FROST & WOOD "CHAMPION"

A Cultivator that Pays

Clean land, clean grain, more profits are yours when you use the Champion Spring Tooth Cultivator.

The Frost & Wood Champion Cultivator is noted for its strength, durability, light draft and low upkeep cost. It is just the machine to work up a good seed bed and to keep down weeds.

Note the quality Steel Spring Teeth—rolled for great strength and carefully tempered for heavy work and curved to put the points in the ground at the correct angle.

The Small-Sized Steels Are Reversible

The wider steels are for chisel-cutting or shallow cultivation. The small-sized steels are for general cultivation and can be reversed. Made in two sizes. The 10" size can be fitted with grain and grass seed boxes for broadcast seeding. The 17-tooth size is equipped with power lift and engine hitch when desired.

Write for leaflet on Frost & Wood Cultivators.

LETTER OF CONDOLENCE.

Mrs. Nelson Stead, Wheatley River, P. E. I.

Dear Mrs. Stead:—We, the members of Wheatley River Women's Institute, wish to express to you our sincere sympathy in the death of your brother.

Death at all times is very sad, but more so in this case, when without a moment's warning he was taken to that home beyond, there to await those who are left now to mourn his loss.

We realize that mere words wholly fail to cheer the almost broken heart, but hope that the heartfelt sympathy of sincere friends will in some way assuage your grief.

We commend you to Him who doeth all things well.

Signed on behalf of the Wheatley River Women's Institute.
MRS. A. B. LING, MRS. WM. MOBBES, ETHEL LING.
