Over 600 English schools sponsor Boy Scout Troops or Wolf Cub Packs.

During 1937 Imperial Headquarters of the Boy Scout Association dealt with 150,534 letters.

"An important group of men such as you help to keep order in society."
...Mayor Adhemar Raynault of Montreal, addressing Quebec Scout leaders.

The newest section of the Boy Scout Movement, the Deep Sea Scouts, now numbers Scout groups on many ships of the Royal Navy and the Royal Merchant Marine.

Czecho-Slovakia is one of the most enthusiastic Scouting countries in Europe, with a total of 25,326 Boy Scouts in 1937. There are also many thousands of Girl Guides.

The saving from drowning of a man, a lunatic, who was attempting to commit suicide in the Canal Basin at Chichester, was the unusual rescue feat of a 17 year old English Sea Scout, Patrol Leader Everitt of the Southbourne Sea Scout Group.

A report on the annual Poppy Day work at the Lady Haig Poppy Factory, Scotland, records the collection and contribution by Scottish Boy Scouts last year of 239 bags of moss for use in making of wreaths. In order to increase the contribution this year the Scouts are to be asked to take bags and collect moss during their summer camping.

The King and Queen will again, as last year, review the thousand representative Boy Scouts from all parts of England who will assemble in the quadrangle of Windsor Castle on Sunday, April 24, prior to the annual Boy Scout National Service in St. George's Chapel. The service is in commemoration of St. George as the Patron Saint of Scouting.

A snowshoe hike to the top of Mount Orford, 2,800 feet, was a March feat of the 1st Magog, Que., Troop.

"The Boy Scout movement brings home to the youth of the land the principle that they must learn to obey before learning to command."
... Mayor Adhemar Raynault of Montreal.

"Personally, I know of no other organization or movement that is doing such a splendid work in training young men to be good citizens."
... V.C. Wansbrough, headmaster Lower Canada College.

Compulsory disbandment, as in the Boy Scouts of Germany, Italy and Russia, is now faced by the Boy Scouts of Austria, as a result of the absorption of that country by Hitler. Dictators have no use for youth organizations whose principles include international friendship. The world Scout census of 1937 gave Austria 10,466 Scouts and leaders.

India's first big Safety First Week was recently organized and carried out by the 50,000 Boy Scouts of the Punjab. The program included the carrying of banners and slogans, and singing to attract crowds, to whom the necessity of simple traffic rules was explained. Groups of Scouts taught hand signals to drivers of carts, while others in the country walked along side camel and mule drivers on their way to the cities, explaining and arguing the importance of traffic regulations. A difficult problem for many young Scouts was the task of persuading their immediate elders of the necessity of road laws. In some towns and villages the campaign was taken in good spirit, in others the Scouts at first were laughed at, and lorry and tonga drivers gave the boys abuse. Unexpected help was given by gangs of small children, who went about chanting the Scout traffic songs and slogans, as a species of new game. Other Indian states are considering following the example of the Punjab Scouts and organising like Safety Weeks.

OPPOSE KANGAROO COURTS

WASHINGTON —(CP)— Following a complaint that a 16-year-old prisoner died from epilepsy in one institution after a "mock tribunal," the U.S. department of justice has put its foot down on "kangaroo courts" or the system of authority practiced by prisoners in some county jails.

In Memoriam

Mr. JOHN KELLY, LAKE VERDE

March 19, 1938, will ever recall sad memories to the family and many friends of the late Mr. John Kelly, who died at his home after a brief illness in the 86th year of his age.

The late Mr. Kelly enjoyed good health until a couple of months ago, when sickness forced him to retire from active life. During his short illness loving hearts and willing hands did all they could to stay the, Grim Spectre but to no avail, for the Divine Master had marked his time and in the early morn of the great Feast of St. Joseph, his Maker called him to celebrate that Feast in Heaven.

The deceased was a highly respected citizen and successful farmer of Lake Verde where he lived all his life. He was of a quiet gentle nature, peaceful and religious and will be sadly missed in the family circle but we feel confident that by his truly christian life he is now reaping the reward of his long life well spent.

He was attended during his illness by his pastor the Right Reverend Monsignor McDonald, who also sang the Requiem Mass and performed the last sad rites at the grave. The numerous Mass cards and Spiritual Bouquets are proof of the esteem in which he was held. Left to mourn are two sons and five daughters: Harry, Pius and Gertrude at home Mrs. Mark Brazel, Johnston's River. Mrs Patrick McKenna and Miss Sadie Kelly Malden Mass. Sister Saint Egidius Lewiston Maine.

The pall bearers were Messrs Edwin Brazil, Owen Callaghan, Joseph Redmond, William Redmond, John Shea, Lewis Trainor.

Heart felt sympathy is extended to the family members and other friends in their bereavement and loss. May his soul rest in peace!

RECALL HEROES OF BIRKENHEAD

HERMANUS, South Africa, April 5—(CP-Reuters)—Eighty-six years after the event, a memorial plaque to the soldiers and crew who perished in the wreck of the troopship Birkenhead has been unveiled on the lighthouse at Danger Point off which the ship went down.

The unveiling ceremony was performed by Vice-Admiral Sir Francis Tottenham. On the top of the plaque is a circular relief, showing the ship sinking, her decks lined with troops in unbroken ranks as the water closes in.

The ship, carrying reinforcements for Cape Colony troops struck a sunken reef approximately 11 miles southwest of the point. Nine officers, 349 other ranks and 87 of the ship's company lost their lives. All women and children were saved in the boats.

The soldiers fell in on deck and stood firm as if on parade, all going down with the ship. To attempt to make the boats would have imperilled the chances of the women and children.

PIUSVILLE W. I.

Fourteen members of the Piusville Women's Institute met at the home of Mrs. William Gallant. Meeting opened by repeating Our Father, followed by the roll call which was answered by a "Lenten supper dish". The minutes of the previous meeting were then read. Treasurer reported $11.05 on hand. All committees reported satisfactorily and new ones appointed are: Sick, Mrs. Peter Gallant and Mrs. Nelson Gallant; school, Mrs. John F. Gallant and Mrs. J. J. Corcoran; program, Mrs. Wm. Gallant and Mrs. J. J. Corcoran.

It was decided to make a quilt and buy a pair of blankets for two needy families. There will be a few games of bingo and also the drawing of the lottery at our next meeting. The next meeting will be held at the home of Mrs. Nelson Gallant, the roll call being "a useful article used in housecleaning."

Meeting adjourned.

Cardigan Head And Vicinity

Miss Margaret Douglas, Lorne Valley, is visiting her parents in the City.

Mr. Peter Nicholson, Cardigan Head, drove to Peakes Tuesday on business.

Mr. J. F. Curran, Stanhope Road, made a business trip to Montague on Tuesday.

Mr. Charles McLeod, Lorne Valley, was among the recent visitors to the City. —C.

Miss Isabelle McLeod is visiting with Mrs. John Mustard (Jr.) Cardigan Head.

Mr. John Mustard, M. L. A. Cardigan Head, spent the week-end at his home.

Mr. Chester Finalyson, City spent a few days of the past week visiting in Lorne Valley.

Mrs. Douglas, City, attended the funeral of her cousin, Miss Florence McLeod, at Lorne Valley.

The school in Lorne Valley is progressing favorably under the capable direction of Mr. Neil McCannell.

Mr. Harry McLeod, Cardigan Head, is quite busy getting the people's wood saved up and grain threshed.

Miss Ruth James who has spent the winter months in Lorne Valley has returned to her home in the Church Road for a short time.

Mr. Russel McAulay, Cardigan Head, was a visitor to Church Road during the past week the guest of Mr. Lloyd James.

Many people in Lorne Valley district are suffering from severe colds quite a number being confined to their homes, but we hope to see them about soon.

The many friends of Mr. Earl McDonald, marchant Lorne Valley, are pleased to see him about again after being confined to his home during the past week with a severe cold.

Our rural mail courier, I Jack McAulay, Cardigan, is making his daily trips on time despite the very bad condition of the roads. For the part week he has been obliged to use a wagon as there is very little snow to be seen in these parts.

As the days are lengthening many of the ladies in the vicinity are busily engaged in hooking, some have already finished several very lovely stamped and home made rugs.

During the part week the meat shop owned and operated by Mr. E. J. Redmond Cardigan, was entered by burglers in the early hours of the morning and a quantity of meat taken. The prowlers have not yet been discovered but investigations are being carried out.

No doubt many of us have heard of the goose that layed the golden egg but here is something just as startling, the goose that layed the freak egg. This egg measures thirteen inches in circumference at the large part and ten inches at the smaller and weighs one and a quarter pounds. The goose is owned by Mr. Joseph Trainor, Stanhope Road, and this freak egg can be seen at his home.

The death occurred at her home in Boston, Mass., Saturday, March 27th, of Miss Florence McLeod, former resident of Lorne Valley. The remains were accompanied home by her brother, Archie also her brother-in-law undertaker. Many friends met the remains at 48 Road Station on Saturday evening and accompanied them to Lorne Valley Church where they remained over night. Fuueral was held on Sunday afternoon services conducted by Reverend Owen Hughes, Montague.

The young people of St. Teresa's and Baldwin's Road have been quite active during the winter and spring months. A debate is held in the hall each week which not only beng a pleasant way to spend an evening is also profitable, as it encourages our young people in the way of public speaking. Study clubs have been organized in the community with regular meetings each week. The Dramatic Society is now busy rehearsing a new play to be presented at Easter. The members of the Children of Mary Society are busy at work on a home made rug to be lotteried in aid of the church.

Mr. Malcolm McAulay recently purchased a farm in Cardigan Head and is busily engaged in chopping and hauling lumber to erect new buildings as soon as conditions are suitable.—C.

Get Wise to Constipation!

When you're constipated, it's a great temptation to be satisfied with *quick relief*. But physics may become a habit. And they don't keep constipation from returning. It's so much better to get at the *cause* of the trouble.

If you eat what most people do, chances are the only thing the matter is *you don't get enough "bulk."* And "bulk" doesn't mean *how much* you eat. It means a *kind* of food that isn't consumed in the body, but leaves a soft "bulky" mass in the intestines and helps a bowel movement.

What to do? Eat a little Kellogg's All-Bran for breakfast every day and drink plenty of water. This crunchy toasted cereal is not only rich in "bulk"—it also contains the natural intestinal tonic, vitamin B_1. All-Bran is made by Kellogg in London, Ontario. Sold by every grocer.

"MY WISH"

If I'd my wish, and it could only be,
Here's what my wish would be,
Let's live again,
Just to erase, all the mistakes I've made,
I would not be afraid,
To live again.
Just one more chance, a chance for me to show,
I'd know the way to go,
Let's live again.
I would not stray, I'd choose the narrow way,
And I'd be glad to pay,
To live again.
I'd like to have, just one more chance on earth,
So I could prove my worth,
To live again.
There's many things, that I would like to do,
Before my life is thru',
I'd live again.
I'd like to change, my foolish boyhood days,
And make my work a praise,
Let's live again.
I'd try to show life's not a song and dance,
If I had but a chance,
To live again.
I know its wrong, but this is still my song,
I hate to say "so long",
Let's live again.

WILFRED MACDONALD

CANADIANS CAPTURED BY INSURGENTS

(By Andre Vincent Copyright 1938 By The Havas News Agency)

ZARAGOZA, Spain, April 3—(CP Havas)—George Cunningham, 25, of Toronto and Paul Dufour, 19, of Montreal—two of 13 Canadians captured by Insurgents on the Aragon front in the past week—described their civil war service to this correspondent today.

The 11 other Canadians captured on the Caspe and Alcaniz fronts—along with about 140 other English speaking volunteers, Britons, Irish and Unted States, were listed as;

John Groll, Regina; Ernest Mueller, Vancouver; Jules Paivio of Sudbury, Ont.; Walter Sidney, Simon Leslie Wilson, Isaac Matson, Percival Damsee, Frank Blackman, Percy James, Paul Burns and George Hill.

INTERNATIONAL BRIGADE

All of them belonged to the 15th (English-speaking) International Brigade, trained at Albacete. The Canadians were members of the MacKenzie-Papineau Battalion. They had been holding the Tarragona front in eastern Spain and were rushed last week to the Alcorz sector, where their losses, according to prisoners were heavy.

Cunningham said almost all volunteers "want to leave" Spain. He said they were "kept at the front without cease, always in the worst spots and because the Spaniards feared we would flee, we were closely watched."

Even those whose political ideals have not changed, he said, "are disgusted at the effort asked from us."

The 25-year-old salesman said he came to Spain 13 months ago through the intermediary of a committee for aid to Spain.

He travelled third class on the liner Ile de France from New York. "Like many of my comrades I had to cross the Pyrenees (from France) on foot and by night."

Dufour, who reached Spain about eight months ago, told his story as follows:

"I'm 19 and a native of Montreal. After being employed in the canteen, I was sent to the front about three weeks ago without having received military training. I was taken prisoner four days ago.

"All the men are exhausted. We had almost no trucks left and made forced marches. The supply difficulties are considerable, because of the diversity of armaments. One brigade has rifles of such-and-such type, its neighbor another type. We had Hotchkiss Colt and Maxim machine guns as well as various Russian, Czechoslovak and American models. The lack of homogenity of material is the great hindrance."

(The Associated Press quoted Paivio as stating he fell asleep at a roadside and awoke to find himself surrounded by insurgent troops. He served with the Government army for 13 months. Croll told the Associated Press he came to Spain last June while Mueller said he was a native of Switzerland. He reached Spain via New York and France two months ago.)

Among the United States citizens captured in Aragon fighting were: Matthew Dykstra, Los Angeles, Architect; Max Parker, New York; John Logan, New York; Richard Thompson, Newport, N. H., Edward Hodge, London, K.Y.; Maurice Conway, San Francisco, and Karl Queiser.

Among the Englishmen captured were:

Harry Edward Gaze, Dentist; Gorge Harry Hill, Bookseller; Douglas Copleston Eggar, student; Isidor Koenigsberg, professor; Peter John Whittaker, student; Clive A. C. Brauson, painter, and Philip Summers, accountant.

Run Down—Tired Out Only Weighed 96 lbs.

Milburn's Health and Nerve Pills are what weak, nervous, run down men and women need to help make them strong and well again.

They are a well balanced tonic for the treatment of those whose nerves are shattered, and for those feelings of faintness, weakness and dizziness caused by an overworked, run down constitution, or whose health is not up to par.

They help to infuse new life and energy into depressed, health shattered men and women who have come to think there is no relief for them.

Mrs. P. Broughton, Fenwick, Ont., writes:—"I was so run down and tired out all the time I did not care whether my housework was done or not.

I only weighed 96 pounds, but after taking three boxes of Milburn's Health and Nerve Pills I now weigh 122 pounds, and do my own work for eight in the family.

I only wish I had started taking H. & N. Pills a year ago."

Kra Canal An Alleged Fabrication

(By James A. Mills, Associated Press Foreign Staff)

KRA, Siam April 3— (CP)— By elephant, motorboat, train, automobile and afoot I have travelled hundreds of miles across and along the Isthmus of Kra in search of the storied Kra canal Japan is supposed to be building for Siam.

I can say that reports such a canal is being built are entirely fabrications.

(For years there hace been rumors Japan was changing the map of the orient with a scheme to put a canal across the narrow neck where Siam adjoins British Burma, shortening the route to Europe by many days and diminishing the strategic and commercial importance of Britain's oriental base, Singapore.)

Travels over the supposed site of this enterprise, which touched Chumpohn on the Gulf of Siam and Taplee on the Bay of Bengal, failed to reveal a trace of it. There was not a single Japanese officer, not a native workman, not a stone turned, not a spadeful of earth disturbed, not one sentry.

Instead of the canal there was a forest of coconut trees full of chattering monkeys.

Peasants of Kra expressed blank amazement when the supposed canal was mentioned. The district, largely infested by tigers and wild elephants, is hilly jungle land presenting insuperable difficulties to digging of a ship channel.

British, French and United States advisers to the Siamese Government pronounced such a scheme utterly unfeasible.

Youths Building Beacon Stations

WINNIPEG, April 2— (CP) — Six happy-go-lucky "steel monkeys" all in their 20s are erecting 120-foot steel towers across the western plains that the air mail pilots may be safe.

The towers are beacon stations for Trans-Canada Air Line pilots, constructed under the direction of the federal department of transport. They are vital links in the ground organization of the air service. Chief beacon builder is Oscar Swensrud, former Saskatchewan farm boy.

Four towers are needed at each of the 13 centres on the western section of the cross-Canada route.

The radio beam stations have been built at Vancouver, Princeton, Grand Forks and Cranbrook, B. C.; Lethbridge and Edmonton, Alta; Regina and Winnipeg.

Towers are going up at Maple Creek and Swift Current, Sask. Later Medicine Hat, Alta., Broadview, Sask., and Rivers, Man., will get beam stations.

CUT IMPORTED FILMS

CANBERRA (CP)—. During 1937 Australian censors cut 28 per cent of British and 16 per cent of United States films as "objectional."

Spring Outlook Promising in West

WINNIPEG, Man., April 15—Improved outlook over the spring of 1937 prevails in Agricultural areas of Western Canada according to reports received by wire today from agents of the Canadian National Railways in the three Prairie Provinces. Three factors contributed toward more favorable pre-seeding moisture conditions for the coming crop year. A heavier fall precipitation a snowfall 50 per cent greater than the previous winter and spring rains and a blizzard of record proportions toward the end of March have combined to create optimism in the three provinces. Because of the early thaw rains and snows of March itself one of the warmest months on record found a particularly retentive soil.

Proof of the heavier winter snowfall is to be found in the burst spillways of dams recently erected in Southern Saskatchewan to conserve spring run-off and in the definite increase in impounded waters over much of the former drought area, however, is the fall precipitation of the previous year following removal of the crop. Most of the moisture occurring then depleted neither by weed growth nor evaporation has been held available for germination.

Manitoba with normal fall precipitation and normal or above normal snowfall secured an additional inch of rain at the end of March to make the present outlook as promising as any for many years. Sub-soil moisture is still deficient in Manitoba's restricted drought area of 1937 but reports indicate a satisfactory moisture condition for germination.

Farmers of Saskatchewan are for the most part reported to be justifiably optimistic concerning moisture conditions for early spring growth. Moisture for last fall was better than for several years especially in the southwest. Central and southwestern sections dry last fall with a few exceptions received good winter snow falls. Alberta moisture from August to mid-February was 18 per cent above normal for prairie sections of that province with the recent blizzard increasing this considerably in the southern area.
