

In the Homes of Canada's Leaders

In the homes of outstanding Canadians—Premiers, Lieutenant Governors, Cabinet Ministers and society leaders the Premier Duplex Vacuum Cleaner is used—a genuine recognition by Canada's leaders of the superiority of the Premier Duplex.

Follow the judgment of Canada's leaders—keep your home clean with a Premier Duplex. Its motor driven brush plus super suction enables you to do twice the work in half the time. Both motor and brush are mounted in ball bearings—they never need oiling.

Any Premier Dealer will be glad to demonstrate the Duplex in your home. Phone to-day.

There's a Premier for every purse and purpose.

CALEDONIAN CLUB CONCERT TO BE HELD IN HEARTZ MEMORIAL HALL. Ticket holders and others will please note that the splendid concert being given by Prof. Thompson under the auspices of the Caledonian Club will be held in the Hartz Memorial Hall on Thursday, April 12, instead of in the Club rooms.

CUMBERLAND AND VICINITY.—Potatoes! Potatoes! Seems to be the cry now, some of the farmers are busy hauling their fertilizer. Misses Louisa and Belle McDonald left Friday morning for Avonmore, Ontario, where they intend to reside for the future. The young people of Cumberland and vicinity met at the home of Mr. and Mrs. Everett Gorveatt, on Tuesday, March 15th, when a very pleasant evening was spent in music and dancing. Mr. Gordon Taylor of Cumberland, paid a flying visit to Rocky Point recently. One sure thing Spring is here, when there were a flock of wild geese flew over Cumberland. The many friends of Mr. Ernest Currie, Fairview, are sorry to learn of his sudden illness, and wish him a speedy recovery. Mr. and Mrs. Hector McLeod paid a flying visit to Charlottetown on Tuesday. Many of the young people paid a visit to St. Peter's Island, Tuesday night, where a dance was held at the home of Mr. Albert Lund. The music being furnished by Mr. Everett Gorveatt.

MT. STEWART WOMEN'S INSTITUTE.—Sixteen members were present at the March meeting of the Women's Institute, which took place at the home of Mrs. Stewart McEachern. Bill call was answered with "Uses for Newspapers for Kitchen." The report of the sick committee was given by Mrs. Fred McDonald. Mrs. Artemas Cook and Mrs. Stewart McEachern were appointed on the sick committee for the next three months, and Mr. (Dr.) James Walsh and Mrs. Edmund MacAssey on the school committee. A committee of five was appointed to arrange a six months programme. It was decided that a sign board be purchased for school, also that two war memorial pictures be framed. An amendment was put to the motion adopted in January, and it was moved and seconded that all the proceeds of play minus expenses, should go towards payment of school seats. A vote of thanks was tendered those who took part in the play. After the business of the evening was over, six of the members participated in a debate which proved quite interesting. Lunch was then served.

LATEST DANCE HOSE DISPLAYED ON LIVING MODELS IN PATONS' WINDOW Thursday afternoon.

BACK ON THE FORCE.—His friends are welcoming back to the strength of the Summerside police force that old war horse, Mr. Albert Edward Oakes who as a member of the bluecoat brigade always tempered justice with mercy. As special motor traffic officer it used to be an easy thing for officer Oakes to pick out the man's Ford or the more prosperous Chevrolet. But now with private garages and show rooms glittering with Packards, Hups, Cadillacs, Stodies, Hudsons, Dodges, Buicks, Oldsmobiles, Chryslers, Pontiacs, Nashes, Essex, Kissel, Stutz and Marmons, the old town streets ain't what they used to be many years ago.

NORBORO NEWS.—The milk patrons of Emerald Factory are pleased to learn that Mr. Daniel Connick has secured the contract of drawing milk again from Norboro district. Mr. John A. Hughes is at present on a visit to Boston, Bangor, and other American cities, where he will call on a number of relatives and friends. He is expected to return in the course of a week or two. Mr. John Harrington has disposed of his farm property to Mr. Walter Hughes, whose land is adjoining Mr. Harrington's. The location is good and we congratulate Mr. Hughes on acquiring this valuable property. The past few warm days have made the roads impassable for sleighs. This will compel many of our potato growers to hold their surplus supply for a later market. The price obtained for the past few weeks, was from \$1.00 to \$1.15 per bushel, for Cobblers and Green Mountains respectively. These were prices paid by Emerald buyers.

BUSINESS IMPROVEMENTS.—Noteworthy improvements are being made this spring in many of the business houses of Summerside. The grocery department of R. T. Holman, Ltd., has been remodelled with the fruit and confectionery counter making one solid display almost eighty feet long, backed by a new soda fountain installation operated by electrical refrigerator. New silent salesmen for the meat section of the grocery, equipped with refrigerated refrigeration, new display racks for the canned goods and an electrical refrigeration for the butter and other perishable products has also been installed. A new office is also being built for the hardware department. The Capitol Tea Rooms, on Central Summerside is being thoroughly remodelled, the former booth arrangement being changed to the more metropolitan breakfast nook idea with an increased accommodation of from six tables to fourteen tables. A new soda fountain has also been installed by the proprietor, Mr. J. J. Gaudet and arrangements are being made for a permanent decoration of the Capitol Theatre adjoining. The Royal Cafe, Water Street, has also been given the attention of carpenters and painters, the old Chinese stalls being changed into open booths with oak stained benches instead of the usual chairs. The show rooms of the W. B. Prowse and Son Motor Car Agency now in operation adds greatly to the appearance of Water Street and with the opening of the big brick building of the Canadian National Silver Fox Breeders' Association the principal business street of Summerside will compare most highly with that of any city in Canada, except for the appearance of the home made sign and blind tiger appearance of the government vendor shop.

STOP THE FAT AND GET THIN

The way to reduction is to stop the formation of fat. Modern science has found that way—by turning your food into fuel and energy—by supplying a natural element that helps do that. It is much better than starvation. That modern, scientific method is embodied in Marmola prescription tablets. People have used them for 20 years—millions of boxes of them. Now the results in slender figures, new beauty and vitality, are seen everywhere.

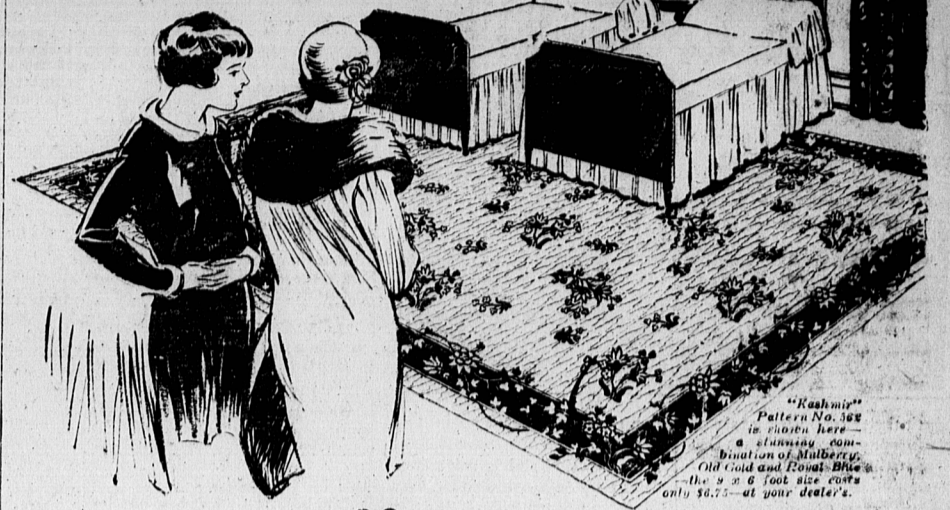

Each box of Marmola contains the formula, also the scientific reasons for results. So you know the effects are beneficial, and why they all occur. Learn what so many have learned in 20 years about it. Do it now. Ask your druggist for a \$1 box of Marmola and learn what it means to you.

These are types of Canada's northern wards. This family is a typical Eskimo one. It consists of the mighty hunter Mirpho-too-it, his wife Lir-hahik, and their daughter. They were photographed at Iglood on Melville peninsula last May. Note the feminine grace with which Mrs. Lir-hahik puffs at her pipe of tobacco.

BRIGHTEN YOUR HOME — NOW — AT LITTLE EXPENSE

More Beautiful Less Expensive

Modern women wear fewer clothes

More delicate clothes, even for every day. More expensive. And far more difficult to take care of. Because fewer clothes are worn they are apt to soil more quickly. Because they are fragile, they require more safeguarding in the wash. The laundry soap to which you entrust the cleansing of these nice things must be gentle yet thorough.

You have the CERTAINTY of safety, when you use Surprise. It works in, and rinses out, completely. Without harming a thread.

And Science has for forty-four years steadily been making Surprise Soap better—adding other merits to its Safety.
