Intermediate Hockey On the night of Jan. 22 the Borden Nationals crossed sticks with the Kensington Granites in Kensington rink and skated off victors to the score of 12 to 5. Toey Richard and the Oatway boys on the Borden team were a team in themselves as they garnered 10 goals between them. While on the Kensington team C. Woodside, Francis MacKay and Cameron were the pick. The score does not give a full account of the game as it was fairly even in play but the Borden team were most dangerous around the net. The annual congregational meeting of the Summerside Presbyterian Church, was held in the Church Hall on Friday evening, January 24th. Rev. Charles Curney presided and gave a most interesting report of the activities of the congregation for the past year. Reports of a most gratifying nature from all the various church organizations were received and adopted.

Financially the year was a record one. Net receipts for all purposes totalled \$8,164.04; and the high lights were the statements of the Ladies' Club with \$1,151.77; Women's Missionary Society, \$2,645.85; budget, \$705.90; and the Peace Thank Offering, \$1,999.35. The three retiring members of the Board of Managers were J. C. Mountain, L. W. Hancock, and C.R. Rogers. The two former were re-elected for another three years term, and J.W. McKenzie replaced Mr. Rogers who had declined re-nomination. Mr. Rogers had served on the Board for over 25 years and his resignation was accepted with regret. He was elected an Honorary member of the Board for life. The usual votes of thanks and appreciation were extended to the minister and organist and other church workers and officials. At the close of the meeting a dainty lunch was served by the ladies of the congregation.

To Make Start In Restoring China's Fishing Fleets

By J. D. Holdsworth. SYDNEY, Australia, Jan. 26 - (CP) - A convoy of 18 small steam and diesel-powered ships is on its way from Australia to China. The ships, which range in size from 66 feet to 125 feet, expect to make the 6,000-mile trip from Sydney to Shanghai in 60 days. They have been bought by U.N.R.R.A. from the Australian government for use in China as fish-trawlers and will help to rebuild Chinese fishing fleets, badly depleted by war, and to relieve the food shortage with their catches. The ships are manned by 128 volunteers of many nationalities, including Canadians, and many Australians, who were selected from 1,000 applicants. Most of them are ex-servicemen, some going on the trip for adventure. Others want to get to China to join the Chinese navy or air force.

Will Teach Chinese

Several experienced fishermen among the crews will stay in China after their arrival to teach the Chinese how to work the ships and modern fishing gear with which each ship is equipped. Full safety precautions have been taken for the trip. The ships, which include 13 66-foot diesel-powered vessels, one with a crew of 10 and the other with a crew of 15, will travel in convoy under control of the parent ship, the 125-foot steam trawler Pahau, with a crew of 15. Each vessel carries a complete set of nautical instruments, and radio-telephone equipment, while the Pahau is fitted with a high-powered radio receiving and transmitting set to establish contact with shore stations. One of the vessels is equipped with a sick bay in case of sudden illness among the crews. A second convoy of similar ships will follow.

Closing Chorus by School. After the program remarks were given by some of the ratepayers of the district. After which Santa arrived in his usual jovial manner and danced to the tune of Jingle Bells. Then he distributed gifts to the teachers and pupils from a well-laden Christmas tree. The pupils were then treated to candy by their teacher. Much credit is due to the teacher, Miss Norree Costello and pupils for the efficient way the program was carried out. ELECTION CARD

At the request of a large number of taxpayers of the West Ward I have decided to nominate as a candidate to contest it in the forthcoming Civic Election, to be held Tuesday, February 4th. I have been a resident of Summerside for a number of years and carry on a produce business. I know a great many of the electors in this part of the town personally.

If elected I will work in the best interests of the town in general and of the West Ward in particular. As it is impossible to call on all the electors personally in the time available, I solicit your support, confidence and vote on Election Day.
