Annual Meeting Abegweit Club

Well Attended Last Evening— Much Enthusiasm Manifested Over Past Football Season.

A large turn-out of the sporting fraternity of Charlottetown was present at the annual meeting of the Abegweit Amateur Athletic Association, which took place at 8 o'clock last evening in the Board of Trade Rooms with President Jack Sterns in the Chair.

The president expressed his satisfaction at so many being present, and submitted a concise yet thorough report of the work of the club for the year. With regard to baseball, he stated that the team had arrived at the threshold of the Maritime Championship but had failed to come through for various reasons. Football needed no comment as the gridiron battles are fresh in the minds of all—the winning of the Island Championship and the great battle with Acadia team. The president expressed his regret on the present track and field situation, blamable in a large part on lack of interscholastic competition. If the club would sponsor school boys it would not be long before Charlottetown would

again be on the track and field map. It is also a matter of regret that funds are so low. As a matter of fact the association is several hundred dollars in debt.

Dr. Yeo moved that the report be adopted and conveyed the thanks of the club to the president. The motion was seconded by Dr. Linus Smith.

Professor W. J. McDonald, the Treasurer, read the financial report showing a credit balance of \$9.20 with outstanding accounts totalling over \$400.

Chairman S. F. Doyle, in submitting the report for the hockey committee, stated that Mr. Fred Moore had been secured as coach. Although the hockey team had been defeated for the Island Championship, the play put up was remarkable, and the team had no reason to reproach itself. Mr. Doyle stated as the prime requisites of good hockey, suitable material, a competent coach, competition with mainland teams, and a rink with suitable accommodations. Mr. Doyle

stated that Charlottetown is too small for more than one club, yet ample room for a city league from which might be chosen a team to represent the city. He paid a tribute to the intermediate team, which he considered the best in the Maritimes and conveyed the thanks of the committee to all who co-operated.

Professor W. J. McDonald in submitting the report of the football committee said that in the playing of the five games twenty-five different players were used due in many cases to injuries received by players. Of this number eight learned the game at West Kent, eight at Queen Square, six at Prince of Wales, and two at St. Dunstan's. The chairman paid a tribute to the members of the team for their untiring efforts. He also made reference to Arthur Woolner as a sportsman of the truest type, coming to town from considerable distance to take part in the games. The chairman voiced his appreciation of the old players headed by J. Walter Jones who offered to stand good for any deficit in the guarantee made to Acadia. He also paid tribute to St. Clair Trainor and James Coyle, especially to the former for the valuable work done in coaching, also expressed appreciation to the press for the publicity given. In moving the adoption of the report Mr. James Coyle paid tribute to Prof. McDonald, as coach and to the team for the grit exhibited and the excellent game put up. Dr. Yeo who seconded the motion referred to the pre-war teams which always won honours at home and abroad. The defeat of the red and black squad by Acadia last Monday was as glorious as victory could be. There is a genuine revival of football within the city and from the junior leagues a number of senior players may be expected in a few years. In adding his words of approbation, Mr. J. Walter Jones stated that the revenues of the club might augment the funds of the club. Spring games and rink practice at night might improve football a great deal.

Mr. W. A. Smith submitted the report of the activities of the club in baseball for 1929. There was no Island championship games this year. The Abbies won the N. B. P. E. I. championship by defeating Moncton. In the finals Yarmouth won three of the four games played thus securing the Maritime Championship. Mr. Smith expressed the thanks of the committee to all who co-operated in helping the good old game.

Dr. Yeo, before presenting the report for the track and field committee outlined the history of the Abegweit grounds. He stated that a good many years ago the Charlottetown Amateur Athletic Association leased the grounds from the Connolly estate, and later turned them over to the Abegweit Club which acquired the grounds at the cost of \$2500. \$1100 was collected and paid down, \$1400 remains to be paid. The grounds are kept at considerable expense, payment on mortgage, fence repairs, and upkeep of the grounds. Each year the schools and colleges share the grounds for football without cost. Baseball is carried on during the summer months. In the early summer the track and field committee met and drew up a list of athletes, past, present and future with the idea of a revival in this branch of sport. The lack of interscholastic meets is the keynote of the whole situation, and the chairman suggested that a coach be secured for the young athletes of the schools. At present the grounds require a new fence, some underbrush should be removed, and a roadway built around the track, are some of the improvements in the coming.

In the general discussion Mr. Chas. Stewart brought up the question of paying hockey referees and baseball umpires. Referees at football games never received remuneration.

Mr. G. E. Ritchie criticized the method of accounting inasmuch as there is no segregation of unpaid bills.

Mr. J. Walter Jones suggested that the field and track committee could put on a meet in which country boys could participate, a high-school meet for the province.

Mr. Ed. Acorn voiced the same opinion, and added that boys under twelve years should be permitted free entrance to games in order to discourage the fence jumping habit.

Mr. G. E. Ritchie suggested that the membership fee be increased from \$2 to \$3.

The following resolution moved by Mr. B. C. Murley, seconded by Mr. Jack Gordon was adopted: Be it resolved that the Abegweit Club place itself on record as being in favor of more adequate rink facilities and if it is possible by co-operation with the Fox Exhibitors' Association or the present Arena Rink management

or any other body to further this object to be prepared to aid such a proposal.

The following members were appointed as new members of the executive: J. Leightizer, St. Clair Trainor, J. Walter Jones, T. B. Rogers.

Election of Officers
At a meeting of the executive after adjournment the following officials were appointed:
President, S. F. Doyle.
Vice-President, T. B. Rogers.
Secretary, W. A. Smith.
Treasurer, W. J. McDonald.
Hockey Committee: J. Leightizer, T. B. Rogers, W. A. Smith.
Intermediate Hockey Committee, J. R. Williams, chairman with power to form committee.

Ch'Town Golf Annual Meeting

On Tuesday evening, November 12th, the Annual General Meeting of the Charlottetown Golf Club was held in the Oddfellows' Hall, Victoria Row.

An unusually large number of members, both ladies and gentlemen, attended and followed the proceedings with great interest.

Mr. Percy Pope, President of the Club, occupied the Chair.

Interesting reports dealing with the various activities of the Club were presented by the Chairmen of the various committees and by the Secretary and Treasurer, Mr. E. D. Nicholson presenting that of the "Games" Committee, Mr. K. M. Martin, the "Club House and Property Committee" and Mr. H. W. Weeks, the "Greens" and "New Course."

The statement that the new 18 hole course, which has been under construction during the past three years, had been completely constructed, elicited loud applause.

The Secretary reported the membership to be at the record figure of 306, while the Treasurer's report showed the Club finances to be in excellent condition.

Miss Helen A. Grant presented the report of the Ladies' Branch, showing that important section of the club to be in splendid state, both financial and otherwise.

The meeting then discussed the advisability of amending certain of the By-laws as proposed by the Directors. The suggested changes were passed without alteration.

Following adoption of the reports, the President, Mr. Pope, addressed the meeting, giving a very comprehensive survey of the year's activities. His report is reproduced for the benefit of those unable to attend the meeting.

Election of officers for the season of 1930 resulted in the re-election of all the retiring Board with the exception of Mr. G. P. Nicholson, whose resignation was reluctantly accepted.

Officers of the Club for 1930 are as follows:
President, Mr. Percy Pope; Vice-President, Mr. D. B. Stewart; Secretary, Mr. H. W. Weeks; Treasurer, Mr. A. V. Saunders; Directors, Messrs. E. D. Nicholson, K. M. Martin, L. E. Wellner, G. G. Hughes.

Ladies' Branch
President, Mrs. V. L. Goodwill; Vice-President, Mrs. W. S. Stewart; Secretary, Miss Helen A. Grant (re-elected); House Committee, Mrs. W. S. Grant, Mrs. J. D. Stewart, Mrs. W. H. V. Dunbar, Miss Helen G. Wakeford; Match Committee, Mrs. T. W. L. Prowse, Miss Emma Nicholson, Mrs. H. W. Weeks, Mrs. C. H. Beer; Handicap Committee, Miss Mary E. Hazard, Miss Edith M. Rogers; Local Heap Committee, Mrs. B. Rogers, Mrs. J. E. R. McEwen.

President's Report
Ladies and Gentlemen:

We have met again at the close of another year. From the several reports that have been submitted, you have gathered a comprehensive conception of our Season's Work. Permit me to now direct your attention to some of their salient features. After a resolution has been received, moving for their acceptance and adoption, we will take them up serially and throw the meeting open for their discussion and for suggestions.

The ladies have as usual done their work thoroughly and well. On behalf of the executive and of the several members of our Club, may I express to Mrs. Beer, the members of her executive and the ready helpers who so willingly support all their efforts, the heartiest appreciation and gratitude. The social activities of the Club must ever be a most important feature, and it is to them we must look for success in this direction.

We realize what their Saturday afternoon or any other body to further this object to be prepared to aid such a proposal.

The following members were appointed as new members of the executive: J. Leightizer, St. Clair Trainor, J. Walter Jones, T. B. Rogers.

Election of Officers
At a meeting of the executive after adjournment the following officials were appointed:
President, S. F. Doyle.
Vice-President, T. B. Rogers.
Secretary, W. A. Smith.
Treasurer, W. J. McDonald.
Hockey Committee: J. Leightizer, T. B. Rogers, W. A. Smith.
Intermediate Hockey Committee, J. R. Williams, chairman with power to form committee.

tion tea and the generous assistance that they always give towards visiting guests really means to us. It is only by whole-hearted cooperation that we can carry on effectively and we sincerely hope that this may be ever forthcoming. With the advent of 1930, we will have a very fine Links and it rests with us—the human element—to make it a comfort to ourselves and a most valuable asset to the Community. Let us honestly try to do so.

In the Ladies' Report, they throw out the suggestion of employing a caterer. In this their wishes must decide the matter. But it is not a question of merely passing a resolution. There are many things to be carefully considered and wisely planned. May I suggest that the President and three members of the Ladies' Executive arrange to meet with the President and three members of the incoming Executive and discuss the matter fully; on their report the joint executives may see their way clear to taking some action.

You have heard the Secretary's Report. This year just closed has been one of steady progress, but our efforts have been mainly directed to the extension of our course to 18 holes. The weather as a whole has been most favourable and we can now congratulate ourselves that the work is completed. Next season we will possess an eighteen hole links that for natural beauty will stand comparison with any in Eastern Canada and which when minor details, such as bunkers and cleaning up the rough so as to reduce the loss of balls to a minimum, are added, will test the ability of even the best professional player. This has been brought about mainly by the single minded devotion and unremitting efforts of Mr. Harry Weeks. We of the executive who have been closely in touch with him realize somewhat of this, but the members as a whole must gratefully recognize the fact that the 18 hole course was made possible mainly through his efforts.

The Treasurer's Report speaks for itself. His work has always been punctiliously done with tact and efficiency and it means much to feel assured that the custody of your finances is in thoroughly dependable hands. We all feel duly grateful to Mr. George Nicholson.

The report of the Club House and Property Committee is also satisfactory. There are a dozen and one things that always demand attention and which, if not attended to, would cause loss and annoyance. We have to thank Mr. D. B. Stewart, who has been responsible for this work for years, for the manner in which he has done it. Two matters will engage the attention of the incoming Executive, the roof of the club house will require attention and as soon as possible the line fence along the orchard of the Model farm, which at present conforms to the irregularity of the woods should be properly run.

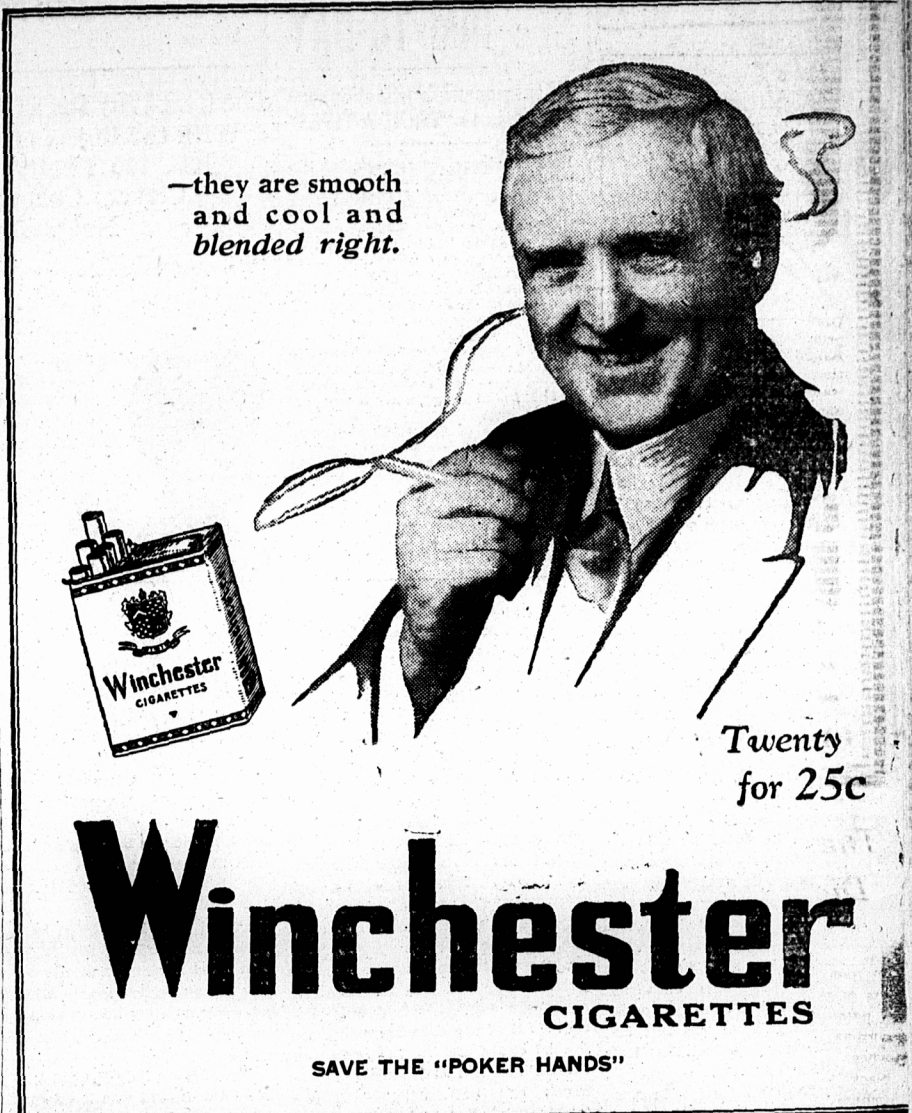

The Games Committee is one which makes large claims upon its chairman and his assistants. The demands upon his time are exacting and he generally finds it necessary to forego his own play in order that the conduct of the matches may be efficiently done. We are fortunate in having this matter in charge of Mr. Edward Nicholson. He is always on hand and always efficient. The supervision of the play of the club is no insecure and calls for a thorough knowledge of the rules and great tact with firmness in administering them. His main object should be not to unduly recognize the demands of the few expert players, save in seeing that the rules and etiquette are always rigidly enforced, but to consider mainly the comfort and enjoyment of the great mass of our players.

The Greens Committee has been mainly directed to the extension work. It is responsible for the enforcement of the rules of play, but much of its work is done by the

operation which has characterized the Executive and which has rendered our work together so pleasant. All of which is respectfully submitted.

There is enough Lather
in a tube of Williams
to shave a
Face
75 FEET
Wide

Face-fit
the whole day through

A Williams shave brings far comfort the whole day through. Wind and sun do not dry out the skin. That's why each Williams shave is smoother, quicker, easier than the one before.

ENOUGH to last you at least 3 months (in a 35c tube) — 6 months or more in a 50c tube.

And there's enough Aqua Velva in a 5 oz. bottle to last you five months.

Williams economy is only equalled by its efficiency.

Williams Shaving Cream softens the beard. At the same time it smoothes and softens the skin. Both the beard and the face are ready for the razor.

Aqua Velva is for the newly shaven skin. Preserves its natural moisture. Keeps it soft and flexible, as Williams Shaving Cream leaves it.

Williams Shaving Cream
Pure, uncolored, fragrant. A mild thick lather. Two sizes, 50c tube and 35c tube.

Williams Aqua Velva
A few drops, after shaving, soften and stimulate the skin. Keep it soft and flexible. Large 6 oz. bottle.
