"We would not be without Chamberlain's Cough Remedy. It is kept on hand constantly in our home," says W. W. Kearney, editor of the Independent, Lowry City, Mo. "That is just what every family should do. When kept at hand ready for instant use, a cold may be checked at the outset and cured in much less time than after it has become settled in the system. This remedy is also without a peer for croup in children, and will prevent the attack when given as soon as the child becomes hoarse, or even after the croupy cough appears, which can only be done when the remedy is kept at hand. BRITISH OPINION ON CANADIAN INSURANCE. The endorsement of a home company and its methods by so staid and conservative people as those of Great Britain, must be regarded with pride by Canadians, who are sometimes apt to think of British Institutions as possessing the highest merits. It is a fact that the results being paid by at least one Canadian Company are considered on a par with those paid by the very best Companies either on this Continent or abroad. While comparisons are not desirable, it cannot be out of place to publish the opinions of two British Policy-holders of the North American Life. These letters, given voluntarily, express the views of men eminently capable of judging the results of their matured policies by the results of the best British Companies. At the present time they should be of special interest. 30 GROVE LANE, STAMFORD HILL, LONDON, N., 6th October, 1905. L. GOLDMAN, Esq., North American Life Assurance Co., Toronto. Policy 3150. Dear Sir, Yours of the 21st Sept. 1905, awaiting my return here. You will find enclosed the official receipt for the £100-1110 (107200) being the accumulated surplus which I have elected to receive in the £200 for which I am assured still remaining as a paid-up policy. I may here say how thoroughly satisfied I have been during the past twenty years that your methods of business have been sound and your dealings with the assured have always been that of the keenest intelligence and greatest courtesy. My confidence in your company has been a growing quantity, as for the matter of that, you could have seen by the way I have recommended your company to my personal friends, and that, as one entirely outside your paid or recognized staff, I hope it may be your privilege to maintain your present enviable position in this sphere testing time for Insurance Societies. I am, dear sir, yours sincerely, FRED. SMITH.
