

# Bankruptcy was averted - The Business Lived!

Miller and Jackson had been partners in a hardware business for twenty years when, about one year ago, Jackson died very unexpectedly.

At Jackson's death, his heirs decided to sell out—to force a sale, if necessary—to get their money out of the business. On top of this, wholesalers demanded payment of money owing to them.

The crisis against which every partnership should guard—the sudden loss of a good partner and all his assets—confronted Miller.

And Miller would have been forced to sell out at a loss except for one thing—Business Insurance!

Several years ago, Miller and Jackson protected their partnership with Business Insurance. Each insured his life for \$10,000, making the other the beneficiary. Premium payments were charged up as a regular item of business expense.

Thus, at Jackson's death, Miller received \$10,000 cash. With this money he bought his partner's share; met the firm's debts; re-established credit; and carried on under his own name.

Investigate Business Insurance. It is all that its name implies. The attached coupon will bring full particulars.

### IN MEMORIAM

#### MR. ALEXANDER REYNOLDS

The town of Montague has been called upon during the year that has gone by to mourn for the death of many of its prominent citizens. Death who is ever present with us working silently and surely, removed from among us a loved and respected member of the community, the late Mr. Alexander Reynolds.

Until a few weeks before his death Mr. Reynolds was able to do his work and appeared to be in his usual health, but the insidious disease which caused his death compelled him to take to his bed and not withstanding the loving care of his wife, (nee Louisa Compton) and children and the constant attention of skillful medical men, he on the 17th day of October at the age of sixty-three years passed to his eternal reward.

Besides five brothers, Benjamin, George, Adam, David, P.eman and a sister, Mrs. McKay, he left a wife, four children Marshall, Alonzo, Freeman, Lilla (Mrs. Buchanan) and a grandson, Frederick S. Hynes, whom he raised, to mourn for him an devoted the memory of a kind and loving father.

(Halifax and Island papers please copy)

#### MRS. WINFRED D. HYNES

Mrs. Winfred D. Hynes, died at her home in Kensington, on November 8th, from an illness that, after three weeks duration, terminated this fatally. Her funeral was held from her late residence in Kensington, on November 10th and was composed of the many friends that the deceased and her husband have in Kensington and Freetown. Interment took place at St. James' Church, Freetown, the Requiem Mass being celebrated by the Pastor, Rev. Frank McDonald, who also performed the solemn obsequies. The pall bearers were Parnell McCarville, Cornelius Croken, James McGuigan, Ambrose Curley, John Cash and Carroll Hughes.

In maidenhood, the deceased was the daughter of the late Felix Murphy, Freetown, where she lived her early life. In 1920 she was married to Mr. Winfred Duff Hynes, and began her life in Kensington. She entered upon the duties of household with that practical fact that is essential to successful housekeeping, making the duties of the true wife the first consideration of life. She observed the rules and requirements of her religion with zealous care and beautified her life by the practice of those virtues which adorn true womanhood. She saw in life only a transit to a higher and holier sphere.

She leaves to mourn, her husband and her mother and four brothers, Daniel, Felix, Aerial, Emmett Parnell and John, and sisters Beatrix, Detroit, Mich.; Lillian, Pearl and Viola in Freetown. Daniel is the only boy on the homestead. Though she has been removed from life's activities and from the association of her many friends, her memory will endure while still live the persons that admired her eminent qualities in this life.—Y.

TEACHERS CLUB—The Heathcote Teachers' Club, held their second monthly meeting at the home of the Secretary, Miss B. G. MacPhee, Bellevue, on Tuesday evening, October 27th. There were seven teachers present. Also the Inspector, Mr. Lloyd W. Shaw, who gave a very interesting lesson in Educational Psychology, the subject being "Habit Forming Lessons." Interest was at its height all through the lesson and at its conclusion a number of questions on the subject, and dealing with school matters in general were ably dealt with by Mr. Shaw. The Club agreed to subscribe for the school magazine, highly recommended for the use of teachers. Mr. Shaw left with the Club, a number of questions to discuss at next meeting. A sing-song with Mr. Eugene Dunn at the organ was heartily enjoyed by all. After lunch had been served, a vote of thanks was tendered Mr. Shaw for endeavoring to be present and for the splendid lesson he had prepared. He responded to this, saying that it was both a pleasure and benefit to him to meet with an enthusiastic group of teachers. The next meeting will be held at the home of Mr. and Mrs. A. F. MacLeod, Valleyfield East on Tuesday, November 17th. A full attendance is requested.

### PERSONALS

Mrs. Donald Mathieson, Travelers' Rest, has returned home after spending several weeks in Toronto.

Mr. Vernon Stevenson, Accountant of the Royal Bank of Canada, Woodstock, N. B., is spending his holidays with his parents, Mr. and Mrs. W. H. Stevenson, City.

### Canadian Raider In Thames Crash

LONDON, Nov. 13.—The steamer Canadian Raider, bound from Montreal to Antwerp, and an unknown steamer, collided on the Thames yesterday, near Erith, and the London steamer Remo was struck in the mix-up between the first two vessels and sank. All three vessels were proceeding down the river. Three of the members of the Remo's crew are supposed to have been drowned. Five of the crew were rescued by a tug. The Canadian Raider subsequently continued down the Thames, it is not known what damage she received, if any.

### Baal Victims' Burial Urns Reach McGill

MONTREAL, Nov. 13.—Burial urns filled with the tiny teeth and charred bones of little children sacrificed on the altars of Baal when ancient Carthage was queen of the Mediterranean, have arrived at McGill University from Northern Africa, together with other antiquities. They were obtained for the local university by Major F. C. Shorey, who represented it for the second time on the Archeological expedition of Count Byron Khun De Prorok.

### STOP THAT HACK

The longer neglected the harder it will be to cure. Continuous coughing weakens and overtaxes the lungs, leaving them exposed to attacks of other diseases.

# Is YOUR Boy "A Regular Fellow"?

YOU know what it means to your boy to be popular with his friends—to be "a regular fellow." You know how it trains boys in sportsmanship, in manliness, in thinking for themselves, to get out on the playing field with other boys. Whatever plans you make for your boy, make sure he can enjoy companionship and healthful play. Make sure that his bodily equipment is right.

It is the foods we daily eat which must supply to our bodies the elements which give us energy and vitality, which build up our bones and muscles and which build up our minds too! Make sure that your boy receives the right kind of food.

Grape-Nuts is the food for your boy. Grape-Nuts was designed by an expert in food values to supply to the body the vital elements necessary to its proper nourish-

ment. So Grape-Nuts, made from whole wheat and malted barley, has dextrins, maltose and other carbohydrates for heat and energy; iron for the blood; phosphorus for the teeth and bones; proteins for muscle and body building; and the essential vitamin-B.

And Grape-Nuts is a crisp food! A food boys like to chew. A food which gives the teeth and gums the exercise they must have for healthful development.

A special baking process prepares Grape-Nuts for digestion—gives your boy the fuel and body-building elements he needs, with the least digestive effort.

Serve Grape-Nuts for breakfast tomorrow. Serve it with milk or cream just as it comes from the package. Four teaspoonfuls are enough—for this food is rich in nourishment. And such a serving costs less than one cent! Your boy will surely like the crisp, golden Grape-Nuts grains—a flavor which is the favorite of millions. All grocers have Grape-Nuts in wax-wrapped packages.

ly is not the liquor that is so much desired as equality or the privilege at least of self-determination with regard to beverages. The most emphatic protests have come from the populations of the Pacific Islands under Australian and New Zealand mandates. The same sentiment, however, is almost universally found elsewhere. As a consequence the Permanent Mandates Committee of the League has been obliged to adopt a system of control in place of prohibition.

### Sees Era Of Prosperity For Canada

TORONTO, Nov. 13.—The most auspicious prospects in Canada were much more favorable than at any previous time during the past two years, Sir John Aird, retiring Pres-

ident of the Canadian Bankers' Association, declared here today at the annual meeting of the Association, in the course of a studied survey of the banking and financial outlook of the Dominion. With a splendid crop, he asserted, in all parts of the country, and with reasonably good prices there was a general improvement in business everywhere and it was a matter of gratification that Western farmers were discharging old obligations from the proceeds of the crops and were improving their financial position accordingly.

A little girl was told that polite people did not talk about their ailments in company, or outside the family. So when a visitor asked her if she was well, she said, "Well, in the family, I would have stomachache, but in company I am quite well, thank you."

### THE MARKETS

(Canadian Press)

MONTREAL, Nov. 13.—There was a good demand from United Kingdom buyers on the Montreal market today for contract grades of Manitoba spring wheat for export and nearby shipment and as the cables were strong with firm bids 1/4 to 1/2 per quarter higher on Thursday exporters with ocean freight on hand were in a position to accept most of the orders that came forward and a fairly active business was transacted at prices estimated at 350,000 to 400,000 bushels. This created a good demand from local exporters for wheat on the spot and in nearby positions and sales of lots of No. 1 northern wheat were made at 12 1/4 to 12 1/2 cts. per bushel over the Winnipeg November option No. 2 northern at 81-2 to 9 cts. over and No. 3 northern at 5 1/2 to 6 cts. over C. I. P. Montreal.

### Bronchitis More Than a Cold

Often develops rapidly into pneumonia—relief is found in Dr. Chase's Syrup of Limesed and Turpentine.

Any cold is serious enough when its usual possibilities are considered, but when there is soreness or tightness of the chest and a dry hard cough you can look for bronchitis, which is often confused with an ordinary cold. It is usually known by aching limbs and body pains, chilly feelings, weariness and weakness, pain in the chest and a tight, tearing cough. Fever, dry skin, thirst, coated tongue and constipation are other symptoms. Dr. Chase's Syrup of Limesed and Turpentine seems almost like a specific for bronchitis because it is so successful in loosening up the cough, aiding expectoration and preventing the inflammation from reaching the lungs.
