## THE QUEEN'S COUNTY GUARDIAN

Head Offices in New Prowse Block—Charlottetown.

The latest news, first of all.

What is so rare as a day in June?  
O. Hennebury, Argyle Shore, was in the city yesterday.

Rollie Norman, the well known hockiest is in this city.

Mrs William Proctor, City, is spending a few days at Ebenezzer.

Bruce Proctor of this city returned home yesterday from a business trip to New Glasgow, N. S.

The Minto arrived in port last evening at seven fifty. She brought over twenty passengers besides one car of fertilizer and one car of mixed freight.

Gregory McKenna, son of Conductor McKenna, City, has been appointed to the Engineering Department of the Canadian Northern Railway in Winnipeg.

The Minto took seventeen passengers to Pictou yesterday morning and her outward freight was one car of barrelled pork and one car of mixed freight.

The nominations for the Stake Races to be held on the Charlottetown Driving Park during Exhibition week in September next close with C. R. Smallwood, Secty., today.

It was John McDiarmid of Marie, and not John McDonald who was convicted of an offence against the Prohibition Act on Monday last at a session of the court held at Morell.

Contributors to the Guardian who may send letters, poetry or other matter for publication and desire the same to be returned to them if not published, should enclose stamps sufficient to pay return postage. This also applies to news items.

At the exercises at Mt Allison closing Tuesday Miss Lois Taylor of this city contributed an essay on "Athletics." Miss Taylor is a graduate in Oratory. Miss Ruth Tombs of this city, completed the two year Bible course and merited a certificate.

The S. S. Harland will not go to East or West River on Friday and Saturday next, 3rd and 4th June, as she goes to Pictou to go on the Marine Slip for inspection and painting. Should she return in time she will make a trip to East River on Monday.

In Beer & Week's eastern window are a number of enlarged reproductions of photographs taken by Will S. Louson, City. These pictures are all well known to provincialists and in their enlarged style they are exceptionally good representations of scenery in the Garden of the Gulf. They are appreciated, too, to the full extent of their value in this regard, by the Canadian Pacific Railway who propose to use these photos for advertising purposes along their line. The direct benefit that will be derived by this province from the use of Mr Louson's artistic photographic work will not easily be ascertained, but it is certain that this sort of advertising will be attended with the best of results. It may be the means of attracting a great deal of tourist travel besides reminding Provincialists abroad of their homeland and engendering in their hearts a stronger desire for another visit to the land of their birth. Mr. Louson has done much for old P. E. I. in the past in this way and the adoption of the photos by the C. P. R. will be but another addition to a long list of good things done for the province.
