

DISCUSS WORLD ECONOMIC CONDITIONS

British And United States Representatives Probe War Debts.

WASHINGTON, Oct. 6.—(A.P.)—British and American spokesmen discussed world economic conditions today as a prelude to their study of methods of solving the London Government's war debt problem.

VISIT PRESIDENT

With the time of the next meeting left indefinite, Acheson, Secretary of State Cordell Hull and Under-Secretary William Phillips of the State Department went to see President Roosevelt late in the day for a thorough discussion of the debt situation and to receive instructions.

Possibility arose that the British were not prepared at this time to make a definite offer for settlement of the \$4,465,810,000 debt, but will formulate their proposals as the study proceeds and they are enabled to determine American views on delicate points involved.

nations abandoning the political institutions which long centuries have helped to build up and adopting systems of government which we have believed to be alien to modern democratic thought.

"To the south, we see our great and powerful neighbor flinching at no experiment to find relief for their people. From day to day we all follow with anxious sympathy the efforts of our neighbors to shake themselves free from the troubles that have beset them. We all wish fervently for their success.

Farewell Reception

A very enjoyable function was held on Friday evening, Sept. 29th, when the members of Summerfield United Church gathered at the spacious home of Mr. and Mrs. George Mayne, Springfield to tender a farewell reception to Mrs. Elizabeth MacLennan and family prior to their departure for their new home on Fitzroy Street, Charlottetown.

Mrs. MacLennan and family were members of Summerfield Church choir during their stay in Springfield and as a recognition of services and support, an address was read by the Pastor, Rev. Mr. Loring, Kensington. They were also the recipient of a very beautiful Bible and sum of money which was presented by Mrs. J. A. Harding.

The evening was pleasantly spent in games and social intercourse. After the singing of "God be with you till we meet again", all departed for their respective homes.

The following is the address:—Mrs. Elizabeth MacLennan and Family: We have gathered here on the eve of your departure from us to express our deep appreciation of your faithful and talented support to our church during your stay amongst us.

Though members of a Sister Denomination you have shown a very broad Christ-like spirit and have been a tower of strength to us during the past year. We ask you to accept this Bible as a token of the affection for and appreciation of you.

We pray that God's richest blessing may go with you and that you may prove as great an inspiration elsewhere as you have been to us. Signed on behalf of the Congregation of Summerfield Church.

APPEAL AND CHANCERY CT. JUDGMENTS

Yesterday in the Court of Appeal in Equity judgment was given by Mr. Justice Arsenault allowing an appeal in the case of the Prince Edward Island Mutual Fire Insurance Company and John Andrew Hogg, executor of the last will and testament of Mary J. Simmons, deceased, complainants, vs. Oliver Best and Harry Best, respondents.

The appeal was from a judgment of the Master of the Rolls given on May 8th last, dismissing without costs a bill of complaint filed on Dec. 31, 1932. The action was brought to set aside a deed of conveyance given on May 5, 1930, by the defendant, Oliver Best to his son the defendant Harry Best as being fraudulent and void.

The judgment of the Appeal Court set aside the deed and allowed the appeal with costs in both trials. Messrs. J. O. C. Campbell and T. A. Campbell appeared for the appellants, Messrs. Nell MacLeod, K.C., and C. D. McCallum for the respondents.

In the case of Benjamin Irving vs. Willdian D. Irving, application to set aside a deed made by one, Robert Clouston to the defendant on Aug. 17, 1931, on grounds of incapacity, judgment was given by the Vice Chancellor setting aside the deed.

Messrs. S. S. Hessian, K.C., and K. J. Martin, K.C., appeared for the complainant, and Mr. Donald MacKinnon, K.C., for the defendant.

He was accompanied by Archbishop Sinnott of Winnipeg, a former Islander. While absent from the province His Excellency was present at a gathering in Quebec of prelates from all over Canada. His Grace Archbishop Sinnott while on the Island will visit relatives. He will preach at St. Dunstan's Basilica Sunday evening.

A MORAL DUTY

Committee discussion was featured by strong pressure for reaffirmation of the moral duty of all nations, whether bound or not by Minority Treaties, to extend benefits of those pacts to all minorities of race, creed and language.

British, French and Italian delegates assumed the leadership in this movement after a sub-committee of the economic commission had suggested a solution to the Jewish refuge problem by the appointment of a high commissioner to administer relief.

There appeared to be a strong opinion in favor of the adoption of a French proposal for reinstatement of an assembly resolution of 1922 under which all countries were requested to pledge themselves to accord the same equitable treatment for all inhabitants guaranteed by the nations signatory to the Minority Treaties.

known Germany had approached London and Rome, Count Heinrich Weizaecker, new German Minister to Berne and one of the German arms delegates, called upon American Ambassador-at-Large Norman H. Davis, informing him of the German position.

"We believe this is the right thing to do," said the German spokesman. The impression left with Mr. Davies was that the Germans intend to leave an open door for future disarmament negotiations which will be resumed with the arrival of Rudolf Nadolny, another German arms delegate, Sunday.

In speaking to Davis, Weizaecker officially employed the same expression used in earlier discussions, saying Germany did not want to be put on good behavior. He explained that Germany wants to be granted defensive armaments immediately and wants to see other nations disarm to her level.

ARIZONA ELECTS WOMAN TO U. S. CONGRESS

PHOENIX, Ariz., Oct. 6.—Arizona, one of the United States' last frontiers, has elected Mrs. Isabella Greenway of Tucson to Congress—for the first time in its 21 years as a State bestowing upon a woman one of its greatest honors. Mrs. Greenway led her nearest opponent, Dillworth Sumpter, Socialist, by a vote of nearly four to one.

Dr. Riddell pointed out the unemployment situation in Canada was such that the Dominion could not accept any obligations in regard to immigration.

At that time it was freely predicted he would not come out alive and he died today after spending most of his months behind the bars on a cot in the prison infirmary. Machray was 68 years old and cancer, from which he suffered for several years, caused his death.

The funeral will be held quietly and privately tomorrow. While arrangements have not been fully completed the service will be conducted by Rev. Henry D. Martin, pastor of St. George's Anglican Church, and burial will be in St. John's Cemetery. Machray's defalcations almost depleted the endowment funds of the Church of England but the church officials declined to press charges against him.

Suicides Rather Than Face Robbery Charge

(Associated Press) CHICAGO, Oct. 6.—The suicide of Edgar B. Lebensberger, 43-year-old impressario of the 225 Club, prominent bright life spot, today was followed by the announcement from United States Attorney Dwight H. Green that Lebensberger had been named in nine secret indictments charging complicity in a \$500,000 mail robbery here.

Six hours after the night club owner's pajama-clad body was found in his fashionable home, John (Boss) McLaughlin, minor politician, was arrested in his restaurant on North Clark Street on similar indictments.

Police announced Lebensberger shot himself to death.

BELLEVILLE WOMEN NOT INTERESTED IN EVEN FREE CORSETS

BELLEVILLE, Ont., Oct. 6.—Feminine relief applicants are in for a new deal or something in Belleville. A gift of some four or five hundred corsets was made to the central relief office, and at present large stacks of boxes are awaiting distribution, but little interest is displayed by those who call at the office. The garments were the gift of a salesman who found part of a shipment were slightly damaged in transit, but apparently the ladies who want assistance believe in the natural figure.

Leaves To Take Part In "Hub" City Road Race

Johnny Paul, noted runner of Springhill Jet, who has been training for some time in Rocky Point, left this morning for Moncton, N.B., where he will take part in the Moncton Olympic Club five-mile road race to be held on Thanksgiving Day. During his training, Johnny Paul has done the five miles in 28 minutes and 7 seconds. He is expected to return to the Island on Wednesday. About twenty-seven entries have been received, but no runner from Prince Edward Island has entered the list.

sages of the Wolmer Resolution could be eliminated and the final vote could be made on whether the caution being exercised by the government was approved. He proposed leaving the matter in abeyance until a joint committee of parliament working on the framing of Indian Legislation had finished its task.

Lord Lloyd entered the discussion with the statement that "if we lost India, the Empire will go."

"If India loses England, he continued, "she will have chaos, anarchy and destruction within 10 years." P. J. Hannon asked the reference not to embarrass the men at the wheel, but met frequent interruptions which included cries of "rot" and "rubbish."

DAUGHTERS AND FATHER UNITED AFTER 4 YEARS

(Canadian Press)

PORT OF SPAIN, Trinidad, Oct. 5.—An American father's long fight with the Venezuelan Government for the custody of his baby girl had ended tonight and they were on the way home together after a four-year separation.

When James Welch, United States oil driller, stepped aboard a Florida-bound aeroplane with his daughter he had won one victory. And he was laying plans for another, in a \$600,000 suit which he says he has brought against the Government of Venezuela for wrongful imprisonment.

The oilman claims he was jailed for six weeks when his child was taken from him four years ago after his Venezuelan mother had disappeared. On his release, he said, he began his campaign for the child's recovery. For four years it was futile.

The Venezuelan Government refused to give up the baby, and his efforts to secure action through the United States Government was unsuccessful. Finally, according to Welch, official Washington took cognizance of his claims after the Roosevelt Government's advent.

As a result, the girl was released into her father's custody and brought to Port of Spain. Welch flew from Florida to meet her here; and they set out together for home, reunited after the long enforced separation.

At The Forum Last Night

Last night's Community Carnival drew an attendance of nearly 500 which was exceptionally good considering the disagreeable weather. The hockey boys were introduced by Mr. Grant Gregory in the early part of the evening and were given a splendid welcome.

At 10.15 Arthur Richard expert acetylene welder of the C. N. R., gave a most interesting demonstration which was under the control of Jack Cameron of the C. N. R. and William Cameron an assistant.

Richard cut through a six inch pipe with his torch easily; then attacked the old safe of the Victoria Hotel which had with great difficulty being placed on the stage. His torch cut through like a knife and he proved how quick a burglar or "safe cracker" can get at the contents of the best safes.

The door prize was won by Ira Brown. Ira marched off with a bag of high class flour. Tonight the door prize will be a ton of coal which has been generously donated by C. Lyons and Co. The management has decided to change the program Monday evening, Thanksgiving night to boxing and will have very attractive bouts.

Conservatives And Labor Take Opposite View

(By The Canadian Press) MONTREAL, Oct. 6.—The two leading political parties of Great Britain—Conservative and Labor—took opposite views Friday of the long vexing problem of what to do about India.

The Labor Party, meeting at Hastings, openly demanded the release of Indian political prisoners in a resolution which criticized the policy pursued by the Government.

The Conservatives, meeting at Birmingham, dealt the die-hards of that group a blow in passing an amendment which approved the course taken. This includes the withholding an announcement of what the United Kingdom intends to do until the joint Parliamentary Commission which is drawing up legislation for India makes a report.

WILL CONSIDER REBUILDING OF PIER TWO

Cabinet Council to Meet in Ottawa Today to Discuss Matter.

(Canadian Press)

OTTAWA, Oct. 5.—Cabinet Council is expected to take under consideration tomorrow a recommendation that Pier No. 2, the \$1,500,000 structure on the Halifax water front recently damaged by fire, be rebuilt at once.

Col. E. O. Phinney and J. L. Hetherington, heads of the Halifax Harbor Commission, have been in Ottawa for several days discussing this situation with Hon. E. N. Rhodes, Minister of Finance and representative of Nova Scotia in the Cabinet, and Hon. Alfred Durand, Minister of Marine.

Essential Unit The recommendation, it is understood, is that the damaged pier is an essential unit of the Harbor equipment and that its reconstruction should be undertaken immediately apart from any other harbor work that may be pending.

Announcement was made some months ago that pier B, the remaining unit required to round out the new ocean terminal facilities in that city, would be proceeded with this fall.

The two piers, however, are said to serve entirely different requirements and the great storage facilities provided in the damaged structure are needed to handle the heavy traffic which goes to the Nova Scotia port during the winter months.

The foundation and first floor of the giant pier remain intact, the damage to the upper structure amounting to some \$700,000. An inquiry into the origin of the fire is now in progress.

Medical Attention For Unemployed Is Discussed

(Canadian Press)

OTTAWA, Oct. 6.—The Dominion Government is in entire accord with the movement to secure adequate medical attention for those who are forced, to subsist on unemployment relief, but the administration of such additional assistance lies with the provincial governments. This was the tentative answer given a delegation of the Canadian Medical Association today by Prime Minister R. B. Bennett, but it was not his last word and a statement covering the whole situation is expected tomorrow.

action would be reached through negotiations covering a number of points of difference requiring time to adjust. The situation at the moment is this: Russia desires diplomatic recognition and credits which would enable her to make purchases of goods she needs, amounting according to a figure given by M. Litvinoff, Commissioner of Foreign Affairs, at the London Conference to \$1,000,000,000.

American, upon her part, desires to recognize Russia because here is a De Facto Government and because diplomatic relations with her opens up the way for full and profitable commercial relations.

This followed a continued tirade by the defendant during which he charged the court records had been falsified and assailed the police as "incompetent."

An Outrage His parting remark as he was taken out the door was: "I want to save my head—this is an outrageous sentence already is fixed."

A short time later he called Police Commissioner Heilig a liar after telling the court a document frequently being referred to was falsified.

Dimitoff charged detectives had made marks on a map of Berlin found in his library which showed the Reichstag building, the Dutch Legation and the palace marked with crosses.

"In view of my great experience gained in preliminary hearings, I charge that the crosses were made by detectives," he declared. "I assume full responsibility for this charge."
