S., Miss Frances Hennessey, Mrs. Arthur Murray, Mrs. Kay Gallant, violin solo by Miss Kathleen Hornby, and comedy solos by Mr. J. Austin Trainor. Accompanist for the evening was Miss Marion Dougan.

"New Canadians" Enjoy Social Evening Here Sponsored By Kinsmen

Another in a series of "Get Acquainted" parties for new Canadians was held in the Clover Club at the home of the Charlottetown Branch of the Canadian Legion last night. The get-together was sponsored by the Kinsmen Club of Charlottetown and was attended by over 50 immigrants from war-ravaged countries of Europe who are seeking to re-establish themselves in their newly adopted country. According to one of the delighted new Canadians at last night's party, "if the get-togethers do nothing else other than give us an opportunity to renew friendships, discuss common problems and exchange information on they are well worth while and greatly appreciated."

Prime movers in providing the "At Home" atmosphere to new Canadians are members of the Citizenship Council who have interested service clubs and other organizations in providing an evening of entertainment and welcome to the future Canadian citizens. Coming from such countries as Poland, Yugo-Slavia, Czechoslovakia, Germany and Holland the new Canadians mingled freely and showed a common understanding as they themselves took an active part in the entertainment.

Members of the Citizenship Council expressed deep appreciation to those who have so generously opened up their homes to take in and train the immigrants in the Canadian way of life. They also paid tribute to the thoughtfulness of the various service clubs and organizations in making possible entertainments and get-togethers and also providing, in some cases, clothing and other necessities of such organizations did much to make the newcomers feel "at home" in an otherwise strange country.

Entertainment during the evening included solos by Miss Mary Campbell, Mr. Stanley Lancaster, and Mr. Karl Papesch, Polish dances by Miss Helen Curia were also greatly enjoyed. Pianist was Miss Louise Cox, Albert Blanchard and members of his Orchestra furnished music for dancing. Officers and members of the Citizenship Council are as follows: President, Mrs. J. B. Murley, Vice-President, Miss Iphigenie Arsenault, secretary, Miss Maylene Boswell, treasurer, Mr. Arthur Bruce, Executive, Mrs. W. J. P. MacMillan, Mrs. Gordon Ives, Mr. Putnam, Mrs. S. G. Peppin and Mrs. J. A. Lawson.

A list of "new Canadians" and their employers follows: Milorad Bjeleicvic, H. A. Mutch, Earncliffe; Mr. and Mrs. Zesemierz Balbuza, Val MacDonald, Winslow; Louis Cox, Albert Blanchard and R. C. MacPhee, Belfast; Franciszek Cincio, Edward Czajar, Earncliffe; K. Cemke, Mr. Godfrey, Marshfield; Mr. and Mrs. Leon Darozewski, John A. MacLean, Beaton's Mills; Dmitar Gracov, Wm. Bears, Belle River; Wladyslaw Galczynski, James Cain, New Perth.

New Co-op Store To Open Soon At Cherry Valley

The new Cherry Valley Farmers' Co-operative store will be open for business at 2 p.m. on Saturday, April 30, it was decided last evening at an enthusiastic meeting with an almost complete attendance of members. Mr. Mossman Jones has been engaged as manager. Mr. Jones was formerly with the R.A.F. and married Miss Estelle Mutch. The meeting was addressed by Mr. J. G. Dennis, managing director of the Prince Edward Island Co-operative Union and Mr. Leo P. Molsaas, Department of Agriculture, and the opening plans were finalized.

The new two-story building, which has been recently completed, is approximately 30 x 60 feet and includes an apartment for the manager. The business will include groceries, farm supplies and farm produce. OPEN DISCUSSION - Continued from page 1. psychology in this matter. Continuing, Dr. Shaw announced that, under the new legislation allowing the government to employ "specialist" teachers, a D. P. fluent in Polish, French, German and Dutch, has been engaged to visit the 80 D.P.'s on the Island, to give instruction in English. The necessary books will be provided by the Office of the Secretary of State. Dr. Shaw also appealed to teachers to give all the help they can to these D.P. and also the Junior Farmers who may require instruction in night classes.

Other announcements made by Dr. Shaw included the dates of Matriculation Examination to Prince of Wales College as June 27-30; the study groups for teachers on Gages' Basic Readers planned for the spring is postponed until fall; Summer School will be possible again for students with proper academic qualifications and some teaching experience; a new test book on health will be used next year and courses in agriculture will be available on May 15.

New Techniques - Speaking on the three new techniques "which may revolutionize the atmosphere of rural schools," Mr. H. Bramwell Chandler, M.A., B.Sc., recounted the increasing value of school libraries, and visual and audio aids in the classrooms. Mr. Chandler answered the common criticism towards innovations, that the curriculum was already overcrowded, by pointing out that a curriculum is flexible and that the new methods, when mastered, eventually relieve this condition. "The job of the teacher is to give all the children a fair deal, and to do this, below-the-average children must be taught by visual aids rather than language."

Fifteen years ago there were not the teaching services that there are today. "As far as libraries go, I believe that in quantity and quality, Prince Edward Island leads Canada with 58,000 books loaned last year to 852 classrooms from the Central Library alone," declared the speaker.

Urging that the "dulled view of adults should not be allowed to interfere with the child's fresh view," Mr. Chandler showed how a recent film on the opening of Parliament could open a child's imagination to the wonders of our heritage and the "divics" of the schools.

Teachers' Banquet - Some 230 teachers and guests enjoyed the annual banquet of the Federation at the Charlottetown last evening. Entertainment included musical items by Miss Mary Gillis, Alberton, who sang Brahms "Cradle Song" and "Santa Lucia," Mr. Stanley Lancaster's "Duna," "The Drummer and the Cook" and the "Green-eyed Dragon" were enthusiastically received and Mr. Frank MacIntyre sang "Bless This House" and "One Fleeting Hour." A sing-song, conducted by Mr. Royston Murgford, who also accompanied the soloists, was enjoyed by the entire company. Mr. Lancaster also assisted with the sing-song.

EARLY CAPITAL - Montreal was the capital of Canada from 1844 to 1849.

Preparing For Sitzings Of Transport Commission

While no dates have been fixed for the sittings of the Royal Commission on Transportation which will be held across Canada some time this summer, Provincial officials are busy preparing for the Commission's visit to Prince Edward Island. Council from the three Maritime Provinces and Newfoundland will attend a conference of the Maritime Transportation Commission at Moncton on Friday in connection with the Royal Commission hearings. Messrs. J. O. C. Campbell, K. C. and W. E. Darby, K. C., will be present from this Province. A wire received yesterday from Premier Smallwood stated that Mr. Eric Cook, K.C., St. John's, would represent Newfoundland.

Y.M.C.A. Work In China Going Steadily Forward

Despite the many difficulties encountered in the economic and political situation of the country, work of the Y.M.C.A. in China is going ahead "by leaps and bounds," stated Mr. Merlin Bishop, national secretary of Y. M. C. A. vocational education in China in an interview here yesterday. Mr. Merlin, who returned from China in January after a fifteen years' stay, is at present on a tour of the Maritime Provinces addressing Y.M.C.A. groups and last night was guest speaker at the Y Grade weekly meeting. Tonight he will address the Y's Men's Club. He will return to Shanghai in December.

A native of the state of Georgia, Mr. Bishop previous to accepting his present position in 1934 with Y.M.C.A. was professor of vocational education at Fuku Christian University from January, 1936. The secretary of physical education in China is Mr. Earl Buckley, native of Saint John, N. B. Shortage of teachers and equipment is the main difficulty being met with in the vocational education courses. Mr. Bishop said, but he was hopeful of being able to obtain equipment in the United States before returning to his post. Classes are now operating in Shanghai, Nanking, Chungking, Kunmin and Tainiao. Chinese people are very much interested and an example of this was shown when fifteen minutes after registration had opened in Shanghai, classes were all filled and even when classes were doubled all applicants couldn't be taken care of.

Photographs showing the work being carried on by the pupils in combatting the equipment shortage—pistons, gaskets, wrenches and fenders, being turned out from scrap sheet iron while station wagons are being modified from discarded weapons carriers that were in use during the China-Japanese war.

Fantastic Currency - The economic and political situations of China are bad, Mr. Bishop stated. The economic structure has broken down almost completely since the start of the Japanese invasion in 1927 and Japanese became even worse with the advent of the Civil War. Chinese currency in 1937 had a ratio of 3.30 to one United States and Canadian dollar but the nation's economy has now reached a fantastic stage. A United States dollar is now worth one million seven hundred and eighty thousand dollars in Chinese currency, and that despite the fact that an attempt to halt inflation now in progress was issued in September 1948 at a rate of 4 to 1. This move was of no avail due mainly to the fact that the people have no confidence in Chinese money.

Mr. Bishop gave examples of where Chinese currency is being carried for a trip from Fu-Chow to Shanghai (weighed 20 lbs. worth 87 million dollars). In connection with travelling he also stated that a one-way ticket only could be purchased. The traveller had the alternative of either forwarding the amount ahead of him or else carrying it with him; and the former method was out of the question when the remittance rate was set at 45 per cent. Postage was another item affected with a letter from West China to Shanghai costing in the vicinity of \$700.00.

Engulfed by Communism - Turning to the political condition of the country Mr. Bishop stated that the Communists now control slightly less than 80 per cent of the country and are fast getting control of the remainder. The Chinese people have lost faith in the Central Government, he stated, and while not Communists themselves are turning to Communism, as the lesser of two evils. Communism got its foothold in the country in 1922, when Russia had responded to an appeal for funds to aid in the revolution that was being carried on by Gen. Yu Shai Sen who had formed the Chinese republic in 1911. Russian advisors had been taken in at that time.

Y.M.C.A. work is being carried on steadily however, Mr. Bishop said. Buildings which were damaged during the war are being rebuilt and various programs are surmounting the many obstacles that have been and are still before them. Given the necessary experienced teachers and equipment the vocational education program will prove highly successful, as the Chinese are apt pupils, while the religious work, boy's work and physical education programs are likewise meeting with success.

Mr. Wood, who is himself totally blind, has been with the Institute for seven years. He has travelled extensively in Ontario and Quebec in connection with social work in those Provinces. "We hope by having an office in Charlottetown," Mr. Wood stated, "to bring the services direct to the people here". He estimated that there are 150 to 200 cases here to which the Institute could lend assistance. Mr. Wood will be joined here later by his wife and two year old baby.
