's Diapepsin. It makes such misery vanish in five minutes.

Extreme Case of Eczema

So quick to relieve the itching, so certain to heal the sores, it seems a waste of time to try other preparations in treating eczema and salt rheum when Dr. Chase's Ointment can be obtained. You may know of many cures brought about by this great ointment, for it has a record unparalleled in the history of medicine. This letter is a fair example of many received.

Mr. Wm. Angus, postmaster, Loggish, Man., writes: "My father was almost covered with salt rheum or eczema, and, though he doctored and tried almost everything he could hear about, he only got worse. Someone advised Dr. Chase's Ointment, which he used, and to his surprise and relief, after using three boxes, he was cured, and has never had it since. My wife was also cured of salt rheum on her hands by the use of Dr. Chase's Ointment, after other treatments had failed."

THE CENTRAL GUARDIAN

IT PAYS to buy in this Province.

ANOTHER LECTURE.—The lecture last night on Venice in the Salvation Army Hall, Charlottetown, by Major A. A. Bartlett, in aid of the poor, was largely attended. The views were splendid and the description of the various scenes painted a true picture of each. The Salvation Army are to be highly commended on their efforts to help the poor of the city. Their object is a worthy one, and is appreciated by Charlottetown people, as was evidenced by the large audience present. A vote of thanks, moved by Harold Jenkins and seconded by Harry Chandler, was tendered the lecturer by F. J. Nash of The Patriote, who acted as chairman. Mr. Bartlett replied in his usual pleasant manner.

ENTERTAINMENT.—One of the most enjoyable social events of the season took place last night in the Hertz Memorial Hall, Charlottetown, when the Ladies Aid of the First Methodist church, gave a supper to the men of the congregation. Special invitations were extended to all and about a hundred spent a pleasant evening at the hands of the ladies. The program was a varied one, the opening being a Pianoforte duet by Messrs. Thompson and Dennis, which was greatly enjoyed by those present. J. Webb Stanley sang in his usual splendid manner "A Sergeant of the Lines." He was followed by Rev. J. Heaney who made a few pithy remarks. The next was an address by Prof. J. D. Steel of Prince of Wales College on "The opportunities of Methodism." His address was characterized by a deep knowledge of the subject under discussion and was listened to with much attention. G. W. Moore and J. W. Stanley gave a vocal duet entitled "Excelsior." Major W. A. Weeks kept the attention of his listeners while he gave an excellent reading. Col. H. M. Davison delivered an address on "Our own Church." This was very interesting and instructive and certainly adds another laurel to the colonel's cap. Geo. H. Moore sang in excellent manner "The Cavalier's Song." He was followed by Geo. W. McPhes who delivered an address on patriots which was truly patriotic in every sense. S. Crabbe kept up the business men's side of the social. Geo. S. Inman in his own capable manner moved a vote of thanks for the ladies' which was heartily endorsed by John F. Wear. Geo. E. Hughes acted as chairman. The pleasant evening was brought to a close by singing God Save the King.

CHARLESTON, W. Va., Feb. 11.—Governor Glasscock, Adjutant-general Elliott and other state officers waited in the morning for information from Mucklow, concerning the fate of Sheriff Bonner Hill and 25 deputies of Kanawha county, who at an early hour were reported to be facing an angry mob of striking miners in the little mountain village. With Sheriff Hill and his men were Capt. L. Guy Levy and a small party of mine guards, as it was their belief that, armed as they are, they could maintain their position for an indefinite period.

Sheriff Hill today asked the governor for troops, but at the executive offices it was stated that no action would be taken until the details of last night's rioting had been received.

Significance is attached to the fact that two miles from the scene of last night's skirmish is located one of the largest camps of striking miners in the Kanawha coal field. Sheeting from the train attacked in the Chesapeake & Ohio railroad during the night was in the direction of the camp, and it was feared that if any of the women or children had been hurt, the sheriff and his men would be unable to restrain the men, as they outnumber the posse ten to one, and are said to be well armed.

WASHINGTON, Feb. 11.—Bent with her almost four score years, Mrs. Ella Newsome Trader, the "Florence Nightingale of the South," is living here in almost destitute circumstances in this city. Her only support is the small salary she gets in the Pension office and a government salary drawn by her one daughter.

Born in Brandon, May 3, 1834, Mrs. Trader inherited a fortune of practically half a million dollars. At the outbreak of the Civil War she went to the field as a nurse and organized hospitals, many of which she equipped out of her own funds. From her large plantation down in old Mississippi she donated flour, molasses, meats and groceries to the cause of the Confederacy. She has been married twice, the first time taking the name of Newsome. After the death of her first husband she married Col. W. H. Trader, commander of the Arkansas volunteers in the Confederate army.

Southern friends of Mrs. Trader expect room to begin a movement to ask patriotic people in Dixie to contribute an amount sufficient to enable her to live her last days without work.

OTTAWA, Feb. 11.—It is expected that in order-in-council will be signed transferring the mines department of the interior to the department of geology.

This change was foreshadowed when Hon. Louis Coderre was appointed secretary of state. The department of mines has done considerable moving. It was formerly under the minister of inland revenue. Under the present government it has been attached to the department of the interior. It now comes under the secretary of state. The department of mines includes the mines branch and the geological survey.

NEW HAVEN, Ct., February 11.—John P. Hayes, of Pittsburg, a Yale senior, lost his right eye in a game of hockey played on a ice in the Yale rink Saturday afternoon. During a scrimmage he was struck in the eye by the stick of a fellow-player and it was seen that his eye was so seriously injured that he left the game. He was taken to the New Haven General Hospital, where every effort was made to save the injured member.

It was deemed necessary, however, to remove the eye, and the operation was performed by Dr. Henry Ring, a specialist of this city.

THE LATEST FROM THE THEATRES

NEW ATTRACTIONS AT THE EDEN MUSEE. The management of the Eden Musee are always on the alert for new attractions to give their patrons. In addition to the very popular World in Wax, the Cinematograph de Luxe moving picture machine shows an entire new subject every hour commencing at 12 o'clock noon and continuing till 10 o'clock at night.

The subjects are comics, dramatic scenic and other scenes from all over the world and the pictures shown at this well known and popular place of amusement are conceded to be the finest shown in the United States, the management sparing no expense to give their visitors the best for their money.

In the World in Wax, a new life-like figure of the Gov. of New York, William Sulzer, has just been installed in the Edmundson Hall, together with a few groups of Washington entering Trenton, which is appropriate for the coming holiday. In addition to the above attractions, the Band Concerts render charming music every afternoon and evening and the stage attraction is Hewes, the great White Yogi, the clever magician and illusionist.

The Musee is specially adopted for women and children and there is always something of interest added to amuse and entertain them for a number of hours.

OLD FOLKS FIND NEW REMEDY RELIEVES ALL KIDNEY AND BLADDER MISERIES

Drives Rheumatic Pains Away, Relieves Backache and Bladder Disorders After A Few Doses Are Taken.

Sleep disturbing bladder weakness, backache, rheumatism, and the many other kindred ailments which so commonly come with declining years, need no longer be a source of dread and misery to those who are past the middle age of life.

The new discovery, Croxone, cures all such disorders because it removes the very cause of the trouble. It soaks right into the kidneys, through the walls and linings, cleans out the little filtering glands and cells, and gives the kidneys new strength to do their work properly. It neutralizes and dissolves the poisonous uric acid substances that lodge in the joints and muscles, causing rheumatism; and makes the kidneys filter and sift out all the poisonous waste matter from the blood and drive it out of the system.

It matters not how old you are or how long you have suffered, Croxone is so prepared that it is practically impossible to take it into the human system without results. You will find it different from all other remedies. There is nothing else on earth like it. It starts to work immediately and more than a few doses are seldom required to relieve even the most chronic, obstinate case.

It is the most wonderful remedy ever made for restoring the lifeless organs to health and strength and ridding the system of every particle of uric acid, and you can take it with the utmost confidence that nothing on earth will so quickly cure such conditions.

You can obtain an original package of Croxone at trifling cost from any first-class druggist. All druggists are authorized to personally return the purchase price if Croxone should fail in a single case.

Marc Klaw returned from Europe yesterday by the Mauretania. While in Berlin he arranged for the appearance of Miss Elaine Alder, the favorite of the German stage, and she will appear in one of his musical comedies next season.

In Vienna he secured "The Ideal Wife" by Franz Lehár, composer of "The Merry Widow," etc., for a New York production.

Mademoiselle Liane Held, the daughter of the famous Anna Held, is busy preparing to follow in the footsteps of her "Illustrious Mamma." While Liane is only sweet sixteen she has mastered the French, Italian, German and English language. Madame Anna is looking for a suitable piece in which both she and her daughter can star jointly.

J. C. Laurence was a welcome caller last week. He reports business fine for The Lorch Stock Co. at Passaic. "Jackie" also informed us that there will be no more Grand Opera for him. He was one of the members of a Wagner Matinee party given by Miss Louise Lamonte last Wednesday. J. C. solemnly vows that at the end of his second act his charming hostess had great difficulty in awakening him.

Madam Douglas is now a member of The Gaiety Stock in Hoboken, N. J., and is reported as making good. EDITH WARREN. New York, Feb. 10, 1913.

IN MEMORIAM. It is with much sympathy The Guardian notes the death at St. Peter's on the 9th inst. of Rose Ann, beloved wife of John Melsaac, in her 50th year. Her illness, extending over one year, was borne with that fortitude and patience to be found in the true Christian. She was the daughter of John Smith, Sr., of Georgetown. Her remains were laid to rest in St. Peter's Cemetery on the 11th inst. A disconsolate husband and three children, besides her father, one brother and three sisters, remain to mourn her sad demise.—R.I.P.

GENEVA, Feb. 11 (Special)—Dominique Hof, aged 71, the Czar's trusted and personal engine-driver, is dead in the hospital at Olten, his birthplace. Hof has served as engine driver from St. Petersburg via Moscow to Odesa for 40 years, and was placed in charge of every train in Russia, and even on short trips. He could have retired long ago, but would not until forced by illness. Hof was offered during his career large sums to wreck the Royal express, but he always refused the bribes. Some of them were made by the police to test his honesty.

PARIS, Feb. 11 (Special)—Normandy, Gasey, Langueoc, and Flanders are to be the names of the new French super-Dreadnoughts to be laid down this year. Two destroyers are to be called Ensign Roux and Chief Engineer Lestin, commemorating the deaths of two brave officers. Ensign Roux, safe himself when the Jena exploded, attempted to flood

THE DUBLIN ABBEY THEATRE, Irish Players come to New York again for their second engagement. The opening night at Wallack's. They will offer three new plays and a revival of some of the most important of last year's successes.

"The Old Firm," the whimsical comedy, in which that fine old actor William Hawtry is now appearing at Wallack's, is being well received. A peculiar little incident connected with this engagement is the fact that "The Old Firm" is the thirteenth offering at the above theatre this season. When Mr. Hawtry was asked if he did not feel some trepidation over number 13, he replied: "Quite to the contrary. Any number with three as one of its digits is lucky for me. Tonight is the thirty-third anniversary of my appearance on the stage, it is February third, 1913. There are thirteen pictures representing scenes from the play in front of the theatre."

CHANGES MADE IN DEPARTMENTS AT CAPITAL. OTTAWA, Feb. 11.—It is expected that in order-in-council will be signed transferring the mines department of the interior to the department of geology.

This change was foreshadowed when Hon. Louis Coderre was appointed secretary of state. The department of mines has done considerable moving. It was formerly under the minister of inland revenue. Significance is attached to the fact that two miles from the scene of last night's skirmish is located one of the largest camps of striking miners in the Kanawha coal field. Sheeting from the train attacked in the Chesapeake & Ohio railroad during the night was in the direction of the camp, and it was feared that if any of the women or children had been hurt, the sheriff and his men would be unable to restrain the men, as they outnumber the posse ten to one, and are said to be well armed.

WASHINGTON, Feb. 11.—Bent with her almost four score years, Mrs. Ella Newsome Trader, the "Florence Nightingale of the South," is living here in almost destitute circumstances in this city. Her only support is the small salary she gets in the Pension office and a government salary drawn by her one daughter.

Born in Brandon, May 3, 1834, Mrs. Trader inherited a fortune of practically half a million dollars. At the outbreak of the Civil War she went to the field as a nurse and organized hospitals, many of which she equipped out of her own funds. From her large plantation down in old Mississippi she donated flour, molasses, meats and groceries to the cause of the Confederacy. She has been married twice, the first time taking the name of Newsome. After the death of her first husband she married Col. W. H. Trader, commander of the Arkansas volunteers in the Confederate army.

Southern friends of Mrs. Trader expect room to begin a movement to ask patriotic
