Arbor & Empire Day Observed

The Arbor and Empire Day programmes carried out Wednesday at the four city schools were of the usual high order. A large number of interested parents and relatives were in attendance.

At Prince Street School the chairman and speaker was Councillor P. W. Turner, a member of the School Board, who stressed the significance of Empire Day.

At West Kent, Mr. Reuben Macdonald, a member of the School Board, was chairman. Rev. G. Carlyle Webster, who was the speaker, spoke of Empire Day as an influence in moulding patriotism and loyalty. Rev. Dr. A. C. Vincent voiced commendation of the programme.

At Queen Square School, Mr. Leo MacDonald, Principal, was chairman, and Major T. E. MacNutt was speaker. The latter related the origin of Empire Day, and gave a stimulating and patriotic address.

Following was the programme:

O Canada.
Remarks by Chairman.
Reading—James MacLean.
Our Flag—Boys of Grades VII and VIII.
Chorus—Land We Love—School.
Violin Selection—E. Gallant.
Recitation—Our Arbor Day—Grade IV.
Step Dance—Dennis Dowling.
Address—Major T. E. MacNutt.
Remarks.
God Save the King.

The exercises at Rochford Square were held in the small assembly hall, with the pupils of Grades VII and X in attendance. Mr. C. H. B. Longworth, Chairman of the School Board, presided. Mr. R. H. Rogers, who was the speaker, took as his subject "The King and Empire." He referred to the relationship existing between King and subjects, stressed the importance of the Empire as a group of people, and spoke of the principles of British citizenship.

The program was as follows:

Remarks by Mr. C. H. B. Longworth, chairman.
Piano Duet—"Le Carillon" Rinquet.
Chorus—"O Canada."
"The Song of the Crocus."
Song—"Spring Birds," Hanson.
"The Charge of the Light Brigade."
Patriotic Song—"A Song of Canada," Semon.
Address—Mr. R. H. Rogers, M.A., B.C.L.
A Word of Thanks, Miss Mary Doyle.
"God Save The King."

Victoria Day Celebrated

(Continued from Page 1)

which could be united only by the "spirit of comradeship and understanding which so often outweighs divergencies in our interests."

It was "Empire Air Day" in the United Kingdom. All Royal Air Force stations and civil airports were thrown open to the public. Thousands flocked to watch exhibitions of flying. The King and Queen motored from Sandringham with Lord Londonderry to Bircham, Norfolk, to see an air force display.

In Montreal thousands of French-Canadians attended Victoria Day ceremonies in honor of Queen Victoria and their adopted flag. At Flecher's Field they heard Mayor Camillien Houde say: "Under no flag, and no nation could we French-Canadians enjoy more liberty, more respect, better justice and better government than we do as members of the British commonwealth."

EXPORTS

(Continued from Page 1)

ion Bureau of statistics index shows an increase of nearly 12 per cent over March, 1933. The rise is explained by the seasonal factor of Easter purchases, higher retail prices and general business improvement.

The carryover of wheat is diminishing, the summary says. Visible supply in Canada on May 11 of 202,717,000 bushels was 9,158,000 bushels lower than on May 11, 1933. The first Dominion crop report estimates a decrease of 8 per cent in spring wheat acreage which would bring the figure back to the 1928 level.

Car loadings for the week ended May 5 were 43,453 cars, an increase of 292 cars over the previous week and 6,044 cars above the corresponding week of 1933. Automobiles contributed one of the notable records for the month, production rising to 13,363 from 14,180 in March.

Construction continued low for the season, the total value of contracts let in April being $11,500,000. This, however, was an improvement over $7,500,000 in March.

Fluctuations were on a moderate scale on foreign exchanges with European currencies tending lower. Sterling declined from $5.13 1-2 to $5 10 and the United States dollar ranged from 5-8 of one per cent discount to 1-32 of one per cent discount.

GUARDSMEN

(Continued from Page 1)

fensive here," he added, "and we intend to preserve order."

Guardsman Wounded

The possibility that the strikers and their friends also were firing was seen when a wounded guardsman was taken to a hospital.

The dead: Steve Cyigon, 20, an unemployed youth. Frank Hubay, 27, who lost his job at a battery shop on Monday. A 15-year-old boy, David De Wood, was taken to Women's and Children's Hospital with a wound in his leg. One report said he had been shot, but another gave the cause as a bayonet wound.

Other known victims of the gunfire: Willie Abel, 26, who was in a serious condition. Joe Weislek, 32, who said he was an Auto-Lite worker, shot in the leg. James Lamping, 32, shot in the left arm.

The spearhead of the riot was within a few blocks of Cherry Street, a main traffic artery which outlines the business section.

The shooting climaxed a day of spasmodic assaults against the troops, interspersed with taunts and jeers. Many were hurt in these early clashes, and dozens went to hospitals with streaming eyes to receive first aid treatment for the effects of the tear gas.

The rioting started soon after the siege of the Auto-Lite plant, where strikers had kept non-union employees virtual prisoners throughout the night, was lifted with the arrival of the troops. A chilling rain had speeded the release just about the time the militia reached the city. Guards with fixed bayonets stopped cars in a restricted area around the plant.

Appointed Mediator

Meanwhile, Secretary Frances Perkins of the Labor Department appointed Charles A. Taft of Cincinnati, son of the former President, a special mediator in the strike, which started five weeks ago. The automotive workers demanded a 10 percent wage increase, recognition of their union and priority rights. Company officials last night offered to submit all the questions involved to the Detroit Auto Labor Board for mediation.

On the basis of affidavits by John J. Flynn, charging them with maintaining a public nuisance, warrants were issued for the arrest of C. O. Miniger, President of the Electric Auto-Lite Company, and J. Arthur Minch, Vice President. Tear gas bombs had filled his home across from the plant during yesterday's rioting, Flynn said, and drove out his wife and infant daughter.

Minch was released on his own recognizance after being booked at police headquarters. "I have no intention of shutting down the plant," Miniger told newspapermen as he was being registered by the police turnkey. "We shall continue to operate."

DEATHS

MACLEAN — At Meadowbank, on Thursday, May 24th, James C. MacLean, in his 77th year. Funeral on Saturday, May 26th, service starting at 2 o'clock. Interment Cornwall Cemetery.

ROSS—At the Prince Edward Island Hospital, May 22, 1934, Mrs. Gordon Ross (nee Sadie Gillis) of Vernon River. Funeral took place from her late residence Thursday, May 24th, to Vernon River United Church.

O'NEILL—At his residence, 1 Orlebar Street, on May 23, 1934, John O'Neill, aged 70. The funeral will take place from his late residence this morning at 8.45 to St. Dunstan's Basilica thence to the Roman Catholic Cemetery.

MUTLOW—At 261 Fitzroy Street on Wednesday, May 23, 1934, James N. Mutlow, in his 63rd year. Funeral from his late residence, Friday May 25th service starting at two o'clock; interment Brich Hill Cemetery.

IN MEMORIAM

In loving memory of our dear Father
GEORGE C. CLARK
Died May 24, 1933.

The exile is at home!
O nights and days of tears,
O longings not to roam,
O sins and doubts and fears:
What matters now griefs darkest day;
The King has wiped those tears away. Amen.

PENSIONS OFFICIALS HERE—Mr. J. P. Connolly, Halifax, and Mr. B. Bray, Toronto, officials of the Pensions Tribunal, are in the city at the present time to confer with Mr. L. W. Lowther, pensions advocate.

BEREAVEMENT — Death came suddenly to the mother of Rev. W. A. Paterson, Cavendish, P. E. I., who resides at Upper Kennetcook, Hants County, Nova Scotia. Sympathies of friends are extended to him in his sad bereavement.

CONVOCATION DANCE — The graduating class of Prince of Wales College held its Convocation Dance last evening at the I. O. O. F. Hall. There were about 250 in attendance. The enjoyable function was chaperoned by Mrs. W. J. MacDonald and Mrs. J. F. MacMillan. Elliot's Orchestra was in attendance to supply the dance music. Lunch was served and dancing continued till a late hour.

LOTS OF FUN AND PEP at Boy Scout Concert in Prince of Wales College. L-5301

PAINFUL ACCIDENT—Friends of Mr. William Dickson, Gaytown, will be pleased to learn that he is making satisfactory recovery from a painful accident which occurred early this week while lobster fishing, and in which his right thumb was badly smashed in the hoisting gear of the boat. Mr. Dickson, with a hired man, was fishing eight miles off shore at the time of the accident. Prompt action on Mr. Dickson's part in stopping the engine averted what might have been a much more serious mishap.

RECONSTRUCTION OF RIFLE RANGE — Reconstruction of the Kensington Rifle Range has been started this week under the direction of Mr. G. Welsh, Dominion Government engineer, and will continue for about three weeks. On Wednesday 19 men were employed, thirteen of whom were returned soldiers. Six additional carpenters, including four returned men, will go on the job this morning. While an effort has been made to employ as many Legion members as possible, other necessitous cases have had to be considered and the work is being distributed on a basis of fairness to all concerned.

RED CROSS ADDRESS—Dr. H. E. Munro, Lieutenant Governor of the Province of Saskatchewan, addressed radio audiences over the Canadian network Wednesday night outlining the work of the Red Cross in that province and making an appeal for funds to carry on its many useful activities. In reviewing the work of the Saskatchewan Division, he told about the ten outpost hospitals now in operation in that province saying that 1,700 patients had been cared for in them during the past year. The Lieutenant-Governor also referred to the splendid efforts being made by the Saskatchewan Division on behalf of crippled and otherwise handicapped children. In closing he said: "The appeal is a very urgent one and support must come from those who can spare a little." Last night Hon. J. E. Brownlee, Premier of the Province of Alberta, addressed the Canadian public over a net work of radio stations in the interests of the National Red Cross Society. He pointed out that the people of this country can best show their gratitude for the magnificent service the Society rendered during the Great War by supporting its undertakings in these days of peace, which efforts are as extensive and important as in the disastrous days of the World War. Along with its usual work the Red Cross has cooperated in a very extensive way with the Government of Canada in the execution of their relief measures made necessary by the prolonged "Depression." The efforts of the Society to keep up the public morale are worthy of all praise and of the most generous support of our Canadian citizens.

CANADA TO FLOAT LOAN IN LONDON

$50,000,000 Bond Issue Will Be Offered To Public At Interest Rate of 3 1-4 Percent.

(C. P. By Guardian's Special Wire)

OTTAWA, May 24. — Hon. Edgar N. Rhodes, Minister of Finance, announced today that the Dominion Government has just completed arrangements for the underwriting of a new loan in the London market. The loan will be for an amount of £10,000,000 (50,000,000) and will bear a coupon rate of 3¼ percent. It is being offered to the public at 96½ to yield approximately 3.48 percent to maturity. This represents the cheapest financing of this character arranged by any Dominion in the London market during the past year. It compares with a 4 percent basis for the Dominion of Canada loan which was floated in London last August. That loan marked the reentrance of Canada to the London market after an absence of 20 years. It carried a 4 percent coupon, was offered at par and is now selling at 108 callable in whole or in part on or after May 1, 1950. It carried a sinking fund of one half of one percent per annum.

Underwriting of the loan was successfully completed in London today. It will be advertised on Friday (and Sunday) and applications from the public will be received on Monday next.

The loan is being raised to provide funds to meet sterling obligations and for other government purposes. On June first of this year the Dominion Government has to redeem a 3½ percent issue of registered stock which was offered in London in 1884 and is still outstanding in the amount of £4,823,028, of which £2,086,775 is held in the sinking fund.

PREMIER SOUNDS

(Continued from Page 1)

the world in area, population, variety of resources, of religions and forms of government.

"For centuries the British people have given light and leading to mankind, and we of the Dominions who have enjoyed the benefits of our association are now more effectively cooperating with the head of the family in maintaining the permancy of what we have builded. And with pride and traditions of Empire is mingled an abiding sense of thankfulness and responsibility to the future.

"Last night I spoke at an Empire dinner at Montreal and heard descendants of the pioneer race which settled Canada pay tribute to the justice of British rule, the liberty, civil and religious which had been enjoyed under the policies of the tolerant and far-visioned statesmen of colonial days. In the swift march of events in an ever-changing world, it is wise for each generation constantly to view events in the perspective of their history. That determines the policies of the future. World events leave their mark upon our daily life. In the active cooperation of the Dominions with Great Britain we can do much to improve our material conditions extend our trade and commerce and promote the peace of the world. If we can but unite our efforts with our cousins on the other half of this continent we can insure the maintenance and progress of our civilization and the happiness and prosperity of mankind. Canada will do her part.

"I wish you continued success in the great work on which you are engaged, and through you again thank the people of the United Kingdom for all they have done and are doing to assist Canada to recover from the universal depression and fittingly discharge the duties and responsibilities of the senior Dominion of the Empire.

The Prime Minister closed with congratulations and best wishes to the Canadian Chamber of Commerce in London for continued success in its eforts to improve trade relations between Great Britain and Canada.

English Ace Wins Easy Victory

(A. P. by Guardian's Special Wire)

PARIS, May 24—The French hard court tennis championships were off to a good start for Fred Perry, English Davis Cup ace tonight, after he had taken an easy victory from Jean Augustin with scores of 6-4, 6-1 and 6-1.

Other British victories were those of H. W. (Bunny) Austin over P. Goldschmidt—scores 6-2, 6-2 and 6-3—and Vivian McGrath of Australia over D. Billaudot, 6-1, 8-10, 6-2.

France defeated the United States four matches to one in an unofficial team match between the American Wightman Cup team and the French women players who are competing in the hard-court championship.

Miss Alice Marble fainted during her match with Mme. Jung Henrotin after each had won a set and was rushed to nospital at Neuilly suffering from gallstones.

The only American victory was scored by Helen Jacobs over Mme. Rene Mathieu 6-2, 6-3.

A new gasoline cooking stove for campers, including a rack to hold cooking utensils, weighs less than a pound.

VELSHEDA IS FASTER BOAT, IS BELIEF

(A. P. By Guardian's Special Wire)

GOSPORT, Eng., May 24—Yachting experts here who have watched the early trials of T. O. M. Sopwith's America's Cup challenger Endeavour against Velsheda, W. L. Stephenson's big racing yacht, have about come to the conclusion that Velsheda is the faster boat.

Velsheda has been acting as a "trial horse" for the Sopwith challenger and old yachtsmen believe that if Endeavour eventually proves the faster she will have a good chance of retrieving the cup lost to the United States three-quarters of a century ago.

If Endeavour cannot show her stern to the Stephenson boat, however, they believe all the work and money Sopwith has lavished on her will have gone for nothing.

There has been no serious racing between these two fleet sloops as yet but they will be pitted against each other closely enough for an adequate comparison in the trials scheduled off Harwich starting June 2. The Sopwith yacht is not yet tuned up to the degree her master wants and various alterations are being considered.

PLAYS BIG PART IN DOUBLE WIN

(C. P. By Guardian's Special Wire)

YARMOUTH, N. S., May 24—Despite a decision of the Maritime Baseball Association debarring him from organized baseball this season, Copie LeBlanc played a major role in a double defeat inflicted by Yarmouth Gateways on Liverpool today.

The southpaw flinger was barred with the other players of last year's Springhill Fencebusters because the team owed the Yarmouth Gateways $233.33 for expenses incurred in two games in the Nova Scotia playoffs last fall, called "no go" when a replay was ordered between Springhill and Halifax from a previous series.

Copie was not worried about that, however. In the morning game he pitched a shut-out to give Yarmouth a 5-0 victory. In the other game, he came to the Gateways rescue in the seventh when the bases were filled against them and one out. No runs were scored, and Yarmouth won 7-4.

LeBlanc was acquired by the Gateways this year, after leading Springhill Fencebusters to a Nova Scotia-Prince Edward Island championship last year. Formerly he played with Moncton.

LEAFS DROP DOUBLEHEADER

(C. P. By Guardian's Special Wire)

MONTREAL, May 24—A Victoria Day crowd of 7,500 paid admissions saw Chad Kimsey pitch his eleventh victory of the season today, 7-2 in the first game of a doubleheader but the Royals split the bargain bill when Ken Ash turned them back in the nightcap, 8-4. Bisons hammered Ray Fritz for eight runs before he was relieved in the fourth and Royals' belated rallies, which included Grigby's homer over the scoreboard leading off the fourth, came too late to bother Ash. Bisons got 10 hits in the nightcap, nine of which were allowed by Fritz.

The league leading Rochester Red Wings spoiled a holiday bill for Toronto fans when they captured both morning and afternoon International League games and increased their hold on first place. The scores were 7-5 and 12-8.

A six-run rally off Sheriff Blake in the fourth inning of the afternoon game gave the Wings a lead the Leafs could not overtake. The visitors continued a batting assault against Bert Cole, veteran southpaw.

In the morning game the Wings bunched hits off Steamer Lucas and Cole behind faulty fielding by the Leafs who got 11 hits off Ray Harrell but could not cluster them to advantage, Harrell registering his fifth straight victory.

AGGRESSIVE SPEECH BY IL DUCE

Says Italy Is Now Ready For Any Eventuality.

(A. P. by Guardian's Special Wire)

ROME, May 24—Aggressive Premier Benito Mussolini told a frenziedly cheering throng celebrating the 19th anniversary today of Italy's entrance into the Great War "it is better to live one day as a lion than 100 as a sheep."

Thousands upon thousands of soldiers, blackshirts and Fascist youths jammed the square about a balcony of the Venezia Palace.

"Italy wishes peace but is now ready for any eventuality," asserted Il Duce. "Are you ready?"

A roaring chorus of assent answered his question.

Later Il Duce engaged the Fascist Secretary of State in a brief, whirlwind sabre match at the National Newspaper Club.

VICTORIA DAY WAS DAY OF SPORT

Yesterday was a day of pleasure excursions and sport. Large numbers of people left the City for the day by car, many to frequent the trout streams in various parts of the province. Although conditions were not entirely favourable for fishing, some good catches are reported, and, as usual, numerous stories of "the one that got away" were being circulated. The Rocky Point ferry made its usual trips and was laden with crowds in the holiday mood.

The golf season officially opened at the Belvedere Links, where several matches were played, and where numerous golfers tried out after the inactivity of winter months.

Two baseball games at Victoria Park were witnessed by large crowds of fans.

A few hardy individuals even ventured into the chilly waters of the harbor for their first plunge.

JAPAN WANTS NEW NAVAL AGREEMENT

Rear Admiral Sakano Says 5-5-3 Ratio Menaces Empire's Safety.

(A. P. by Guardian's Special Wire)

TOKYO, May 24—Maintaining that the 5-5-3 naval ratios "menace the Japanese Empire's safety", Rear Admiral Tsuneyoshi Sakano, chief of the navy's propaganda bureau, today gave notice of Japan's objections to an extention of the present limitations beyond 1936.

"New agreements fairer and more reasonable and affording Japan genuine assurance of security" must replace the London and Washington treaties. Sakano said in a written statement to the press which, however, did not mention the matter of parity with Great Britain and the United States.

"The Washington treaty was framed to meet special conditions immediately after the war," the statement said. "And now long outdated."

Vernacular newspapers in reporting the statement quoted unnamed naval authorities as insisting upon "agreements based upon principal of equality" and "equal rights in national defense."

MINERS GO BACK TO WORK

(C. P. By Guardian's Special Wire)

STELLARTON, N. S., May 24—Strife ended, rival union workers will go down into the mines tomorrow morning side-by-side following the United Mine Workers' decision to abandon their "closed shop" policy which barred Amalgamated Mine Workers from the pits earlier in the week.

Today all was quiet in Pictou County's mining areas in contrast with the mob demonstrations of Wednesday, when 600 wildly excited men and women jeered miners coming up from the day shift. Women, mostly wives of the A. M. W. workers, rushed at the miners pulling their caps from their heads and tearing at their hair.

Mine officials said tonight they expected no repetition of these disorders tomorrow, and expressed the opinion that members of both unions would go peaceably to work together at the Albion and Allan shafts here and at the Thorburne mine.

Stellarton local of the U. M. W. voted almost unanimously Wednesday night to allow members of the A. M. W., the smaller union, to go back to work Friday morning. There was general satisfaction in the ranks of the A. M. W. as this decision was announced and their pickets at the Allan shaft were withdrawn.

Greater Volume Of Hogs Moving

Encouraging Review Of Hog Marketing Situation By Livestock Marketing Board.

"The volume of hogs moving since the first of the month is maintaining proportions much in excess of what was anticipated would be the case earlier in the season," reports Mr. J. A. Gillies, Secretary of the Livestock Marketing Board. "This may be due to the fact that production was carried on to a larger extent than farmers were given credit for, or perhaps we were entrusted with the sale of a greater percentage of the maturing hogs than was the case a year ago. Probably a combination of both. Sales have been very satisfactory, and whenever club secretaries have succeeded in assembling a full load, and getting the hogs under way to their destination, so that shrinkage in transit was held within reasonable bounds, net returns to the individual were invariably satisfactory. This week three car loads were assembled at various points and shipped to the mainland, all sales being made to the Swift Canadian Company at Moncton.

Markets Fairly Firm

"The markets are remaining fairly firm, in fact, a strengthening of 25c. per cwt. was reported on Monday sales at Montreal. Returns to farmers are such as may well encourage and lead to greater production. It may be hazardous to venture an opinion as to what hogs will bring in the fall, but judging from present indications, a great deal of the gambling chance associated with the industry is pretty well covered with encouraging prospects, and farmers are correspondingly safe in increasing their volume of production.

Spring Litters

"The natural increase, via the spring litter route, has been rather disappointing in some sections of the Province, "Infant mortality" proving itself an expensive avenue of depletion in addition to creating an annoying situation. In other localities there is a surplus which is offered for sale. Farmers are quite disappointed at the low price which they are asked to accept for these little grunters and it seems only reasonable to suppose that, under present circumstances, conditions, and prospects, sucker pigs would bring more than $7.00 per pair at five weeks of age and over. The Marketing Board of course believes that it will prove more profitable to raise as large a percentage as possible of the little pig crop to maturity and market them in a finished state to the packing plants and other buyers. For this reason, we have consistently quoted $8.00 per pair, net to the farmer, as a minimum price to all enquiries with the result that orders are now coming in almost daily from mainland buyers who have made up their minds that "Island" sucker pigs will not be sacrificed. We believe in exerting our efforts towards jacking up the price the buyer will have to pay, rather than beat down the farmer who has a few for sale, to meet any low price that may be offered. We have shipped little pigs for which we paid $8.00 per pair,—never less,—and at the moment have repeat orders on the desk for further supplies at the same price. Furthermore we will not accept orders at anything less.

Lambs

We have enquiries this week for good lambs, 60 lbs. and up, which we could have sold at 11c. per lb. We are prepared to handle a certain number weekly at highest market prices. Club members should list with their secretary any lambs they may have to offer, as buyers must know the quantity moving sufficiently in advance to permit of resale during week of arrival at packing plant. Early lambs cannot be slaughtered and kept in storage for later sale. Hot weather and changing market values prevent doing business in such a way. The supply required each week will be limited and marketing service cannot be assured in any case other than along the lines we have suggested. We also want some good calves on the same basis, and the price is in line with other values, quality considered. We have paid 5c. per lb., country weight, for good top grade calves."

Former Amateur Aces Advance In Prof. Tourney

(A. P. By Guardian's Special Wire)

NEW YORK, May 24—Two former rulers of amateur tennis took another step forward in the Eastern professional tennis championship today when big Bill Tilden and Ellsworth Vines, Jr., turned back the bid of two French stars in the first of a six-match round robin series among the four semi-finalists.

Tilden beat back the challenge of Martin Plaa 6-4, 6-4, 6-3 and then watched Vines take three straight sets from his rival of amateur days, Henri Cochet. The scores were 6-3, 6-4, 6-2.

With each one of the four to play the other with the winner determined, in case of a tie, in matches won, on the basis of set won, Tilden will clash with Cochet tomorrow and Vines will meet Plaa Saturday. The final match will be played Sunday.

Shutout For Y.M.C.I.

(C. P. By Guardian's Special Wire)

SAINT JOHN, N. B., May 24—The City Senior Baseball League opened today with Y. M. C. I. trouncing St. Peter's 4-0. Kiley, catcher for St. Peter's last year, contributed a home run to his former team's defeat.

Closing Shoot Of Season

The Miniature Rifle Club held their last shoot of the season on Tuesday, May 22nd. Good average marks were made. The highest scores were: Dr. Leard, 95; Dr. Lawson, 95; C. B. Jelly, 94; Miss Lena Rayner, 93; Llewellyn Rogers, 92; B. I. Rayner, 92.

The best scores of the season were Dr. Allen, 99; Dr. Leard, 98; Dr. Lawson, 98; B. I. Rayner, 98.

The club will continue its activities on the outdoor range for the summer months.—S.

HOME RUN STANDING
