Tea Prices Raising
Rumour has it that the labor unrest, and dissatisfied workers in India, the largest tea producing country in the world, have made production so expensive and hazardous that a general rise in prices may be expected in the near future. The estimated consumption this year will be much larger than the crop available.

TAKE TIME TO THINK OF THE VEIL
Wonderful how much the filmy zephyr that we call a Veil can have to do with the attractiveness of the face that wears it.

There's a most harmonious mesh for every complexion—a mesh becoming, flattering for the thin face or the dimpled one.

Yes, there's a mysterious witchery about the right Veil always and Chosen by our Miss Dorion, Let her choose one for you by mail. PATONS.

TO those who were nearest to him, Heaven is more to be desired for his presence than earth is more to be loved for the great love he lavished upon it. He was in earnest, active, inspiring, sympathy with every good cause, and when the late government forced a temperance commission, he was appointed to a position thereon and rendered excellent service in connection therewith. I am sure he would not have dwelt upon his removal, but upon the abiding presence of the Lord he loved and served.

It is for those of us who remain to fight the good and take hold of the work of God. Presently, we shall meet him again, in the light of the glory of the Lamb, and then we shall love him more than ever.

"The time draws near when from the clouds, near when from Christ shall with shouts descend."

"A few short years of evil past, We reach the happy shore, Where death-divided friends at last shall meet to part no more."

Finally, in the words of the Apostle of Love, I heard a voice from Heaven saying unto me "Write, blessed are the dead which die in the Lord from henceforth, yes, saith the spirit, that they may rest from their labours, and their works to follow them."

"Servant of God well done Thy glorious warfare past. The battles fought, the race is won. And thou art crowned at last."

A. STIRLING MACKAY, Summerside, April 10, 1922.

When Will There Be A Disarmament of Dining Tables?

Suppose everybody would recognize the fact that there's no gain but much loss in keeping up hostilities with the stomach!

Suppose the ancient aggravation of improper food on indignant digestive organs should be settled with guarantees of sensible diet and tranquil digestion!

The saving would be beyond all possibility of counting.

Yet millions go on declaring war on the stomach and accepting in return—loading up on starchy, heavy, unbalanced and highly-seasoned food at breakfast or lunch—and wondering why comfort, happiness and efficiency are out of reach.

Grape-Nuts makes a friend of the taste and an ally of the stomach.

There's a charm and satisfaction to this delicious food which prompts appetite to say, "There's a meal!" and digestion to answer, "Thank goodness, here's peace at last!"

Grape-Nuts is the perfected nutriment of wheat and malted barley—sweet, crisp, and wonderfully nourishing. It digests quickly, and provides the necessary elements, including the vital mineral salts, for body, nerve and brain.

Order Grape-Nuts from your grocer today, and let a delighted taste pass a treaty of peace along to an enthusiastic digestion and assimilation.
