Dr. McGuigan Speaks Before C. W. League

A most interesting talk on medicine was given by Dr. J. D. McGuigan Tuesday evening at the regular monthly meeting of the Catholic Women's League in the Rensay Hall. He covered the period from early days to the present time. The coming of Christ and the doctrine of the Divine Healer, he said, changed the attitude of humanity towards sickness, and life no longer became merely a struggle for the survival of the fittest. He referred to the search for and application of curative elements, and the various discoveries in medicine and anaesthetics. He urged the striving after perfection in hospitals, as better hospitals mean better nurses and doctors, recurring with approval to the standardization of hospitals, which necessitates the keeping of complete records. The speaker wished the Catholic Women's League every success and assured them of his personal co-operation. A vote of thanks moved by Miss Florrie Dorsey, and seconded by Mrs. K. Ledwell was tendered Dr. McGuigan on behalf of the League by the president, Mrs. P. J. Casey. A short program consisting of a musical number by the Misses Hogan, a vocal solo by Miss Georgina Trainor and a reading by Miss G. Adams McCormac was much enjoyed. During the business meeting which followed, satisfactory reports of the work of the League were submitted. Reference was made by the President to the early departure of Mrs. J. J. Johnston, Dominion Councillor and Mrs. W. J. McIntyre, Diocesan representative, as delegates to the National Convention in Halifax, to be held next week. It is the intention of the League to hold an ice cream festival on June 26th. The meeting adjourned to meet again in September.

LONELY ISLAND RESIDENTS LOOK ASKANCE AT RADIO

ST. KILDA Outer Hebrides, June 6.—Although cut off from civilization since last August, fog or steam or is able to fight its way through the storm and fog during the autumn and winter months, the 75 lonely inhabitants of this island look askance at the telegraph and will not use the wireless station which was built here during the war by the British. Recently the West Highland steamer Hebrides sailed from the island of Lewis, the largest and most northerly of the Hebrides group, and thus broke St. Kilda's nine months' solitude by taking it to mail, provisions and other necessities. During their isolated months the islanders send their letters to Lewis in a novel and remarkable way. They put them in a tin canister in sheepskin buoys and launch them when there is a gale of northwest wind. Sometimes the buoys get blown out of their course and take the letters thousands of miles, but very often they cross the 60 miles stretch of sea to Lewis island safely. Information as to their whereabouts is given to the travelling public. Sample room, livery and taxi service in connection. B. W. Taylor, proprietor. 116495-5-15stuff, place.

LARGEST RESTAURANT IN THE WORLD TO BE OPENED IN LONDON

LONDON, June 6.—The next time a Yankee tourist starts telling a Londoner how much bigger things are at home, he will probably be taken down to Piccadilly Circus and shown the largest restaurant in the world. It has just been opened and the catering company which operates it expects to serve ten million meals in the next five months. Boosting statistics say the biggest eating place in America serves only two million meals a year. This enormous establishment every day will employ 500 waitresses and enough other help to make a payroll of 1,700 persons. And the jazziest cafe in Montreal or New York will not be a bit noisier, for this new restaurant is to have a band playing in every big room. There are many rooms too, big little and middle sized, scattered over five acres of floor space.

DISABLED VETERANS TO OWN MINNEAPOLIS

MINNEAPOLIS, June 6.—Like the many towns on the French battlefield which capitulated during the war, Minneapolis will literally "surrender" itself to the 10,000 disabled veterans who will attend the annual convention of the Disabled American Veterans of the World War in this city June 25 to 29. "The disabled service men will 'own the town' during their stay," says Mayor George E. Leach himself a disabled service man who led the 151st Field Artillery. On the opening day, Monday June 25, St. Paul is given the honor of entertaining the visitors. Tuesday a luncheon parade will be staged in Minneapolis. The majority will march, but is estimated that about 49 per cent of the veterans will have to be taken in automobiles, due to their disabilities. A tour around the city and Lake Minnetonka with the Minneapolis chapter of the disabled veterans' organization as host, is scheduled for Wednesday. Thursday evening is set aside for the grand formal ball, the premier social event of the meetings.

SHARK TASTES LIKE VEAL OSTRICH LIKE TURKEY

PARIS, June 6.—Shark steak with sauce bearnaise was found delicious by guests who were invited last night to dine on exotic dishes brought from the corners of the globe. Maitre Henri Robert, the barrister; Prince Murat, and other prominent guests of the Societe d'Acclimatation agreed the flesh of the shark resembles in taste that of tender veal. They enjoyed it almost as much as the next course, roast wings of the South American ostrich.

LIBRARY OF SARAH BERNHARDT WILL BE SOLD SHORTLY

PARIS, June 6.—Sarah Bernhardt's library is to be sold shortly at the Hotel Drouot here, and is certain to attract souvenir buyers from all over the world. A great number of these volumes contain dedications from authors, among them nearly all the most famous of her life-time. PRINCE DOES NOT PINE TO BE CALLED ROYAL

LONDON, June 6.—Lady Astor likes to bring people together at her dinners. At one of her recent entertainments she had among her guests the Prince of Wales and Will Thorne, the socialist labor leader and member of Parliament. Thorne now tells this story: "I said to the prince I would doubtless be unpleasantly criticized by some of my constituents for putting my feet under the table with royalty. Church Union Will Be Live Subject at Assembly Opening

PORT ARTHUR, June 6.—Most of the commissioners to the General Assembly of the Presbyterian Church of Canada met today at St. Paul's Church where all the sessions will be held and if there is any tense feeling with reference to church union as their unquestionable subject, it was not apparent in the demeanor and spirit of the commissioners. That church union is much more than an academic question this year is however, suggested by one remarkable development. Hitherto in all annual gatherings of the General Assembly there has been but one edifice prepared for the meetings. This year there are two separate buildings having been secured by those who are opposed to the church union for the meetings which they may arrange to hold. The opponents of union have the benefit of the advice of the best legal talent in the Dominion and it is stated that at each step in the proceedings everything that is possible will be done to secure delay and to check any move towards union.

HEIRS SEEKING HIDDEN CASH PLOW UP FARM FOR YEARS

REGINA, June 6.—Ten years ago a farmer, Norman Curtis, arrived from Iowa, and settled with his family on a farm near Lang bank, Sask. He brought \$5,000 cash with him, paid \$1,500 down on his farm, and being a non-believer in banks, buried the remaining \$3,500 in a field, telling no one not even members of the family, where it was concealed. During the winter of 1913 he was frozen to death and with him died the secret of the hiding place of the money. For the past decade members of his family have organized many futile searches for the hidden treasure. Every conceivable place has been dug up, stones moved and hunches followed, but still Curtis' hoard remains safe from everyone, bank robbers included.
