- A New Blood-Food Has Been Discovered That Works Wonders SAID TO PUT NEW LIFE INTO PEOPLE THAT ARE RUN-DOWN.**
For years doctors have been searching for a combination that would enable them to inject into thin blood the elements it lacked. This can now be done, and any weak-blooded person can quickly be made strong and well. Already a small army of ailing people having proved the merit of taking after each meal with a sip of two of water, two chocolate-coated Ferrozone Tablets. This is easily done, and even one week's use of this wonderful blood-food will prove how nourishing and strengthening and flesh-building the treatment is. Just think of it—Ferrozone uplifts the entire nervous system, removes the blood, makes it rich and red—gives the sort of aid that's needed in throwing off weakness and languor. Tens of thousands enjoy the advantages of renewed health through Ferrozone. —If you'll only use it, you'll surely grow strong too; its beneficial action is noticed even in a week. You see it goes right to work, removes the causes of the trouble and then quickly makes a cure. For those who sleep poorly and have nervous apprehensions, Ferrozone is a boon; it is a specialist in such cases. Where there is paleness, poor appetite and languor, Ferrozone makes the patient feel like new in a few days. In tiredness, nerve exhaustion, spring fever and debility, the power of Ferrozone is known from coast to coast and universally used with grand results. Let Ferrozone build you up, let it win you back to robust health—it will do so quickly if you give it the chance. Sold by all dealers, 50c per box or six boxes for \$2.50. Remember the name Ferrozone.

CUT THIS OUT

OLD ENGLISH RECIPE FOR CATARRHAL DEAFNESS AND HEAD-NOISES.

If you know someone who is troubled with head noises, or Catarrhal Deafness, cut out this formula, and hand it to them, and you will have been the means of saving some poor sufferer perhaps from total deafness. Recent experiments have proved conclusively that Catarrhal Deafness, head noises, etc., were the direct cause of constitutional disease, and that "salves, sprays, inhalers, etc., merely temporize with the complaint, and seldom, if ever, effect a permanent cure. This being so, much time and money has been spent of late by a noted specialist in perfecting a pure, gentle, yet effective tonic that would quickly dispel all traces of the catarrhal poison from the system. The effective prescription which was eventually formulated, and which has aroused the belief that deafness will soon be extinct, is given below in understandable form, so that any one can treat themselves in their own home at little expense.

Secure from your druggist 1 oz. Parment (Double Strength), about 75c. worth. Take this home and add to it 1/2 pint of hot water and 4 oz. of granulated sugar; stir until dissolved. Take one tablespoonful four times a day.

The first dose should begin to relieve the distressing head noises, headache, dullness, cloudy thinking, etc., while the hearing rapidly returns as the system is invigorated by the tonic action of the treatment. Loss of smell and mucus dropping in the back of the throat, are other symptoms that show the presence of catarrhal poison, and which are often entirely overcome by this efficacious treatment. Nearly ninety per cent. of all ear troubles are directly caused by catarrh; therefore, there must be many people whose hearing can be restored by this simple home treatment.

Every person who is troubled with head noises, catarrhal deafness, or catarrh in any form, should give this prescription a trial.

Important Note: In ordering Parment always specify that you want double strength. Your druggist has it or he can easily get it for you. If not sent to the International Laboratories, 1, St. Antoine St., Montreal, Quebec, and they will supply you. Postal note or money order.

Nerviline Cures Cramps End Misery Instantly

NO REMEDY SO SPEEDY OR EFFICIENT
A real cramp cure? Yes, a real one—in a twinkling the cramp is a dead one, and the last squirm is over, once you get a stiff dose of Nerviline on the inside. This isn't mere talk—it's a solid, truthful fact. No other remedy—not a single one—will cure cramps so quickly and harmlessly as Nerviline. It hits the spot in a jiffy and saves a heap of misery.

"Last Saturday night my stomach felt like an internal machine," writes T. P. Granger from Hartford. "I was awakened from a sound sleep and found myself suffering the worst kind of torture. I was so doubled up I could hardly cross my room. I had used Nerviline before for the same thing and took a real good dose. Once I felt the warm, soothing sensation of Nerviline in my stomach I knew I was all right. It finished the cramps—just one single dose."

Sickness at night is rendered a nightmare of the past if Nerviline is handy. It may be earache, toothache or cramps. Nerviline in every case will cure at once and save calling the doctor. Nerviline is a family physician in itself. The large 50c. family size bottle, of course, is most economical. Small trial size costs a quarter. All dealers sell Nerviline.

Millions of Dollars Given—Millions of Belgians Fed—Yet Millions More Are Needed

Nothing else has ever so roused the indignation and practical sympathy of the English-speaking world as the fate of Belgium.

At the first call for help some of the leading business men of neutral United States organized the Belgian Relief Committee, arranging with the British Government to co-operate, and with the Germans to keep their hands off—and the work of feeding the starving Belgians began.

Since then many million dollars have been contributed to the Belgian Relief Fund, chiefly in the British Empire and the United States, about half of it coming from Belgians living in these countries. The wonderfully efficient Relief Committee have spent this money so carefully that an average of \$2.50 has fed each dependent Belgian family a month. Thus the nation has been saved alive—so far.

But only so far! The number of Belgians dependent on the Fund is steadily growing as their little hoards of food and money run out. Help is needed now more than ever before—and will be till the Germans are driven out. If it is not supplied, all that has been done cannot save the country from wholesale starvation for two weeks!

If you have been contributing to the Belgian Relief Fund, and so keeping some woman, child, family or families alive, don't leave them to starve! If you have not done much yet, spare a little of your plenty for some of the hundreds who are daily forced to join the bread lines at the Relief stations. The Relief Committee appeal particularly for regular monthly contributions sufficient to feed one, or better still, several Belgian families.
