NEW CHIEFTAIN TRADE UNIONS PEACE APOSTLE

LONDON, Oct. 4. — Further assurance that British Labor is renouncing the reds and is seeking industrial peace, is afforded by the election of Ben Turner, Yorkshire textile worker, as president of the Trades Union Congress. Turner has not only spoken for unity but has kept an almost unbroken peace in the Yorkshire woolen industry for forty years. He is deeply religious and always carries a new testament about with him.

Livestock Report

MONTREAL, Oct. 4. — Livestock for sale on today's market amounted to 125 cattle, 70 lambs, 1346 hogs and 107 calves. The cattle were common bulls and canner and cutter cows and the bulls sold from \$3.50 to \$3.75, and the cows \$2.25 to \$3.50. A few fairly good veal calves were sold for \$12.00 and grassers \$3.00 to \$5.50. A couple of small lots medium lambs were sold around \$9.50 flat. Hogs were very slow sellers. Quotations were \$10.25 for thick smooths, \$1.00 per hog bonus for selects, and \$1.50 per hog discount on shops and \$2.00 per hog discount on heavies with very few sales this morning.

FAMOUS MEN TO SPEAK AT CENTENARY DINNER

TORONTO, Ont. Oct. 4. — The official dinner at the University of Toronto in connection with the forthcoming Centenary Celebrations, which will be given in the University of Toronto Arena at 7.30 p. m., Oct. 6, will be presided over by Rev. Dr. H. J. Cody. Among other world-famous men, the following are to speak: Dr. Livingston Ferrand, President of Cornell University; Sir John Bland-Sutton, eminent member of the British Medical Association; Sir Charles Sherrington, representing the British Association for the Advancement of Science; Dr. Samuel Angus, representing St. Andrew's College, Sydney, Australia; Right Hon. William Lyon Mackenzie King, Premier of Canada; Sir William Mulock, Chancellor of the University of Toronto; Hon. William Phillips, United States Ambassador to Canada; Hon. Thomas Smiddy, representative of the Irish Free State at Washington, and Hon. H. Pueyredon, Ambassador from Argentina to the United States.

PROBE ON IN TERROR REIGN

BIRMINGHAM, Ala., Oct. 4. — A "reign of terror", involving 93 cases of kidnappings, kidnappings and deaths, has goaded Alabama authorities into an exhaustive investigation with a promise of speedy retribution for the persons responsible.

Many of the victims involved have been intimidated into refusing to testify as to their injuries, Attorney-General Charles C. McCall said today, but he feels confident he can get identifications and convictions in 90 per cent. of the cases.

"An Oil of Merit"—Dr. Thomas' Electric Oil is not a jumble of medicinal substances thrown together and pushed by advertising, but the result of the careful investigation of the healing qualities of certain oils as applied to the human body. It is a rare combination and it won and kept favor from the first. A trial of it will carry conviction to any who doubt its power to repair and heal.

THE WESTERN GUARDIAN

—VISITING HOME.—Mr. Robert McDonald who last June entered the Navate of the Redeptorist Order at St. John is spending a couple of weeks with his mother in Bayside having been called home by the recent death of his father, Mr. William J. McDonald. His brother Douglas, who is attending Prince of Wales College is also at home on the same sad mission.—N.

—WILL REBUILD.—At a recent general meeting of the patrons of the Grand River Dairying Company held to consider the best method of meeting the situation arising from the destruction of their plant by fire, it was decided by unanimous vote to rebuild immediately. The proposed building which will be of frame construction eighty feet long by thirty-two feet wide, well equipped with all modern machinery for the manufacture of cheese. None of the old equipment with the exception of a set of scales was saved and it will be necessary to purchase everything thus entailing a large expenditure. The insurance on the old plant of two thousand dollars has been satisfactorily adjusted but it is expected that this amount will cover not more than half the cost of the new plant.—N.

—BUYS ELECTRIC LIGHT PLANT.—The electric light plant here which has been owned by W. P. Leard and wife, and operated by them for thirteen years, has been purchased by Mr. R. Hudson Gordon of this town. The purchase was for \$7,000. Mr. Gordon will operate the plant for the same purpose as did its former owners. Mr. Leard is going to the States to install an electric lighting plant there, and intends selling his home in Alberton. The house is conveniently located and contains nine rooms, including kitchen and pantry. There is also a garage on the premises. The house is heated by electricity. A nice lot of land of about half an acre, suitable for a garden also goes with the home.

—RESPECTED RESIDENT.—The death of Mr. William J. McDonald occurred at his home, Bayside, on Tuesday, September 27th, 1927. Mr. McDonald who was fifty-nine years of age was the son of the late James Archibald McDonald and his wife Susam Morrison. Early in life he went to the United States and for upwards of twenty years was an efficient member of the New York police force. About five years ago, finding that the arduous duties of a metropolitan policeman were undermining his rugged constitution, he resigned his position and returned to the Island where he purchased the old homestead which for several years had remained uncultivated and in a short time had the buildings remodelled and his family most comfortably situated. The return to the scenes of his childhood had a most beneficial effect on his health and he was able not only to attend to the farm duties but also to take an active part in his parish activities. His wife, formerly Miss Mary Doyle of New York City entered enthusiastically into the new life and her beautiful home became the centre of much social interest. Early last spring Mr. McDonald had a return of his previous indisposition and he entered Prince County Hospital for treatment. He returned to his home somewhat improved and during the summer continued to lead his usual active life. Further complications developed however and these proved too much for his weakened constitution and on the above date he passed to his eternal reward. During his illness he was often visited by his pastor who administered the last consoling rites of Holy Mother Church. Besides his sorrowing widow there are left to mourn their loss three sons—Robert, in the Redeptorist novitiate, St. John, who was privileged to be home for the funeral; Douglas, a student at Prince of Wales College and Billy at home. His funeral at St. Patrick's Church was largely attended—a fitting tribute to the memory of a worthy citizen. Requiem High Mass was celebrated by the Rev. John A. McDonald, the choir singing most beautifully. The pall bearers were Messrs. Charles Morrison, Michael Morrison, Lawrence Farrell, Basil Morrison, Frank Gillis and Venantus Morrison.—N.

—BAGLOLE-BARLOW.—At the United Church, Wellington, Sunday, Sept. 28th, at the hour of 5, a very interesting event took place when Rev. D. McGowan, pastor of that church, united in marriage Miss Mary Doyle, youngest daughter of Wm. and Mrs. Baglole, Southwest, Lot 16, to John A. Barlow, Wellington. The church was handsomely decorated by friends with flowers, potted plants, autumn leaves and streamers. The bride looked very handsome indeed as she entered the church on the arm of the father, to the strains of Lohengrin's wedding march rendered pleasingly by Mrs. Harold Barlow. The young couple were unattended. The bride was given away by her father. Her wedding dress was white duchess satin with bridal veil caught with orange blossoms and bouquet of asters, sweet peas and maiden hair fern. After the ceremony amid showers of confetti the couple departed in their gaily decorated car to the home of the bride where a large reception was held. On their return to Wellington, Sept. 30th, where they intend to reside a reception was tendered at the groom's home to the intimate relatives of bride and groom, about sixty sitting down to tables fairly groaning with good things in Miss Barlow's most capable manner. The evening was spent in dancing till the wee hours of the morning, the chivalries at both homes adding much to the merry time of the evening. The numerous valuable gifts received testified to the popularity of bride and groom and there we leave them with best wishes for a bon voyage throughout life.

—The old lady who lived in a shoe now lives in a dancing slipper.

—His many friends will be very sorry to learn of the serious illness of Captain J. S. Allen, Summerside.

—Rev. P. P. Arsenault, parish priest, Moncton, is under treatment in the P. C. Hospital. Rev. G. J. McCabe is supplying during the pastor's absence.

—The friends of Miss Irene Morrison, teacher of Bayside School, are glad to learn that she is making a rapid recovery from an incipient attack of rheumatic fever following scarlatina.—N.

—Mrs. R. M. Aylward and children who have spent the past eleven months in Tignish, P. E. I., are leaving shortly for Harbor Grace, Nfld, where they will spend the winter with her mother.

—Mr. and Mrs. H. Justin Brown, Mrs. James E. Brown, the Misses Jean and Carolyn Brown and Master Justin Brown, were visitors to Tignish on Saturday where they were the guests of Dr. and Mrs. J. A. Johnston and returned to Bayside in the evening.—N.

—Mrs. Charles Morrison, Bayside, who for the past three weeks has been a patient in the Prince County Hospital, is making satisfactory progress towards recovery and hopes to return to her home this week. Mrs. Morrison is suffering from blood poisoning in her right hand.—N.

—Isn't Lawyer Jones rough and rude in his manner? —Yes, I wonder how he ever took to the practice of civil law.

—UNITED CHURCH, Kensington Oct. 9th: 9.45 a. m. Sunday School; 11 a. m., Rev. D. K. Ross, B. A.; 7 p. m., Rev. D. K. Ross, B. A.; Summerfield First Church, 3 p. m. Rev. D. K. Ross, B. A. A cordial invitation to all. Rev. Dr. Saint Minister.

—C. G. S. BRANT.—The C. G. S. Brant, Captain Basil Kelly, arrived in Summerside on Saturday afternoon, having been on lighthouse supply work. On Friday afternoon the Brant arrived at Richibucto and succeeded at 6.30 p. m. at high tide in floating the steamship Capthorn from Richibucto bar up on which she ran aground a week ago while proceeding to Charlottetown from Montreal. Needless to say the Captain of the Capthorn was delighted, for if a northeast gale had sprung up his ship would undoubtedly have been doomed. Capt. Kelly and the men of the Brant are to be congratulated upon adding this notable feat to the already lengthy and creditable list of similar performances on the part of the staunch and sturdy little Brant.

—INDUCTION SERVICES.—A large audience from both town and country assembled in the Summerside Presbyterian Church on Friday evening last for the Induction of Rev. C. St. Clair Jeans into the pastoral charge of this congregation. The service was in charge of Rev. R.H. Stavert who was Interim moderator of Session during the vacancy in the congregation. With him on the platform were Rev. M. Scott Fulton, Moderator of Presbytery; Rev. W. B. Muir; Rev. Andrew Brown; Rev. Wm. Morrison and Rev. Quincy McDowell, all of whom took part in the service. Congratulatory messages were received from Rev. G.S. Mitchell, former pastor of the church, Rev. J.G. McIntosh, of New Glasgow, N.S. and Rev. J.C.P. Fraser of Trinity United Church, Summerside. At the close of the service a reception was held when Mr. and Mrs. Jeans were introduced to the people by Messrs S.M. Hicks and Donald Baker. A social time in the hall where the ladies served refreshments followed, and proved very enjoyable to the large number who participated. At the close of the entertainment a meeting of Session was held at which Rev. Mr. Stavert, Interim moderator, relinquished the reins of office to Rev. Mr. Jeans who now enters upon under most favorable circumstances on the duties appertaining thereto.

—BAGLOLE-BARLOW.—At the United Church, Wellington, Sunday, Sept. 28th, at the hour of 5, a very interesting event took place when Rev. D. McGowan, pastor of that church, united in marriage Miss Mary Doyle, youngest daughter of Wm. and Mrs. Baglole, Southwest, Lot 16, to John A. Barlow, Wellington. The church was handsomely decorated by friends with flowers, potted plants, autumn leaves and streamers. The bride looked very handsome indeed as she entered the church on the arm of the father, to the strains of Lohengrin's wedding march rendered pleasingly by Mrs. Harold Barlow. The young couple were unattended. The bride was given away by her father. Her wedding dress was white duchess satin with bridal veil caught with orange blossoms and bouquet of asters, sweet peas and maiden hair fern. After the ceremony amid showers of confetti the couple departed in their gaily decorated car to the home of the bride where a large reception was held. On their return to Wellington, Sept. 30th, where they intend to reside a reception was tendered at the groom's home to the intimate relatives of bride and groom, about sixty sitting down to tables fairly groaning with good things in Miss Barlow's most capable manner. The evening was spent in dancing till the wee hours of the morning, the chivalries at both homes adding much to the merry time of the evening. The numerous valuable gifts received testified to the popularity of bride and groom and there we leave them with best wishes for a bon voyage throughout life.

The Importance of the Commonplace

THE Northern Electric wire and cable reel is a familiar sight throughout Canada. To the casual observer it is a commonplace, yet it represents one phase of the romance of Nation building.

Shortly after Confederation, when Dr. Alexander Graham Bell was making his experiment for the transmission of speech by electricity, he had to use ordinary stove-pipe wire for the first line from Brantford to Tutela Heights in Ontario. Today a network of specially made wires and cables knits the provinces together. These wires and cables link outpost, farm house, village and city, and the voice of any section may be heard at will. The industrial, economic and social life of every part of Canada is coordinated for the benefit of the Nation. Your telephone gives you a place in this national forum.

Most of the wire and cable, telephone instruments and equipment required for Canada's million telephones are made by Canadians in Canadian workshops. Thus the Northern Electric Company, by developing and supplying this necessary equipment, contributes directly, as well as indirectly, to the industrial growth of Canada, and to the comfort, convenience and efficiency of Canadians and Canadian enterprise.
