LABOR OFFICE TO MAKE TENTH CABINET POST

WASHINGTON, Jan. 19.—President-elect Wilson will have ten Cabinet appointments to make instead of nine. Senator Borah to-day completed a canvass which showed that the bill to create a separate Department of Labor will be passed by the Senate before March 4. The House passed the bill in July.

The Democrats will line up solidly for the bill and Mr. Borah's canvass shows more than a majority for it including Republican votes.

The bill provides for the separation of the present Department of Commerce and Labor. It transfers from the present joint department the Bureau of the Commissioner of Labor, the Bureau of Commissioner of Immigration and the Bureau of Naturalization.

It provides for a Secretary of Labor at a salary of $12,000 a year, with a place in the cabinet. An assistant secretary and solicitor are also provided for.

Unable to Work for 14 Months

Complete Nervous Breakdown Left Mr. Black an Invalid—Cured by Dr. Chase's Nerve Food.

Mr. Henry Black.

What a helpless mass of flesh and bone the human body is, once the nerves become exhausted. Extreme weakness comes over you, and you lose control of the limbs. The next step is paralysis.

You will be fortunate if, like Mr. Black, you get the building-up process in action before it is forever too late. By forming new, rich blood Dr. Chase's Nerve Food carries new vigor and energy to every organ and every member of the human body.

Mr. Henry Black, 81 St. Catherine street east, Montreal, Que., writes:—"The wonderful results I obtained from the use of Dr. Chase's Nerve Food constrain me to write this letter in order that others who suffer from nervous exhaustion and weakness may use this medicine with equally satisfactory results. As the result of overwork I became completely exhausted, and was unable to work for fourteen months. As I am the father of a family, these were sad days for me, but after I had used six boxes of Dr. Chase's Nerve Food I had improved so greatly that I continued the treatment until I was completely restored to health and strength. I now work twelve to fifteen hours a day, and keep in excellent health."

ECZEMA FROM HEAD TO ANKLES

Tortured With Terrible Itching and Burning. Scratched Until Tore Flesh. Lay Awake for Nights at a Time. Used Cuticura Remedies and Found a Cure.

St. Ola, Ontario.—"When I was ten years old I began to be tortured with a terrible itching and burning of the skin, and was told it was eczema. I have had it right along for seven years steady. It getting worse every year. I was affected from head to ankles. It seemed to appear like hives at first, then I would begin to scratch until I tore my flesh. It would always be at its worst at night. I have waked myself up at nights scratching and my fingers would be just stiff and cramped from scratching, so that I would be hardly able to straighten them out. My, how I have suffered! My face and whole body would be just a mass of blotches red as fire and after having soap and water on my face then I would begin to burn. I have lain awake for nights at a time when my eczema was at its worst.

"I would be tortured for months at a time. I was getting not only disheartened, for nothing helped, but completely disfigured also, but dame fortune smiled upon me one day in the summer of 1910 and laid before my eyes an advertisement of Cuticura Remedies. I used them according to directions and after a few applications I began to feel and see relief ahead. It is nearly six months since I first began and I can truthfully say I've found a cure." (Signed) Miss Louise E. Wilson, Dec. 12, 1911.

Cuticura Soap and Cuticura Ointment are sold by druggists and dealers everywhere. For a liberal free sample of each, with 32-p. book, send post card to Potter Drug & Chem. Corp., Dept. 38D, Boston, U. S. A.

"YOU'LL SUFFER ALL YOUR LIFE"

That's what the Doctor told him "Fruit-a-tives Cured Him

CHESTERVILLE, ONT., Jan. 25th 1911

"For over twenty years, I have been troubled with Kidney Disease, and the doctors told me they could do me no good, and that I would be a sufferer for the rest of my life.

I doctored with different medical men and tried many advertised remedies, but none of them suited my case.

Nearly a year ago, I tried "Fruit-a-tives". I have been using this fruit medicine nearly all the time since, and am glad to say that I am cured.

I give "Fruit-a-tives" the credit of doing what the doctors said was impossible.

I am now seventy-six years old, and in first class health"

GEO. W. BARKLEY.

In all the world, there is no other remedy that has cured so many cases of so-called "incurable" kidney disease, as "Fruit-a-tives".

This famous fruit medicine acts directly on the kidneys—healing and strengthening them—and ridding the system of the waste matter that poisons the blood.

50c. a box, 6 for $2.50, trial size, 25c. At dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

HARRIMAN DIRECTORS DISAGREE OVER SALE OF CENTRAL PACIFIC

NEW YORK, Jan. 19.—A lively dispute appears to be brewing among the directors of the Harriman lines regarding the Central Pacific, which is the part of the Southern Pacific desired by the Union Pacific.

According to a director of the Union Pacific, there is a wide difference between valuations placed on Central Pacific stock by the Union Pacific and by the Southern Pacific directors and this makes the problem of dissolution more difficult.

H. W. DeForrest has handed in his resignation as a director of the Union Pacific. He will remain as a director and member of the executive committee of the Southern Pacific.

PHYSICIANS OF GREAT BRITAIN GIVEN RELEASE

LONDON, Jan. 19.—The members of the British Medical Association to-day decided by a majority of 115 against 35 votes, to release the British doctors from the pledge they had given not to serve under the National Insurance Act, which permits a monetary allowance and medical attendance to the working classes, during sickness.

The opposition of the doctors to the scheme of State insurance was based on the amount to be paid them for their services, to the insured persons which they declared was too small. It is, however, suspected that politics have much to do with the doctors' resistance, especially in London.

The minority at to-day's meeting was composed entirely of London practitioners, and the campaign against the act centres in the metropolis.
