

HOW TO CURE A HEADACHE

To attempt to cure a headache by taking a "headache powder" is like trying to stop a leak in the roof by putting a pan under the dripping water. Chronic headaches are caused by poisoned blood. The blood is poisoned by tissue waste, undigested food and other impurities remaining too long in the system. These poisons are promptly eliminated because of sick liver, bowels, skin or kidneys. If the bowels do not move regularly—if there is pain in the back showing kidney trouble—if the skin is sallow or disfigured with pimples—it shows clearly what is causing the headache. "Fruit-a-tives" cure headaches because they cure the cause of headaches. "Fruit-a-tives" act directly on the three great eliminating organs—bowels, kidneys and skin. "Fruit-a-tives" keep the system free of poisons. "Fruit-a-tives" come in two sizes—25c and 50c. If your dealer does not have them write to Fruit-a-tives Limited, Ottawa.

Has Flour Any Flavor?

Some flour has almost none at all, or a very disagreeable flavor, because it is destroyed by the electrical bleaching process. But "North West Gem" is different. Our process of purification is entirely new and much more thorough and effective. The result is that "North West Gem" has the fine, full, delicious flavor possessed by the choicest No. 1 hard Manitoba spring wheat, specially milled and purified by flour experts of the first rank. Makes the tastiest bread—try it.
