CHASE & SANBORN, MONTREAL

As the sun of life sinks toward the west

Life has been said to consist of a constant succession of breakdowns and repairs. In old age, the former predominate. The body machine is more or less worn out. Digestion is less perfect, elimination of waste is increased in quantity, but reduced in efficiency.

Hence, constipation is particularly pernicious. Constipation means more than mere failure of the bowels to move regularly and thoroughly. It means stagnation of the contents of the intestine, increased fermentation, putrefaction and germ action, the production of irritating and poisonous substances, that are absorbed into the blood and carried all over the body.

This is always serious—in old age it is especially dangerous. Constipation cannot be cured by drugs at any age. It is especially harmful to an aged person to use pills, salts, and similar strong purges in order to force the bowels to act.

But the Nujol Treatment for Constipation is not only safe, it is in every way efficient.

Nujol is not a drug, does not act like any drug. Nujol helps nature to re-establish easy, soft, thorough bowel evacuation—as "regular as clockwork."

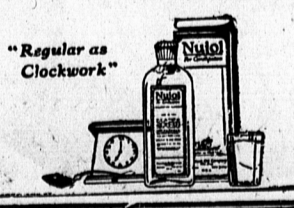

Nujol softens and keeps perfectly moist the intestinal waste.

Nujol makes it easy for the intestinal muscles to act, and prevents them from overwork.

Nujol absorbs poisons and carries them out of the body. Get Nujol from your druggist and take it according to directions.

Warning: NUJOL is sold only in sealed bottles bearing the Nujol Trade Mark. Insist on Nujol. You may suffer from substitutes.

VICTORY LOAN.—Have you seen the posters of the Victory Loan 1918 which are now displayed all over the town? Have you not been touched by the pathos of some, thrilled by the patriotism of others and amused by the humor of still more. Every one of them is a direct message to every person in Canada. Special mention might be made to the one "In Flanders Fields," with the quotations from Col. John MacRae's poem. "If ye break faith we shall not sleep." Touching, too, and yet firing one with anger is the one "Kulture vs. Humanity," showing two of the Llandoverly Castle struggling in the waves and the motto "Victory Bonds will help stop this." The two "Back him up" and "Doing my bit four years—do yours" are particularly appealing to the sense of patriotism, while "Four reasons for Buying Victory Bonds," and "Victory Bonds help to catch Huns" though decidedly ludicrous, have a punch that should touch one's pocket book to the limit. When you see these Stop Look, and take in the deep meaning that each one of them conveys and then **BUY BONDS**

All subscribers placing their name on the roll when 75 p.c. of the persons in the buildings have subscribed an Honor card will be given them. A STATEMENT AND AN APPEAL TO YOU ON BEHALF OF THE PRINCE EDWARD ISLAND HOSPITAL

More than thirty five years ago the Prince Edward Island Hospital was started through the efforts and contributions of a number of generous and public spirited men and women. During all these years the Hospital has been the means of alleviating suffering and of saving precious lives and by receiving many very generous contributions the Institution has been kept up to date in equipment and enlarged to meet the growing demand for hospital treatment until today it is one of the best equipped hospitals east of Montreal. Up to the end of the year 1914 the receipts from patients fees, interest from endowment fund and some small contributions from the city and country districts were just about sufficient to meet all running expenses but with the tremendous increase in prices of everything used in the Hospital the financial problem became a serious one and we have had to face a rapidly increasing deficit which now amounts to nearly \$6000.00.

Here is an illustration of the increase in cost of five items.

	Year 1917-18	Year 1913-14	Increase
Coal	\$3960.59	1798.15	2162.44
Groceries	4038.36	1629.84	2408.52
Meat and Fish	2084.91	764.41	1320.50
Milk	976.10	603.60	372.50
Medicines	1495.52	1098.09	397.43

Total increase in five items \$6661.39

And no saving can be made on any one of these items. The Hospital must be kept as warm, the patients as well fed as before prices advanced. No great increase can be made in patients fees as it has been the aim of the management to provide first class accommodation at as low a price as possible. Those who are unable to pay are treated free.

It is therefore up to you to say by your response to this appeal whether the Hospital shall lessen, maintain or increase its usefulness.

In order that you may have an opportunity of contributing Queens and King's Counties have been organized by school districts, an executive of three appointed in each district and this executive will appoint collectors who will call on you or shortly after the first of November. Please be ready for them with liberal and increased subscriptions in proportion to the increased cost of everything the Hospital has to buy. It is up to you.

Give the collectors a hearty reception.
