

A PRETTY ROMANCE.

NEW YORK, May 29—Mrs. Frank C. Henderson, who was "Lady Betty" Falkner of Boston, today described what she called "the romance of her only love" in her third marriage.

"I went to Paris in 1910, and there met Mr. Henderson," she said. "Then I met young Roy E. Pierce and was having my trouble with that affair which I later married him. It was while he was in the rough places in the help of a friend that I accepted his proposal because it was so sincere and frank."

"Suddenly, I realized that I loved him and that Pierce was only a momentary madness. I came to know that I never really had loved any one but Mr. Henderson. It was the first time I had known what love really means."

Mr. and Mrs. Henderson sailed on the Lusitania for their honeymoon. The wedding last evening took place at the home of the bride's mother.

The ceremony was performed by the Rev. Dr. Henry Marsh Warren, former Episcopal hotel chaplain, before an altar of white satin erected in the drawing room, the couple kneeling at the piedieu of white satin.

A wedding dinner served by Louis Sherry and a dance followed the ceremony. The turkey trot was a feature of the dancing.

It was announced that Mr. Henderson had given his bride a quarter of a million dollars' worth of gems as a wedding gift, which would be augmented later by the transfer of considerable real estate. The gems included a string of pearls valued at \$150,000, a diamond lavaliere and pendant and a diamond tiara.

At the dinner, at which the guests were seated at three tables decorated with pinks and sweet peas, the forks were served in satin slippers for the women and in gold cigarette cases for the men. A ruby was set in the bow of each slipper.

COMMUTATION ASKED.

BOSTON, May 29—The Executive Council met at the State House at noon today and later began its hearing of the facts and arguments to support the plea for the life of Mrs. Lena Cusumano, New evidence in the case of the woman, who is under her husband, was presented by her counsel, Thomas J. Grady and William J. Conaghan.

It was claimed that Mrs. Cusumano was not an accessory to the slaying of her husband, either before or after the fact, and that she had no knowledge of the killing. It was said that witnesses could be produced who would testify to this. It was reported that the woman's counsel would also try to show that Enrico Mascioli, convicted with the woman, had slain Frank Cusumano, the husband in self-defense.

Attorney Thomas J. Grady will today present to the Executive Council facts and arguments to support his plea for the life of Lena Cusumano. It is expected that the woman's sentence will be commuted. The Council, since the execution of Richardson, has undergone a change of feeling, and the opinion was freely expressed at the State House that the vote would favor commutation for the woman.

The signed statement sent to Governor Foss by Goisina Perzio, sister of Mrs. Cusumano, and one of the witnesses against her at the trial, in which she declares that she now believes the woman innocent, will be one of the strongest arguments for commutation.

SHAW'S TRIAL ADJOURNED.

BOSTON, May 29—Arthur W. Shaw, the Freeport, Me., shoe manufacturer, today adjourned his trial.

Shaw's trial adjourned. The drawing of the jury was moved by Assistant District Attorney Lavelle. The selection of the jury took about an hour. During this time Shaw and Mrs. Stuart remained standing. Each of the prisoners had two challenges. Shaw challenged two men, Mrs. Stuart one, and the Commonwealth three.

ROSTRON HAILED AS A HERO. NEW YORK, May 29—A reception that would have turned the head of nearly every man today served only to emphasize the modesty of Captain Arthur H. Rostron, commander of the Cunard liner Carpathia and hero of the Titanic disaster.

Returning to port today for the first time since he brought home the Titanic survivors, he was cheered to the echo by a crowd gathered at the dock as his vessel was warped into her berth, but Rostron paid no attention to the plaudits. After the passengers were landed at

BORN.

CULLEN—At Westview Royalty on May 23, 1912, to T. P. and Mrs. Cullen, a daughter, Patricia, congratulations.

DIED.

PETHICK—On the 28th inst. at her residence, No. 15 Mulgrave Street, Liverpool, England, Penelope, widow of the late James Wilson and daughter of the late Thomas Pethick, aged 77.

Factor, and Mrs. Georgia M. Stuart were placed on trial today before Judge Crosby and a jury in the first session of the Superior Court, the man charged with larceny from the A. W. Shaw Shoe Company, and the woman as being an accessory before the fact. The amount involved was about \$19,000, but \$12,000 was returned.

The jury was obtained shortly after noon and after the long indictments had been read the case was adjourned until next Monday. A large crowd was in the court room to get a glance at the accused woman.

Clerk Manning called the man and woman to the bar. They stood together, the woman on the left, in front of the railing. Shaw turned as if to speak to Mrs. Stuart, but changed his mind.

When the charges were read each pleaded "not guilty." Shaw's voice was clear. Mrs. Stuart could barely be heard. Her face was flushed with the excitement and embarrassment of the proceedings.

The drawing of the jury was moved by Assistant District Attorney Lavelle. The selection of the jury took about an hour. During this time Shaw and Mrs. Stuart remained standing. Each of the prisoners had two challenges. Shaw challenged two men, Mrs. Stuart one, and the Commonwealth three.

THE COAL PRICES. NEW YORK, May 29—The Merchants' Association announces that it has decided to make a thorough and impartial investigation of the 25 cents per ton increase in the price of domestic sizes of anthracite coal, which is to take effect June 1.

The directors of the Association discussed the subject at today's meeting, pointing out that the total consumption of domestic sizes of anthracite coal is approximately 54,000,000 tons a year, meaning an additional charge of \$13,500,000 a year to the public, when the 25 cents increase is made, and that a large proportion of the expense will fall upon the city, because the use of anthracite coal is made practically compulsory, not only for domestic but for industrial purposes.

HOSPITAL ANNUAL MEETING. (Continued from page 1.) 29 in patients' fees. As there were no extraordinary expenditures during the year, all the running expenses have been paid and the deficit of last year, \$831.93, reduced to \$20.28.

The Endowment Fund has been increased during the year to the extent of \$1301.31, by the following legacies: Miss Barbara McLaurin, \$100; Mrs. Catherine Stewart, \$238.81; Benjamin Rogers, Esq., \$462.50; Lemuel M. Poole, Esq., \$500.00. It now amounts to \$20,589.46, and the interest received is a considerable help to the finances of the institution.

The number of persons requiring hospital treatment is increasing year by year, and the Trustees feel that in the near future additional accommodations will be necessary. There were 409 patients admitted during the year of whom 279 were surgical cases and 130 medical. 175 patients were from the city, 218 from the country and 16 from other Provinces. There were 99 non-paying patients. The large number of non-paying patients partly accounts for the falling off in fees.

Two nurses graduated during the year—Miss Rena May Stewart and Miss Annie Emeline Stevenson. The Trustees desire to thank the Medical Staff, the Ladies Aid Society, the collectors and subscribers, also the clergymen of the different churches for their services and ministrations.

committee of Titanic survivors, headed by Mrs. J. J. Brown, of Denver, climbed aboard and tried to attract the attention of the youthful applicant, who sent a 14-foot knot through ice fields at 14 knots in order to save life, but he did not respond to their shouts.

Finally a steward who was pressed into service got the captain to the side of the ship where Mrs. Brown could get at him. "You dear man," she shouted, "I think you are the greatest man in the world!"

Rostron blushed visibly behind his tan and removed his cap, while the committee cheered him. Finally he stammered: "I thank you very much" and started to walk away. He was halted and then Mrs. Brown and the others told him they wanted to give him a cup to commemorate his bravery and also to present silver medals to the officers and bronze medals to the crew of the Carpathia as a token that their bravery was appreciated.

He consented to muster the crew at 10.30 for the presentation. Rostron was very reticent when an effort was made to get him to discuss the Titanic disaster, and he refused point blank to comment on the report of the Senate investigating committee. He showed by his attitude that the action of Congress in officially voting him thanks and a gold medal had touched him, although he was far too modest to comment on it in any way.

When asked if he would take advantage of the privilege accompanying the official thanks of Congress and enjoy a seat on the floor of the Senate, he said: "I hardly see how I could. You see I am kept very busy running my ship. My duty is here."

MR. FOSTER, M.P., ILL.

HALIFAX, N.S., May 28—A. Dewitt Foster, M.P., for Kings, is seriously ill with an affection of the throat and ear. His condition gives his friends considerable anxiety.

SIR RALPH DINED.

QUEBEC, May 28—Sir Francis Langier, Lt.-Governor of Quebec, held a luncheon at Spencerwood in honor of Sir Ralph Williams, governor of Newfoundland, and the officers of H. M. S. Cornwall.

LEFT A MILLION.

NEW YORK, May 29—Goldwin Smith, publicist and author, who died in June, 1910, left a fortune of nearly \$1,000,000, according to an appraisal filed yesterday with Anthony J. Barrett, chief clerk of the transfer tax office of the Surrogate's Court, by Wallace S. Fraser, Deputy State Controller.

The appraisal reveals that Cornell University, of which Prof. Smith was one of the founders and which was residuary legatee of his will, received more than \$800,000 from his estate.

The appraisal was made by John T. Martin, of Deputy Controller Fraser's office. Very little of Prof. Smith's proper was in this State. He had \$300,000 on deposit in the First National Bank of Ithaca, where Cornell University is situated, and owned \$33,000 worth of shares in the New York Central Railroad.

AIRE TO RETIRE.

CLEVELAND, May 29—E. H. Southern and Julia Marlowe plan to retire from the stage after two more seasons and enjoy that domestic life which is a dramatic career, with its constant travel, does not permit.

FOUND JEWELRY.

BOSTON, Mass., May 30—A working man digging a post hole at Manly Beach unearthed a tin pail containing \$12,000 worth of jewelry, part of the loot taken by a burglar on a raid through the summer colony there, last September.

ROOSEVELT'S GREAT VICTORY.

NEWARK, N.J., May 29—Colonel Roosevelt, on the republican side, and Governor Wilson, on the democratic side, were overwhelming winners in yesterday's primaries in New Jersey, according to the nearly complete returns this morning.

The Roosevelt victory was a clean sweep, and the former president will apparently have every one of the state's 28 delegates at the Chicago convention. In the presidential vote his plurality was fully 10,000 over Taft. The result exceeded the expectations of the most enthusiastic Roosevelt backers. In some districts, Col. Roosevelt received ten votes to every one cast for the president.

Governor Wilson's triumph at the hands of the democratic voters, was only a trifle less complete than that of Roosevelt. The governor lost four delegates out of the 28, and these four were uninstructed from Essex county, the stronghold of the anti-Wilson machine, where he had no hopes of winning.

The Lafollette was a negligible factor, scattering ballots over every district, but his total was not more than two per cent, of the entire vote cast. The vote in nearly all sections was exceedingly light, several counties casting less than half of the total registered at the last general election. The polls did not close until nine o'clock last night and as a result the vote was very late in being counted.

OTTAWA, May 28—Local recruiting officers report that they have searched in vain among the farmers for horses to rent for the camp at Petawawa, which opens next week. Though the department pays \$1 per day for every horse sent to camp and officers are in some cases increasing this out of their pockets to \$2 per day, only about one-third of the necessary supply has so far been secured. Farmers are selling their horses at \$200 a piece for shipment to Western Canada and buyers report that the demand far exceeds the supply.

A NEW INDUSTRY FOR NEW GLASGOW.

HALIFAX, May 30—Following a meeting of the "Scotia" directors in New Glasgow yesterday, President Harris gave the following statement on his arrival in Halifax last night: "The Eastern company was organized at a meeting held in New Glasgow today. It will at once proceed to build a plant for the construction of steel freight cars. The capital of the new company is \$2,000,000 and it will erect a plant with an initial capacity of twenty-five cars per day. A master car builder, formerly with the American Car and Foundry company, of Detroit, has been engaged to construct the plant and is now preparing plans. The exact location of the company's works has not yet been determined as several properties are now under consideration by the board of the new company. The whole of the bonds and preferred stock of the company have been underwritten."

Further than this, Mr. Harris would say nothing, as the organization of the company, was, of course, not completed yet and any other details would be premature.
