BAPTIST CONVENTION IN WOODSTOCK, AUG. 19

ST. JOHN, Aug. 9.—The United Baptist convention which opens in Woodstock August 19 to 23, promises to be a gathering of unusual interest. The entertainment will be provided on the Harvard plan, tea and breakfast being furnished each delegate. The other meal will be obtained at the different hotels and restaurants. About three hundred delegates are expected.

Matters of deep interest will come up for consideration and as different opinions will prevail it is not unlikely that there will be some keen and spirited debating. The Ministers' Institute will occupy the first day. Papers will be read by Revs. Bishop of Fairville, Spidell of Kentville, President Cuttin of Acadia and President of the Board of Newton Theological Institute, Boston, Mass.

The report of the board of governors of Acadia University will receive attention at the first session. This report will no doubt be an interesting one. The new theological department, which is being opened, and the undertaking already launched to raise \$200,000 for the purpose of increasing the efficiency of the various institutions at Wolfville, will, it is expected, receive the endorsement of the convention.

The work of foreign missions will come in for a good share of attention. Another subject on which there is likely to be a wide difference of opinion is that of a union of the Foreign Mission Board of the Maritime Provinces with the boards of the Ontario and Western conventions.

Among the distinguished men who are expected to attend will be Dr. Horr, of Newton Theological Seminary; Dr. J. A. Gordon, of Montreal; Rev. D. E. Holt, representing the western work; Dr. Stackhouse of Winnipeg and Mr. Shingleton of Toronto, representing the Laymen's Missionary Movement; Dr. Cuttin, of Acadia will attend the convention for the first time.

C. N. R. MAY OPERATE HUDSON BAY ROAD.

OTTAWA, Aug. 9.—Chairman Mahee, of the Dominion Board of Railway Commissioners, will meet Chairman Knapp, of the United States Interstate Commerce Commission, in New York on Thursday next in reference to the organization of the proposed international tribunal for the regulation of rates on international traffic.

The contract for the sub-structure of the bridge over the Saskatchewan River at the Pas, the first step in the active construction of the Hudson Bay Railway, has been awarded to Mackenzie & Mann for \$100,000. The Pas is now the terminus of the Canadian Northern projected line to Hudson Bay and, although no authoritative announcement has as yet been made, it is believed that Mackenzie & Mann will become partners with the government in the construction and operation of the new line on practically the same basis as the Grand Trunk Pacific and the government are now partners in the National Transcontinental project.

S. N. Berry, vice-president of the Order of Railway Conductors, who was in Ottawa today, stated that the cost of the strike to the international union was from \$75,000 to \$80,000.

Colborne Meredith, a prominent architect of Ottawa, has been appointed by the government a member of the Ottawa improvement commission in succession to the late C. R. Cunningham. The new commissioner was born in St. Andrews, N. B., in 1871, being the son of the late E. A. Meredith, LL. D., former deputy minister of the interior and for a time under secretary of state.
