HOSPITALS CROWDED MAJORITY OF PATIENTS WOMEN

Mrs. Pinkham's Advice Saves Many From this Sad and Gostly Experience. It is a sad but true fact that every year brings an increase in the number of operations performed upon women in our hospitals. More than three-fourths of the patients lying on those now white beds are women and girls who are awaiting or recovering from operations made necessary by neglect. Every one of these patients had plenty of warning in that bearing down feeling, pain at the left or right of the womb, nervous exhaustion, pain in the small of the back, leucorrhoea, dizziness, flatulency, displacements of the womb or irregularities. All of these symptoms are indications of an unhealthy condition of the ovaries or womb, and if not heeded the trouble will make headway until the penalty has to be paid by a dangerous operation, and a lifetime of impaired usefulness at best, while in many cases the results are fatal. The following letter should bring hope to suffering women. Mrs. Robert Glenn, of 434 Marie St., Ottawa, Ont., writes: Dear Mrs. Pinkham's Vegetable Compound is so well and widely known that it does not need my recommendation, but I am pleased to add to the many which you have in its favor. I suffer from all the troubles mentioned by nearly three years, and the doctors told me that I must undergo an operation, but as I was unwilling to do this, I tried your Vegetable Compound, and I am only too pleased that I did so, for it restored me to perfect health, saving me the pain of an operation and the enormous bills attending the same. Pray accept my hearty thanks and best wishes. Just as surely as Mrs. Glenn was cured of the troubles enumerated in her letter, just so surely will Lydia E. Pinkham's Vegetable Compound cure every woman of the kind who suffers from womb troubles, inflammation of the ovaries, kidney troubles, nervous excitability and nervous prostration. Mrs. Pinkham invites all young women who are ill to write her for free advice. Address, Lynn, Mass.

Good Weather to Paint Don't put off painting till next spring. Do it now! Weather conditions are good; no long spring rains to soak into the lumber and jeopardize good results; no gnats and flies to stick to the fresh paint; the paint put on now gives protection against winter storms.
