Gold Stocks Go Against Upward Trend At Toronto

TORONTO, July 6—(CP)—Gold stocks went against an otherwise firmer trend in today's session on the Toronto Stock Exchange. All other groups gained as selling pressure increased steadily over a wide list of junior gold producers. This was the second session in which golds have been under pressure since their strong Monday advance. Seniors showed losses ranging up to a full point while declines ranged up to 10 cents in juniors. Some slight support appeared towards the close. Belief by traders that the pound would be devalued has been responsible for some of the recent strong activity in golds. Today's statement from London by Sir Stafford Cripps that Britain had no intention of devaluing brought slightly increased selling. Gains doubled losses in base metals as the group weathered early pressure and suddenly turned upwards in mid-session. International Nickel, Consolidated Smelters and Hudson Bay led the gainers. Waite Amulet, Falconbridge, Normetal and Sherritt showed gains ranging up to 20 cents. A late strengthening in western oils pulled the list well ahead. Anglo-Canadian was up 15 cents at \$5.60, and Royalite gained 10 cents at \$5.50. The exchange's closing index showed golds down 1.33 at 98.36, base metals up 1.02 at 87.70, western oils up 1.31 at 42.91. Golds listed 40 gains, 64 losses, 36 unchanged; base metals, 17 gains, 8 losses, 2 unchanged; western oils, 14 gains, 5 losses, 5 unchanged.

Australia Increases Defence Program

CANBERRA, Australia, July 5—(Reuters)—Prime Minister Chifley today announced an increase of \$45,000,000 (\$144,000,000) in the five-year Australian defence program, approved in 1947. Chifley said the Federal Cabinet had authorized the expenditure of part of the new allocation on a new type bomb, pyrotechnics and rocket projectiles for the Royal Australian Air Force. The original five-year defence plan was for \$250,000,000.

IDEAS FOR MONTREAL

MONTREAL—(CP)—Walter K. Greenbaum, retired business man, has two suggestions to make Montreal more attractive. He suggests canopies above stores along crowded St. Catherine street to protect people from heat and snow and also city-operated escalators on the steeper hills.

MISNAMED ANIMAL

The guinea pig is not from Guinea and is not a pig, but is a South American cavy, distantly related to the rabbit.

OUT OUR WAY

BY J. R. WILLIAMS

DOG OWNERS ATTENTION

Owners of dogs are urgently requested to keep these animals confined at night and in cases of dogs roaming and out of control to destroy them. The menace of dogs roaming, particularly at night, provides a serious menace to the sheep industry. Reports are coming to the Department of Agriculture that dogs are causing serious losses to farm flocks. Where such losses occur owners of dogs that cause the damage are liable for the full extent of the value of destroyed sheep. No farmer would wish to see his neighbor's flock destroyed through his negligence—Protect your neighbour and a valuable industry by keeping your dog enclosed at night.
