TO SEND CANADIAN WIVES BACK HOME

TORONTO, Jan. 19.—The Evening Telegram last night published the following cable from its correspondent in London:

"Canadian authorities here are seriously contemplating the advisability of ordering Canadian wives and women relatives of soldiers to return to Canada, to help the food situation here and avoid the possibility of future shortages. Lord Shaughnessy, who is strongly in favor of such action, has been in conference in this connection with a very high personage here.

"It is estimated there are 60,000 wives and other relatives of Canadian officers and men living here, and all thinking Canadians deplore this state of affairs, which puts an extra and often needless tax on the food resources of this country at a critical time, helps raise rents, and generally makes it harder for the wives of British soldiers, who have no separation allowance like the Canadians.

"It is stated that the wives of Canadian officers at British base camps often obtain the army meat rations at rates which are much below the open market. Many Canadian women come over here against the express wishes of their soldier relatives. It is known that the Canadian authorities have disapproved of Canadian women coming to England. War work is frequently an excuse, but many Canadian women here are doing practically nothing.

"Colonel Herbert Bruce, though resigned from the C.A.M.C.S., will not return to Canada. He has accepted from the Royal Army Medical Service a very important appointment in France, where he will be in charge of the surgery of twelve large British hospitals. Canadians here are pleased at this fine tribute to Colonel Bruce's ability as surgeon. He is expected to stay on till the end of the war."

After Sickness

How to Recover Strength

So many Charlottetown people are asking how to recover their strength after sickness that we are publishing this information for their benefit.

After grippe pleurisy, pneumonia or any illness what you need is new strength and richer blood.

The most certain way to get this is by taking Vinol which contains beef and cod liver peptones iron, manganese peptonates, and glycerophosphates. It creates strength, improves the blood, sharpens the appetite and restores entire system to a healthy robust condition.

North Adams, Mass.—"After a long illnes of pneumonia I was left in a weakened, delicate condition, and for a long time had searched for a body builder and strength creator. I was attracted by an advertisement of Vinol, and tried a bottle, and soon noticed a vast improvement. I continued its use for a while, and am now as able bodied and strong as any man in town." Samuel Wood, North Adams, Mass.

Try a bottle of Vinol. Your money will be returned if it does not restore your vitality and strength.

TAKE JUNIOR RANK OR A PASSAGE HOME IS CHOICE OFFERED TO MANY COLONELS

LONDON, Jan. 19.—The Canadian authorities here are dealing in a drastic fashion with the problem of several hundred unemployed supernumerary officers of senior rank. Colonels and majors, without appointments, in the Shorncliffe area, numbered 238 a few months ago, and the total since has greatly increased. Their unemployment is due partly to the breaking up of battalions, partly to amalgamations, and mainly to the absurd system of giving civilians entirely without military knowledge or qualifications, high military rank.

Revert or Return

Every senior officer without employment is now offered the choice of reverting to junior rank and filling any vacancy immediately available, or returning to Canada. Those reverting retain dependent allowances upon the scale of the higher rank. Those returning to Canada retain rank also, and are given the opportunity of a short visit to the front before their departure.

May Help Recruiting

Further orders-in-council are being drafted to legalize these steps. The problem of eventually deciding the fate of returning officers is thus transferred to the military establishment in Canada, where it is anticipated they will either engage in recruitng or reenter civil life.

A number of seniors express bitter resentment, declaring they will neither revert to lower rank nor return, but intend remaining here until the authorities find them suitable employment. These supernumeraries have been a problem here for months.

MOEWE CONCEALED ARMAMENT WITH HAY

RIO JANEIRO, January 18.— According to reports from an authoritative source the Moewe is understood to have sailed from Kiel under the Danish flag, carrying a cargo of hay on the bridge in order to conceal her armaments. When last seen the Moewe was painted black, with white markings. Her armament included four torpedo tubes in service and several tubes in reserve. She is believed to have carried a mine-laying apparatus.

The raider also carried a large number of auxiliary plates, which would permit her commander to change the appearance of the bridge at will. In addition she had collapsible funnels.

The vessel, now believed to be the Moewe, was re-painted several times, and under the last coat of paint were observed traces of the Danish flag, which had been painted on the hull.

As yet there is no news of the British steamer Yarrowdale, which under command of German officers, was reported yesterday to be proceeding for port with a number of the shipwrecked crews aboard. The steamer Hudson Maru, which arrived at Pernambuco with survivors aboard, will remain there as a war prize under the jurisdiction of the German minister. The Brazilian naval authorities consider the Hudson Maru a German vessel.

It is expected that the steamers Drina and Samara, which were reported to have fallen victims to the German raider, will reach port at the end of the week, coming from the north The Germans are circulating fantastic reports to which the steamship companies and maritime authorities give no credit.

PENSOCOLA, Flo., January 18.— Captain Ruise, of the Spanish steamer Adeline arriving here from Liverpool today reported that while in the Florida Straits at four o'clock Monday morning a mysterious vessel came up close to his ship and then moved away when satisfied that the Adeline was a Spanish vessel. Captain Ruise could not say whether or not the strange vessel was armed.

SUBMARINES AFFECT COAL TRANSPORT

WASHINGTON, January 18.— Destruction of allied merchant ships by enemy submarines, is making the ocean transportation problems in tthe entente countries so acute, according to official despatches received here today, that even the fixing of maximum rates on coal transportation has failed to relieve the coal shortage in France and Italy. Neutral vessels are refusing to carry coal from British ports to the allied countries, as neutral ports offer better rates.

Charlottetown Daily Guardian's Beautiful Big Song Book

"Heart Songs" is not a mere collection of words and music thrown togeather to make a song book, 20,000 people voted the songs in "Heart Songs" the songs of the American people Four years were required to reach a verdict and the result is "Heart Songs," the song book of the American people.
Many of these songs cannot be found in any other collection They came in yellow, time-worn, tear-stained sheets— that had been sacredly treasured from childhood — some were written out from memory—others were given by titles only— or remembered verses involving a long search to obtain the whole. Of the thousands received it is safe to say that the several hundred finally selected—as having the largest number of votes and the highest endorsement—represent today the taste of the American people in its choice of music. We believe that the distribution of this unrivalled song collection will bring more happiness into the homes of our Readers; will do more to make them attractive to young and old; do more to inculcate a love for music; to soften, elevate and refine the home life; to cultivate the noble and higher virtues of the fireside—than any other means we could adopt.
