No Tonic Like Hood's

Sarsaparilla For a Time Like This. After Influenza, the Grip.

When purified blood, rebuilt strength and regulated bowels are essential.

In the after-effects of Influenza, the grip and other prostrating diseases, Hood's Sarsaparilla has remarkable health-helping effect.

It expels the poisons that have weakened and depleted the blood, causing pallor, anemia, flabby flesh and lax muscles. It is the standard blood remedy with a successful record of nearly fifty years.

Many people—it is really astonishing how many—need a fine, gentle, easy cathartic in these trying times. We recommend Hood's Pills, used in the best families, and equally effective with delicate women or robust men.

Sage Tea Keeps Your Hair Dark

USE THE OLD-TIME SAGE TEA AND SULPHUR AND NOBODY WILL KNOW.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundredfold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

A Health Saving Reminder.

Don't Wait until you get the Spanish Influenza. USE
