Why Blame the Good for the Bad?

BECAUSE thin, skim milk will not nourish a baby; has nothing to do with milk fresh from a registered cow.

BECAUSE some coffee develops a bitter tang and is not satisfactory—has nothing to do with

SEAL BRAND COFFEE

"Seal Brand" is coffee that has been selected from the world's best plantations by coffee experts, roasted and blended by those who have given a lifetime to the study of coffee.

If you like a cup of GOOD Coffee, try "Seal Brand".

In 1/2 and 2 pound tins—in the bean, ground, or fine ground for percolators.

If you want to know the true secret of a delicious cup of coffee, write for our booklet, "PERFECT COFFEE—PERFECTLY MADE".

CHASE & SANBORN, MONTREAL

Proceedings in Provincial Legislature

(Continued from page one.)

In power they managed the institution as well and better, and at smaller expense. Of course, this is not true and they know it. The amount of money they spent on it was small, to be sure; but let any of them take his pencil now and figure out on all the items provided for that institution in 1911 and the same articles in 1918, an what would he find? In nearly all these items there is an increase of at least 100 per cent; so that if the Liberal Party had to pay in 1911 the prices that prevail in 1918, the cost of Falconwood under them would be somewhere near \$100,000. There is no doubt at all about that. You can easily obtain the figures.

A good deal has been said about the Medical Superintendent. So far as that is concerned, I think the matter was very well put by the member for Georgetown last evening, when he told this House that the percentage of cures in that institution was a great deal higher last year than it was for many years past. We know that the Medical Superintendent who was temporarily in charge of that institution would not have held the position for a week or a day unless he knew he was capable of handling it. I have known that institution for a good many years and been in close touch with it for the last few years, and I have had some knowledge of it for about twenty years; and I think when you compare Falconwood of that day with the Hospital as it is today you will find quite a difference. Twenty years ago when I visited the place first as a member, there were two institutions out there—the stock farm and the Hospital. The farm was separate from the Hospital in all its affairs. It was a large farm with a very large stock of good cattle. There were over forty milk cows, and a number of buildings—good in their day but they were built a long time ago. Then there was the Hospital, conducted without any resident physician; it was conducted a good many years without any resident physician. I would not find fault with the gentleman who had charge of it that time. Perhaps the exercised judgment and waited until they got a man with whom they were satisfied to put him in charge of the institution as Medical Superintendent of the Asylum. The stock farm in the meantime was not very well handled. It was going from bad to worse. The stock dwindled down; some of them had to be killed off. Of course, if you mention anything like disease in these days you are charged with advertising the province in a bad light. But I must say that that is what took place there. Disease got into the stock, and the stock farm was turned after a while into a dairy farm supplying milk to the factory for a time; then it was turned into a cereal farm. They were growing oats and selling off, and all the time the farm and the stock was dwindling. Then the farm with its stock was thrown on the hands of the institution and placed under the charge of the Medical Superintendent. The Medical Superintendent did the best he could with it no doubt. He was not an experienced farmer and had no knowledge of work to attend to apart from the farm. We have no doubt he gave it the best attention he could, but what do we find took place? For years and years—I don't know how many—those buildings were never touched by paint or whitewash. Some of them even blew down. The stock was attended to by one or two hands and by patients who were able to do anything. They had to travel from the Hospital to the farm, a distance of about half-a-mile, whatever the weather was like—rain or shine, snowstorm or anything else, the patients had to go there and feed the stock and go back again, and it was a continual tramp back and forth from one place to the other. The result was, that it would be about nine o'clock in the morning before the stock was attended to. They were fed and milked, and fed again at noon and in the evening at four o'clock or five, and the stables were closed and nobody went near them again until nine o'clock next morning. You could not blame the farm hands or the patients or the Superintendent. When we took over the institution we found, in dealing with the stock, that no fewer than nine of them had to be destroyed; and later on some 13 had to be destroyed. We tried to get a farm manager. We tried to get a man who could get the farm into a hundred and expenses. We thought it was pretty much considering everything, and the matter was not put through. Time passed, and the Medical Superintendent asked for leave to go to the front. When he went to the front he was replaced by another Superintendent who could not take charge of the farm. He was not a farmer and it was too much for him to undertake. We had

Little Girl Had Jaundice

And All Treatments Failed to Arouse the Action of the Liver Until Dr. Chase's Kidney-Liver Pills Were Used

Plympton, N. S., April 23.—This is a case in which the liver became sluggish and torpid and failed to filter the bile from the blood. As a result the complexion became yellow and muddy and the white of the eyes discolored and the whole system poisoned by the accumulation of impurities. Doctors were trying various medicines, but did not succeed in finding any effective treatment. Fortunately a friend advised the use of Dr. Chase's Kidney-Liver Pills, and cure was effected.

Mrs. Chas. E. Melancon, Plympton, N. S., writes: "My little girl was taken ill with jaundice in November, 1915, and we tried all kinds of medicines, but everything failed. I was advised by a friend to try Dr. Chase's Kidney-Liver Pills. I did so, and a few doses relieved her, while one box made a complete cure. I myself have used two boxes of Dr. Chase's Kidney-Liver Pills, and they have cured me of headache and nervous troubles. I would not do without them in any household. I hope that this letter may be of benefit to other poor sufferers."

Here is another interesting letter from Plympton:— Mrs. Wm. H. Comeau, Plympton, N. S., writes: "I had been ailing for some time, suffering from a lame back. I had taken medicine for this trouble, but nothing helped until I started using Dr. Chase's Kidney-Liver Pills. In three months these pills completely cured me, and I have never been bothered with lame back since. I think Dr. Chase's Kidney-Liver Pills are the best made and my husband is enthusiastic over them too."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 3 or 4 times a day, at all dealers, or Edmondson, Bates & Co., Limited, Toronto. Look for the portrait and signature of A. W. Chase, M. D., on the box you buy.

THE BOYS' OPPORTUNITY FOR WAR SERVICE

Practically half a million of Canada's boys have gone forth in the Empire's struggle for Liberty and Right. The mothers and sisters of these men in Red Cross and other patriotic work, stand with those who stand behind us and the foe. The boys of Canada have given liberally of their wealth and services and on May 5th and succeeding days the great Canadian Drive for two and a half millions for War Work is being made. Up to the present time, however, the resources and powers of the League have largely remained unutilized.

The United States in its last effort raised \$50,000,000 and in this splendid enterprise 110,000 boys actually pledged and paid \$10.00 each for the various forms of War Work, over-subscribing the million dollar mark by \$100,000. In Canada's approaching effort to raise two and a half million to have a similar part. The proposal is that 6,000 Canadian boys earn and give \$10.00 each by October 1st—\$60,000 in all to the Y.M.C.A. Red Triangle War Fund. The Y.M.C.A. work is essentially important, but the raising of the money even for such important work is not the prime concern.

For 6,000 Canadian boys to give \$10.00 is, as far as we know, the largest financial undertaking that the boys of Canada have ever faced. However, the financial side of the "Earn and Give" Campaign is not its most important side. To educate and in- spire 6,000 boys to make great personal sacrifices in the time of our National War crisis is a far greater achievement than the mere securing of the money. To educate the boys of Canada to see their relationship to

Mr. J. J. Enman, City, has returned to newspaper work, having resumed the position formerly held by him on The Guardian.

The many friends of Mr. S. A. Drake of Millview will be pleased to hear that he arrived safely in Cibealle, Alberta, also Mr. William Drake and family.

Mr. B. Bremner of Carter & Co., Ltd., has returned from a business trip to Montreal and Toronto where he spent a few of the anxious days when crowds were scanning the war fronts at its height.

Mr. G. A. Hayes, General Manager of Canadian Government Railways, Mr. L. S. Brown, General Superintendent, and a number of other railway officials arrived at Port Jordan last night and will likely come to Charlottetown today. They were met at Borden by Superintendent Grady in his new private car.

PERSONALS

Messrs. A. P. and H. E. Bailey of Montreal, are in the City.

Miss Dollice Drake of Millview was a visitor to the City on Saturday.

Miss Edith Prowse, Murray Harbor, was a visitor to the City yesterday.

Mr. Headley Anderson, City, left Saturday morning for Toronto, Ont.

The very serious illness of Mrs. Hayes, Pleasant Grove is reported.

Miss Janet Cameron, teacher Kingston, came to the City Saturday.

Mrs. McManus of Memramcook, N. B., is visiting her aunt Mrs. (Dr.) Conroy.

Miss Estella Aitken, Georgetown, was among the visitors to the city Saturday.

Mr. H. O. Henschell, Montreal, representing John W. Peck & Co., is in the City.

Mr. Lou K. Caplin, the well known tenor of Montreal is spending a few days in Charlottetown.

Mr. Peter Callaghan, Emyvale, was a passenger to this city on the Saturday morning train.

Mrs. Ernest Campbell, City returned yesterday from a visit to her former home in Murray Harbor.

Mr. Chas. Livingstone of Prowse Bros., has returned home from a business trip to Montreal and Boston.

Mr. Jack Learmont, Truro, representing the Dominion Ammunition Co., is on a business trip to the City.

Mr. Lester Douglas, of the Associated Farmers Corporation, visited his home at Head of Hillsboro Saturday.

Mr. and Mrs. Clifford Cox and family have returned to Souris after spending the winter in Charlottetown.

Mr. J. J. Enman, City, has returned to newspaper work, having resumed the position formerly held by him on The Guardian.

The many friends of Mr. S. A. Drake of Millview will be pleased to hear that he arrived safely in Cibealle, Alberta, also Mr. William Drake and family.

Mr. B. Bremner of Carter & Co., Ltd., has returned from a business trip to Montreal and Toronto where he spent a few of the anxious days when crowds were scanning the war fronts at its height.

Mr. G. A. Hayes, General Manager of Canadian Government Railways, Mr. L. S. Brown, General Superintendent, and a number of other railway officials arrived at Port Jordan last night and will likely come to Charlottetown today. They were met at Borden by Superintendent Grady in his new private car.

IN MEMORIAM

MARGARET McLEAN STEWART

The following is taken from a Whitinsville, Mass., paper of April 14th. Margaret (McLean), aged 76 years, widow of Robert Stewart, died this afternoon shortly after 3 o'clock, of senile debility, at the home of her son, Charles B. Stewart, 12 Brook street. She was born in Prince Edward Island. When she came to the United States she settled in North Uxbridge, and 12 years ago she came to Whitinsville.

Besides the son, she is survived by a daughter, Mrs. Charles H. Wood, Whitinsville.

The funeral will be Wednesday afternoon at 2 o'clock from the home of her son.

(The deceased was a native of Brackley Point, Road. She was a sister of the late Mrs. John Shaw, of Brackley Point, and an aunt of Mr. D. E. Shaw, and Miss Lucinda Shaw of this city. The remains which are now in the vault at Whitinsville, will be brought home to the Island for burial this summer, alongside those of her husband in Harrington cemetery.)

MOTHERS, LISTEN!

When work exhausts your strength, when your nerves are irritable and restless, when ambition lags and you feel rundown, you need and need quickly the rich, creamy, nourishing food in

SCOTT'S EMULSION

to check your wasting powers, enrich your blood and build up your nerve force. Scott's is helping thousands and will give you the strength you need.

"CASCARETS" BEST IF HEADACHY, BILIOUS, SICK CONSTIPATED

Best for liver and bowels, bad breath, bad colds, sour stomach.

Get a 10-cent box. Sick headache, biliousness, crated tongue, head and nose clogged up with a cold—always trace this to torpid liver; delayed, fermented food in the bowels, or sour, gassy stomach.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your head clear, stomach sweet and your liver and bowels regular for months.

For a Strong Personal Selling Message--Use Multigraph Letters

Inject some "ginger" into your advertising—strike straight from the shoulder. Have every envelope leaving your office or store bear a message—and have that message printed the MULTIGRAPH WAY.

A Multigraph Letter has a man-to-man appeal—there is a warmth—a magnetism—a personal, convincing ring to it that cannot be had in any other form of advertising.

There is no waste ammunition when you see Multigraph Letters because every letter goes straight to the mark and you know a letter addressed personally to your prospect will be read when everything else fails.

Multigraph Letters is the cheapest form of advertising when you consider results—and results count. If you are a tradesman or professional man wishing to get the ear of prospective customers there is no more effective means than Multigraph Letters. Multigraph Letters will be found the most effective for

- SALES LETTERS —ENVELOPE STUFFERS —CIRCULARS —PRINTED FORMS —LETTERS TO CUSTOMERS —COLLECTION LETTERS. —DIRECTORS REPORTS —MEETING NOTICES —LODGE REPORTS —PERSONAL APPEALS

Every letter is a perfect facsimile of typewriting—printed from moveable type—through a ribbon—your choice of a half dozen different colors. Any quantity from 100 to 100,000 printed with the last letter as legible as the first—at a very nominal cost.

Send a trial order or see samples without delay.
