

REVACCINATION

The safety factor today is perhaps being emphasized more than in any time in the past. For the past few years one week is set apart as "Health Week." This is a special occasion when we should take "stock" and try and ascertain if we are doing as much as we individually and collectively can to make this Dominion, this Province, this City of ours as safe as we can from disease, which is our common enemy.

The consensus of modern opinion in the field of public health in Canada, in the United States and in Great Britain is that a single vaccination against smallpox is, in too many cases, not sufficient for a life time of protection. In order to play "safe", it is desirable and necessary to repeat this vaccination periodically. Every six years is considered an optimum time to seek this protection by a re-vaccination. It is the one and only way to banish this enemy and all school children from Grade VII upwards should avail themselves of this protection.

"Health Week" this year is observed during the first week of February and the Department of Health is making preparations for clinics in each of the City Schools the following week for this purpose.

Any school child, who has never been vaccinated and any who has been vaccinated six years ago or longer, in addition to those in Grades VII, VIII, IX and X attending the City Schools are eligible for these clinics, which will be conducted by the City Health Officer, assisted by the City Public Health Nurse.

It should be pointed out that it is required by law that a child must be vaccinated before he or she can attend a public school, but the revaccinations are voluntary. Intelligent parents do not require compulsion when the health of their children is at stake.

The time and place will be later advertised in the press.

WATCH FOR IT.

In Memoriam

In fond and loving memory of our dear husband and father, James R. McDonald, South Lake, who departed this life three years ago, February 2nd, 1945.

Out of our life a light has gone,
And yet we know
If in the darkness God's dear will be done,
'Tis better so;
If in our loneliness we look to Him,
We need not fear;
For love will light the path that
else were dim,
If He be near.

Despite sub zero temperatures, eight Sea Scouts and two leaders from Bogota, Colombia, enjoyed a 12-day visit to Canada this month. Arriving in Montreal on January 16 they spent five days there as guests of the La Federation des Scouts Catholiques.

In Ottawa they were entertained for four days by Sea Scouts under the direction of the Ottawa District Scout Council. It was there they were presented with ear muffs as practical souvenirs of their Canadian visit, a gift they appreciated when the thermometer passed the 20 below mark.

Three more busy days were spent in Toronto as the guests of the Boy Scout Council of that city before the visitors left for Buffalo en route to Boston, New York, Washington and New Orleans.

Boy Scout leaders in greater numbers attended official training courses in Canada in 1947, it is shown in the annual report of the Canadian General Council of the Boy Scouts Association by E. F. Mills, Executive Commissioner for Training at Dominion Scout Headquarters.

In all some 1444 leaders qualified for certificates last year as compared to 1015 in 1946, while correspondence courses read numbered 781 as against 700 for the previous year.

Friday, February 20—Hobby Day: Local Associations, Troops, Companies, and Packs to make own arrangements. Charlottetown Associations sponsoring joint Skate for Brownies and Cubs at the Forum at 3:00 P.M. Radio address by a representative of the Boy Scouts.

Saturday, February 21 — International Day: Troops, Companies, and Packs will put on pageants, etc., representing various countries of the world, and gather parcels for the needy in Europe. Radio address by a representative of the Girl Guides.

Sunday, February 22 — Thinking Day (Baden-Powell's Birthday): Scout-Guide Rally to be held at 4:00 P.M. in Prince of Wales College Auditorium by Queen's Group Associations. (It is hoped Summerside Local Associations will be able to arrange a similar programme in Summerside). Speaker at the Charlottetown Rally is to be Mrs. J. Gordon MacDonald, recently appointed Provincial Girl Guide Commissioner.

The above outlined programme is very general in its scope. Detailed timing programme will follow. It is hoped that Local Associations of both Guides and Scouts will check up with this general outline and arrange their programme for the week accordingly. There will be a newspaper and radio programme outlining the aims and objects of the Week and the various merits of the movements, but it is felt that the best publicity the movements can receive is by giving our boys and girls a real Week's entertainment and instruction. They will return to their homes full of interest and enthusiasm for their respective movements and give both movements better publicity than any other medium we could find.

Tribute Paid To Former C.W.L. Sec'y

The following tribute to the late Mrs. J. T. Glennon, former National Secretary of the Catholic Women's League, will be of interest to members and friends of the C.W.L. in this Province. It appeared recently in Catholic Record.

On the 7th of January death removed from the Canadian scene one of the Dominion's outstanding Catholic women in the person of Mrs. J. T. Glennon, of Montreal, until recently National Secretary of the Catholic Women's League of Canada. Mrs. Glennon is survived by three children, Kathleen, Betty and Wilfrid. Mr. Glennon died some years ago.

Few deaths could have left so many bereft, for thousands of women throughout Canada and, indeed, in many other countries, looked upon this extremely capable and cooperative little lady as a real friend. For eight years, and particularly during the trying years of the second world war, she performed the tremendous amount of extra duties required of her in a thoroughly businesslike manner, always with a devotion to League interests and a careful guiding of its destinies. At the same time, she was Editor-in-Chief of Canadian League Magazine and most of her out-of-the-office hours were spent in writing, editing and searching for news items which might be of interest to the readers. Truly, she was one of the worlds great, the doers, whose deeds go unsung until the cessation of their work leaves a proclaiming void.

Mrs. Glennon was born in England where, as a young woman she followed a specialized and highly successful teaching career for which she had prepared by taking Oxford University examinations. She taught in Liverpool and London, England, and in Glasgow, Scotland, before coming to Canada, as a bride, after the first world war. In this country, the young couple settled in the West, where all of their children were born, and in those early days Mrs. Glennon's remarkable energy and desire to help others found an outlet in work for mentally retarded children and in an active interest in a newly-formed national women's organization, the Catholic Women's League. This led, at about the time of her husband's death eight years ago, to her appointment as Executive Secretary of the League and she then removed to Montreal, where the national headquarters of the League are located.

Before long "Elizabeth Glennon" became known to hundreds of minor executives of the growing organization for her tact and co-operation. The highest officers and humblest members soon realized that they could depend on her for her kind understanding and prompt attention in the working out of large or small problems. Yearly National Conventions, to which came women from all parts of the Dominion and from every walk of life, were carried on with the greatest of smoothness and success under her capable management. Then there was that amazing—to those who knew the exacting nature and extent of her duties—good humor and happy outlook. How many subdivision presidents, secretaries, treasurers and conveners will remember and miss the heartening note which was her own particular cheerful ending of the thousands of letters which she was called upon to write yearly. "With every good wish, I remain"

And just so, "with every good wish," Elizabeth Glennon will remain in the hearts and prayers of her fifty thousand fellow members of the League. Her courage in the face of grave responsibilities, her spirituality and her work in the field of Catholic Action will also remain as a shining example to Canadian Catholic women. "Well done" must surely have been her celestial welcome, as "May her soul rest in peace" is the sincere prayer of her sorrowing friends.
