—LOBSTER FISHING — Lobster fishermen at Summerside are busy these days making preparation for the coming season on the south side which opens on August 10th. About 400 traps will be set out and the fishermen are hopeful that this season, with record high prices prevailing, will be one of the most successful in local fishing history from every standpoint. The Summerside fishermen however, labor under most difficult conditions. Queen's Wharf at which they have their headquarters for embarking and disembarking is desperately in need of dredging and at low tide where they put out their boats there is hardly a foot of water. It is now close on ten years since any dredging was done at Queen's Wharf and since then the cuttings have all filled in. There is a dredge working off the Marine Wharf at present and the fishermen are hoping that before it moves out it will do some work at Queen wharf. —S

—BRUSH FIRE. — A small brush fire broke out near the Summerside Golf Course on Wednesday night but was extinguished with the help of members of the R. C. M. P. and some volunteers. A pumper from the Summerside Fire Department was taken out but was not needed —S.

—FRACTRES BACK. — Mrs. Stanley Gaudet of Summerside is reported as resting comfortably in the Prince County Hospital after her recent accident as a result of which she suffered a broken back. Mrs. Gaudet was standing on a step ladder picking cherries in her garden when the ladder slipped and toppled over throwing her to the ground. The accident occurred on Tuesday afternoon.—S.

—CAR CRASHES BUILDING— The driver of an automobile proceeding into town on Water Street, Summerside, yesterday afternoon endeavored to avoid an approaching car by turning up King Street, but he was unable to make the turn and crashed into the corner of Hall Manufacturing Ltd. building, tearing shingles and boards from the building and damaging the front of his car. As he approached the curve on that part of the street he saw an I.M.T. bus stopped in front of the Hall building and just before he reached it another car turned out from behind it and forced him to make a quick decision. S

—FISHERMEN PREPARING — Lobster fishermen at Summerside are busy making preparations for the coming lobster season on the south side which opens on August 10th. About 400 traps will be set out and the fishermen are hopeful that the season, with record high prices prevailing, will be one of their most successful. However, they are badly handicapped by lack of dredging at Queen's Wharf, the headquarters for embarking and disembarking. At low tide, where they put out their boats there is hardly a foot of water. Often the men have to wait until the approach of daylight before they can get their boats afloat or bring their hauls to shore. It is now close upon ten years since any dredging was done at Queen's Wharf and since then the cuttings have all filled in.

—A FINE SIGN — A neon sign of unique and striking design has been erected on the front of the R.T. Holman Ltd. building Summerside and was illuminated on Wednesday night for the first time. This sign, made and installed by Maritime Neon Co of Moncton will leave no doubt in the minds of the visitors coming into Summerside by night as to the location of the far-famed Holman stores. The sign is in three panels, with the letters reading perpendicularly, "Holman's, Satisfaction Guaranteed since 1857". The sign shows red, green and blue and the word "Holman's" flashes on and out continuously and can be seen for quite a distance.—S

—MISCELLANEOUS SHOWER— On Thursday evening, July 25th, at the home of Mr. and Mrs. Wm. Rogers, Freetown, a miscellaneous shower was tendered their daughter Dorothy on the occasion of her approaching marriage. The living room was tastefully decorated for the occasion by her friends, with cut flowers and pink and white streamers. To the strains of the bridal chorus played by Miss Evelyn Burns, the bride-to-be was escorted to the seat of honor by Miss Muriel Burns. The many beautiful and useful gifts were carried in by the Misses Helen and Winnifred Cairns and were opened by Misses Roberta Taylor, Katherine Auld and Dorothy Hammill, the verses being read by Mrs. Scott Clarke while Mrs. Howard Cairns and Miss Mary Matheson arranged the gifts on the table. After the gifts had been admired. Dorothy, in her usual cheery manner expressed her thanks and invited her friends to visit her. After singing "For She's A Jolly Good Fellow" refreshments were served by the ladies and a social hour enjoyed

HOPALONG CASSIDY AT CAPITOL, SUMMERSIDE

—Claudia Drake, who lends the *feminine touch to "False Colors,"* the latest Hopalong Cassidy western starring Bill Boyd, learned the knack of riding, roping, and handling a six-shooter when she was a child. Harry Sherman, producer of the "Hoppy" series of films, claims that her *left-handed* draw of a gun is the equal of any man's.

Claudia *has had quite a colorful* career on the stage and screen, as she dances and sings quite as well, if not better than she can draw a gun. It all began way back in the silent days when she was engaged as the double for popular "Baby Peggy", performing all the stunts that this child-wonder was supposed to do.

"False Colors," a United Artist release, can now be seen at the Capitol Theatre.
