## Health Run Down Housework A Burden

Nature intended women to be strong, healthy and happy instead of sick and miserable, but it is any wonder that when they are run down in health they become nervous and irritable, weak and worn-out, and the lightest household duties seem a drag and a burden?

Milburn's Health and Nerve Pills are a remedy that all nervous, tired-out, weary women should take to help them back to the blessing of good health, and when this is done their household duties will be a pleasure instead of a burden.
