## MARKET GOSSIP

By Johnston and Ward's Special Wire  
MORNING MARKET LETTER  
NEW YORK, N. Y., Oct 4.—The market opened firm yesterday and continued so throughout the day with very little change other than a little pressure on the oils and California stocks there were a special feature. Wheat was lower again and has gone below the lows made on August and September reaction, which has caused some discouragement. Bonds, however, continued firm.

Canadian Government receive request from Government of Alberta regarding the Winnipeg Grain Exchange be administered by Federal authorities. Dominion, however, unlikely to intervene but has authorized protection of wheat market by stabilization operations.

Summary  
NEW YORK, N. Y., Oct 4.—Bank of England rate unchanged at 2 percent. Subscriptions to Canadian refunding loan exceed \$100,000,000.

NEW YORK, N. Y., Oct 4.—Bank of England rate unchanged at 2 percent. Subscriptions to Canadian refunding loan exceed \$100,000,000. The outlook for some improvement in business during the coming months and the lack of liquidating pressure on stocks in the past two days, affords some basis for optimism but on technical grounds until the high of last week are bettered no indication that a real uptrend is in progress will be given.

Canadian Government receive request from Government of Alberta regarding the Winnipeg Grain Exchange be administered by Federal authorities. Dominion, however, unlikely to intervene but has authorized protection of wheat market by stabilization operations.
