NOTICE—WILL THE PARTY WHO TOOK A BLACK VELOUR HAT BY MISTAKE FROM ST. DUNSTON'S CHURCH

On motion of Premier Bell the House went into committee with Mr. C. McArthur in the chair for second reading of an act to vest the Dalton Sanatorium in the Provincial Government.

Proceedings of the Provincial Legislature

Provincial Legislature, March 28th Evening Session

After recess the House in committee continued the second reading of the Motor Vehicle Act, with Mr. E. T. Higgs in the chair and all the members present except Hon. J. J. Johnston.

Mr. J. D. Stewart moved the necessity of imposing a penalty heavy enough to act as a deterrent card to the seriousness of the offense but pointed out that it would not do to infringe upon the criminal law by imposing additional penalties or jail sentences.

Hon. Mr. Hughes said the federal government had already fixed penalties for first, second and subsequent offenses of this kind and it would not do to infringe upon federal powers by imposing additional penalties or fines.

Mr. Speaker Duffy thought this was too heavy a punishment as it amounted to the loss of a whole season's motoring. The present maximum penalties of thirty days for first offense, three months for second offense and one year for third offense were fairly heavy.

An Accidental Jag

There might, Mr. Duffy suggested, be such a thing as a man getting into an automobile and driving it accidentally. He had heard of such cases.

Mr. LePage and Hon. Mr. Croft maintained that six months' cancellation of license even for an accidental offense was a punishment too severe.

Hon. Mr. Higgs moved, seconded by Hon. Mr. Nash that the driver of a car be penalized for first offense, sixty days' cancellation of license; and six months' cancellation for second and subsequent offenses.

Mr. Hessian Indignant

Mr. S. S. Hessian today contended that by putting such a measure into effect the government would be taking the automobile people's money and chasting them with a whip.

Mr. Hessian said he had been told that a man who had been driving a car for a number of years had been told that he was not to be treated with a little leniency. The hon. Commissioner of Agriculture and Public Works drive around in government cars at the expense of the people.

Mr. C. McArthur supported the movers of the resolution and argued that a drunken driver might consider himself lucky to get off with two months' cancellation for a first offense, in lieu of going to jail.

The motion put to a vote was declared carried by the chairman. Mr. Hessian maintained that the "gags" had it. The chairman promptly called upon the "nerts" to stand and Mr. Hessian, in solitary dignity, arose amid the laughter of the House and was "counted out."

After some further amendments to the Motor Vehicle Bill, was passed and ordered to be read a third time tomorrow.

Committee To Consider Pensions Matter

(Special to The Guardian.) OTTAWA, Ont., March 29.—Notice has been given that the Prime Minister will move in the Commons tomorrow that a special committee be appointed to consider questions relating to the pensions of returned soldiers, and an amendment to the existing laws in relation thereto which may be proposed or considered necessary by the committee.

Mr. Dalton had led the matter by introducing his bill into the House. The selection of the site at Whitehorse was most unfortunate and what made the matter worse was the poor water supply in the matter of the dam.

Nothing to Work On

Again, a little over a year ago a joint delegation composed of two members of the Sanatorium commission, made a pilgrimage to Ottawa with respect to this matter. Last session reports in writing were submitted to the House.

Mr. Dalton today moved that a special committee be appointed to consider questions relating to the pensions of returned soldiers, and an amendment to the existing laws in relation thereto which may be proposed or considered necessary by the committee.

May Dispense With Military Camps

(Special to The Guardian.) OTTAWA, Ont., March 29.—It is a question of some doubt whether military training camps will be held this year. The estimates provided a vote of \$1,400,000 for the purpose and if this is approved, the money will be available, but the Militia Council has not come to any conclusion. If camps are held as all they will be very limited.
