**MILBURN'S HEART AND NERVE PILLS**

She has been restored to perfect health.

She writes: "About seven months ago I was badly run down in health and became very weak. I was troubled with fluttering of the heart and shortness of breath. When lying down at night I was almost afraid to go to sleep for fear I would never wake up. When I arose in the morning I would feel a little better, but as soon as I started to work my heart would start fluttering, my head would become dizzy, faint weak spells would come over me and it seemed as if black objects were floating before my eyes. I was growing worse every day until I got a box of Milburn's Heart and Nerve Pills. When the box was half gone I could feel that they had done me good and by the time it was finished I was in excellent health and would advise all sufferers from heart and nerve troubles to try them."

Price 50 cts. per box, or 3 for \$1.25, at dealers, or THE T. MILBURN CO., Limited, TORONTO, ONT.

**The Oriental Amethyst.**  
The oriental amethyst is really a violet colored sapphire, which is an exceedingly rare gem and of brilliant luster. It is regarded as a sacred stone, and it is used to ornament the cross and the pastoral ring of Catholic bishops. The ancients often used the amethyst for cutting figures both in relief and in intaglio, and there is in the national library of France a delicately wrought profile of Mæcenas, a Roman statesman of Octavius' time, engraved on amethyst by Dioscorides, one of the four celebrated engravers mentioned by Pliny.

**Caught the Students.**  
There was formerly a barber in Harvard square who caught the university custom with this classic appeal which some friendly patron suggested:  
Siste, viator, Submitta collum tonsori Et abi alter Adonia.  
"Traveler, stay, submit your neck to the barber and depart a second Adonia."

**Businesslike.**  
"Some people," said the caller with a slight sneer, "seem to think that signing checks is the most important thing in life."  
"I know it," rejoined Senator Sorghum, "and it's a mistake, my boy; a sad mistake. Getting the money in bank in the first place is what counts."

**Agreed on One Point.**  
"But I am so unworthy, darling," he murmured as he held the dear girl's hand in his.  
"Oh, George," she sighed, "if you and papa agreed on every other point as you do on that how happy we could be!"

**LIKE A MIRACLE.**  
Nelson Lefor Vouches for the Marvellous Cure of Mrs. Thos. Hughes—Dodd's Kidney Pills Again.

MORLEY, GREY CO., ONT., May 11th.—(Special).—So marvellous is the cure of Mrs. Thos. Hughes of this place that it seems almost necessary to prefix the statement of Nelson Lefor, J. P., "I can vouch for its truth." Mrs. Hughes says: "I had pains up my spinal column, in my head, over my eyes, across my back through my left side, and occasionally through my right side. I would for three nights at a time never close my eyes in sleep."

Such was Mrs. Hughes' condition for four years. For nearly three years she was in bed. Five doctors treated her unsuccessfully. Hear the remarkable sequel in Mrs. Hughes' own words.  
"I have taken fourteen boxes of Dodd's Kidney Pills and am now strong and able to do a good day's work. Thanks to Dodd's Kidney Pills."

**ELECTRIC CAR KILLS UNKNOWN MAN.**  
PROVIDENCE, R. I., May 10.—An electric car struck and killed an unknown man today near the Buttonwoods station. The corner of the car struck him in the forehead, fracturing his skull and killing him instantly. The man was about 50 years old, weight 160 pounds, height five feet five inches, black hair and beard mixed with grey.

**THE SKIN ON FIRE.**  
So dreadful are the sensations of burning, itching eczema that victims frequently describe their sufferings by saying that the skin is all on fire. The stinging, biting fires of eczema are quenched by the use of Dr. Chase's Ointment. The first few applications may cause a little uneasiness but cure is sure to result and the skin is healed without scar or blemish.

Minard's Liniment Cures Dandruff.

**Thunderstorms.**  
Thunderstorms are more frequent in Java than in any other part of the world, there being an average of ninety-seven days in each year upon which they occur. Next to Java comes Sumatra, which never has less than eighty-six "thunder days" per year. Then come Hindustan with 56, Borneo with 54, the African Gold Coast with 52 and the region around Rio de Janeiro, Brazil, with 51. The European list is headed by Italy, with 38 thunder days out of the 365 on an average. Austria has 23; Baden, Wurttemberg and Hungary each average 22; Silesia, Bavaria and Belgium have 21; Holland and Saxony 18; France, Austria and south Russia 16; Great Britain and Switzerland only 7. At Cairo, Egypt, and in north Russia and in Sweden and Norway the average is only 4 per year. In Finland and east Turkestan thunderstorms are wholly unknown.

**By Mozart.**  
The average compositor has a most intense dislike for contractions and rarely puts one in his pages when it can be avoided. When he and the reporter disagree as to the meaning of some abbreviation, the result is sometimes amusing.  
A good example of this occurred in a southern city where a popular touring orchestra was giving a Sunday night concert. Naturally their selections were principally of a sacred character. Next morning the Daily—announced:  
"The second part opened with a splendid rendition of the 'Overture From the Twelfth Massachusetts, by Mozart.'"

**Followed the Example of Cato.**  
In the first year of the last century London affected great admiration for Cato's suicide, the feeling being aroused by Addison's play. A gentleman named Budgell, after witnessing its performance, threw himself into the Thames on his way home. His body was recovered, and on it was found a scrap of paper with these words: "What Cato did and Addison approved must needs be right."

The finest creamery butter, the kind you like on your own table, is absolutely the only kind that's ever used in Christie's Biscuits.  
The fact that various grades of butter can be bought for 5 to 15c. per pound less than the kind used in Christie's Biscuits, indicates the jealousy of Christies for the reputation of their Biscuits.
