Why Be Penny Wise and Pound Foolish in Feeding Fox & Mink?

When you feed so little cereal and Ross-Miller food costs only a few cents more per 100 lbs., why risk poor breeders and poor pelts with cheap feeds?

The richer vitamin content of R-M Vita Crumbla is the biggest factor in bringing better pelt prices. You'll make more money feeding R-M Foods. Write for new feeding schedules. Ross Miller Biscuit Co. Limited, Napanee, Ontario.

Exciting Tale Of Noted "Mounties" At Prince Edward

"Heart of the North," the Warner Bros. production in Technicolor which opend at the Prince Edward Theatre yesterday, is a thrill-packed and completely authentic tale of that famous law enforcement body of the Canadian northwest, the Royal Canadian Mounted Police.

Produced on the lavish scale characteristic of all Warner Bros. Technicolor specials, the picture has all the elements required by a first-rate outdoor film —adventure, action, suspense, the beauty and interest of unfamiliar landscapes, and a large cast of popular players.

Heading the list are such well-liked performers as Dick Foran, Gloria Dickson, Gale Page, Janet Chapman, Allen Jenkins, Patric Knowles and James Stephenson, and the chief character roles are in the capable hands of actors like Russell Simpson, Joe Sawyer, Joseph King, Anthony Averill and Arthur Gardner.

The first thrilling episode in the story is the holding up by a band of outlaws of a little river steamer that is carrying priceless furs and miners' gold from the trading post to civilization.

From then on the story details the clever identificatoin by Foran, an officer of the "Mounties," of the "master mind" behind the hold-up.

Interwoven is a love theme whose interest is heightened by the fact that one of the girls, Gale Page, represents to Foran the lures of civilization and sophistication, while the other, Gloria Dickson, represents all of the appeal of the untamed wilderness.

Comedy Thriller At The Capitol

That the new comedy combination of Dorothea Kent and Frank Jenks intends to take a place among the outstanding teams of the screen is evidenced by the stellar work of the pair in Universal's "Strange Faces," which opened yesterday at the Capitol Theatre.

It proves a happy choice for their starring debut.

Beginning with a New York gangster's change of identity and subsequent escape, the story takes the rival newshawks through a series of adventures high-lighted by their continual attempts to double-cross each other.

They follow the public enemy to a small town, where the gangster is accepted as a home-town boy long absent. Efforts of the reporters to prove his identity, without losing their own lives, leads to a wild chase that ends in a flurry of gunplay.

Andy Devine contributes a hit comedy portrayal as the small town editor, and Hobart Cavanaugh, Frank M. Thomas, Renie Riano, Leon Ames and Mary Treen are others in the capable cast.

To Stand Trial In Supreme Court

HALIFAX, March 22—Magistrate B. W. Russell today committed Thomas Percy Slattery of Saint John and William Babineau of Moncton, N. B., for Supreme Court trial on a liquor conspiracy charge. The committal action came after a preliminary hearing that started last fall.

The case arose from seizure of an $11,000 alcohol cargo on the Moose River road in Halifax County last September.

An application was made for bail for Babineau. There was no indication when they would come up for trial.

Sea Monster Is Again In Evidence

VICTORIA, March 23—(CP) — Cadborosaurus, Vancouver Island's legendary sea monster, showed himself yesterday for the second time within recent weeks when he appeared at Oak Bay before Mrs. R. J. Roskilly, visitor from Kimberley, B. C.

Robert Woodsey, with Mrs. Roskilly when "caddy" came up "snorting like a bull" 50 feet from them, said: "We were first attracted by the big noise it made as it came out of the water and blew. It appeared unable to stay long under water without air and every time it came up to breathe the snort could be heard several hundred yards away."

Mr. Woody described the head as resembling that of a bull but considerably larger. The color, he said, was fawn, similar to that of a deer. He estimated with eight points.
