PRINCE EDWARD ISLAND TUNNEL

Continued from page 8. I may explain that this is the same Hon. Wm. Pugsley who attended a meeting not very long ago and urged this tunnel enterprise.

The matter is urgent commercially and also politically. We are approaching the date of a general provincial election.

The Dominion must face its obligation in that regard, an obligation signed, sealed and delivered thirty-four years ago with all the solemnity and sacredness of a treaty.

I should weary the House if I were to continue quoting from the press. I might quote a very ably written letter from the 'Toronto Globe.'

I fully appreciate the nature, and extent of the obligation incurred by the Dominion to maintain continuous communication between the island and mainland.

(Sgd.) JOHN A. MACDONALD. (To be Continued.)
