

CUBS TAKE BIG LEAGUE TWIN BILL BALL RESULTS FROM CARDS

NEW YORK, N. Y., April 18.—(A. P.)—Charlie Root allowed the St. Louis National League Champions only four hits at St. Louis today to give the Chicago Cubs a 3 to 1 victory and a clean sweep of a two-game series.

Today's defeat placed the Cards the lowest in the percentage column they have been since Gabby Street took charge as manager. This equalled their longest losing streak of 1931. After winning the first game from Pittsburgh, Street's team lost the next two and then dropped a pair to the Cubs.

Barton's home run in the second inning started off the Cubs scoring. With two out in the sixth Moore doubled and then scored on Hartnett's double. Hartnett gained third on a wild pitch by Flint Rhem and then went home as the Redbird hurler tossed another wild one.

Braves Tounce Giants

Walter (Huck) Betts, late of St. Paul, held the New York Giants in check at New York while the Boston Braves pounded four pitchers for a 7 to 1 victory. Art Shires knocked three runs across with three singles while Worthington and Schulermerick contributed home runs.

Reds Trim Pirates

Babe Herman's first home run of the season and inspired fielding gave Ray Kolp and the Cincinnati Reds a 5 to 0 shutout victory over the Pittsburgh Pirates at Cincinnati. With the score 2 to 0 for the Reds in the eighth Herman slammed the ball to the right field corner, sending home Manion and Gilbert before him.

Dodgers Retain Form

Babe Phelps returned to his 1930 form today to hold the Phillies to six hits and give the dodgers their second shutout of the series, 9 to 0 at Brooklyn. The winners jumped Reggie Grabowski for six hits and five runs in the fourth inning and Glen Wright hit a home run with Wilson aboard in the seventh inning.

AMERICAN LEAGUE

NEW YORK, April 18.—The Washington Senators today mopped up the American League champion Athletics on their home grounds, trimming them by the handsome score of 18 to 7.

Four Philadelphia pitchers faced the Nationals and all of them suffered. The visitors hammered out fifteen hits, three of them home runs of the deadly breed which hatched runs with men on bases. They were produced by Heinie Manush, Sam West and Joe Judge.

Wesley Ferrell hurled his second victory of the season at Chicago as he held the Chicago White Sox to seven hits, Cleveland winning 2 to 1. Good as his pitching was, Vic Frasier, luckless Sox youngster, more than made him. Frasier allowed only five hits before he was removed for a pinch hitter in the eighth inning, and he suffered from six base errors.

The Detroit Tigers won a 14 to 7 victory over the St. Louis Browns at home in a game featured by 28 hits and nine errors.

The Tigers made 16 hits, running Sam Gray out of the box in the fourth inning and finding his successors, Cooney and Foll almost as easily. Six Brown errors gave Detroit five runs, and St. Louis in turn made three runs in which as many Tiger errors figured.

"Red" Tellier Will Try The Boxing Game

(Canadian Press)
MONTREAL, April 19.—(Tuesday)—The Gazette today says it is learned that Edward "Red" Tellier, stormy petrel of the rugby field who has been barred for life by the Canadian Rugby Football Union, has decided to turn professional boxer. Tellier, snapback of the Dominion champion Winged Wheelers, of the Montreal Amateur Athletic Association, was suspended for striking the snapback of the Regina Rough Riders in the Dominion final last fall. Tellier played hockey at Halifax all winter, and has since been working out daily in a local gymnasium with professional fighters, the paper adds.

No Such Action In Quebec Prov.

(By the Canadian Press)
Announcement is made by Most Rev. E. A. LeBlanc, Roman Catholic Bishop of Saint John, that he would grant no further dispensations for mixed marriages unless accompanied by a promise from the contracting parties that children of the marriage would be brought up in the Catholic faith and then only in cases where fulfillment of the promise could not be impeded by appeal to civil law. Bishop LeBlanc said civil law in New Brunswick, about half of which province is within his diocese, provided, "a father cannot be divested of his right in the religious training of a child." This, he contended, rendered impossible enforcement of provisions regarding children of mixed marriages in cases of subsequent recalcitrance. Abbe Chouinard, secretary to Mgr. J. R. R. Villeneuve, Archbishop of Quebec said no such action as that of Bishop LeBlanc would be taken in that province, principal stronghold of Catholicism in Canada. He characterized the ruling as purely local and added, "It does not mean that mixed marriages are forbidden but will have to be sanctioned by Rome."

In Catholic circles of Nova Scotia and Ontario similar attitudes appeared to prevail as in Quebec. Rev. Thomas O'Donnell, Archbishop of Halifax, said no prohibition of dispensations for mixed marriages was contemplated in that province, while at Ottawa, Most Rev. William Forbes, archbishop, said he did not agree that promises regarding religious education of children demanded by the church might be renounced under civil law.

Recent instructions from the Vatican, Mgr. Forbes said, did not change the position maintained in the Catholic Church at Ottawa. He held promises obtained in dispensations were binding under both canonical and legal provisions, and cited a test case tried in the courts some years ago in which such promises were found binding by civil law.

Fail To Locate Burning Ship

NEW YORK, N. Y., April 18.—(A. P.)—Four coast guard vessels were searching the waters off Cape May, N. J., tonight for an unidentified ship reported afloat about twenty miles south southwest of the Cape May Jetty. The destroyers Hunt and Rush were the first ordered to the locality, and at 11:45 p. m. the latter reported they had reached the spot but found no sign of a ship in distress. They were ordered to continue the search and two patrols left the Cape May base to aid them. The coast guard said the first information of the blazing vessel apparently came from a fisherman returning to port.

To Protect The Farmer

OTTAWA, Ont., April 18.—(By the Canadian Press)—The Dominion Government was doing everything that was humanly possible for the agricultural industry, Col. T. A. Mullins (Cons. Marquette) declared in the House of Commons today. Col. Mullins was resuming debate on the budget. "Why not protect Canadian products and Canadian industry," he asked as he proceeded to condemn the fiscal policy of the former Liberal administration under which, he stated, large imports of canned meats and other imports had come into the country to the injury of Canadian enterprise. "I am going to have protection for the farmer for the primary products," Col. Mullins stated. Proceeding, he decried the "cowless, sowless, chickenless farm" and declared that some of the Liberal members of the agriculture committee of the House had been talking wheat only during the past two weeks "until wheat has whiskers on it."

Far East Trade Gradually Increasing

(Canadian Press)
NEW YORK, April 18.—In announcing the 19th foreign trade convention will be held at Honolulu, May 4, the National Foreign Trade Council today reported a renewal of industrial activity in the far east. As evidence of this, the council said, Japan had imported twice as much cotton last year as in 1930, with the United States supplying the largest share, or 48 percent. Total shipments of United States cotton to the far East last year, the council said, approximated 35 percent of his country's entire acreage and were valued at \$80,000,000.

Ice Races at Grand River

On Tuesday, March 29th, one of the best ice races of the season was held at Grand River East. It was an ideal day and the prospects of a good afternoon's sport drew a large crowd of race fans from far and near. The ice was somewhat soft which made it difficult for the hobbled pacers to race to the best advantage. There were three classes, A, B, and C. In Class A three horses faced the starter. Adzoff Brook Bingen and Commodore Girl. After several scores the horses got away to a good start. Owing to Brook Bingen having his hobbles too low he made four breaks which gave the heat to Adzoff with Commodore Girl second. The next three heats were easy for Brook Bingen as he seems to have all kinds of speed. This horse is owned and driven by Jack Steele, Newport, and is a sturdy grandson of the good old sire Bingen 206 1-4 that all the fast horses of the Grand Circuit trace their racing blood to. Adzoff 212, is a Ch. S. by Azoff and also a half brother of the world's record horse Peter Manning. This horse is owned and driven by Peter McKay, Bridgetown. We hope to see some of his colts training this summer and expect much of them. Commodore Girl is a good little pacer by Commodore Ledyard. She is owned by Alex. MacDonald, Little Pond, and driven by J. M. Carney. This mare has not been raced for some years until this winter, but considering the company did credit to her driver.

Class B: This race brought out some real good horses, Jessie Waltz, Royal Todd, Bobby Landleague and Eddie. Some of these horses were rivals from former races and were pretty evenly matched which made it the best race of the afternoon. Jessie Waltz, the tough little pacer by Col. Waltz is owned and driven by John M. Moran, Newport. She made a break in the first heat which spoiled her chance of winning but came strong in the next two heats to win the race. Royal Todd, the good old war horse could not seem to get his stride. Bobby Landleague who is a big gaited trotter won the first heat.

Class C: This was a one-after-the-other race. Robin Clay won easily, D. Campbell second and Appy Robertson third.

SUMMARY
Class A
Brook Bingen (Steele) . . . 3 1 1
Adzoff (McKay) 1 2 2
Commodore Girl (Carney) . . . 2 3 3

Class B
Jessie Waltz (Moran) 3 1 1
Bobby Landleague (Stead) . . . 1 2 3
Royal Todd (McCleod) 2 3 2

Class C
Robin (Clay) 1 1 1
Santa Claus (Campbell) . . . 2 2 2
Robinson Crusoe (Robertson) . . 3 3 3
Starter: J. McDonald.
Judges: Allan J. McCormack, Herb McCleod and Lewis Cantello.

Makes Proposal To Nfld. Gov't.

ST. JOHN'S, Nfld., April 18. (By the Canadian Press)—A proposal to give the Imperial Oil Company a fifteen year monopoly on the sale of petroleum products in Newfoundland, in return for the placing of \$1,750,000 in Government bonds, will be included in business before the House of Assembly when it meets tomorrow. The proposition replaces a Government plan for a state monopoly, and under the new terms the Company would not only undertake to subscribe for or procure the sale of the bond issue, but would pay a royalty, in an amount not yet specified publicly, in which would be merged the amount now obtained by customs duties.

The bond issue, at 5 1-2 percent, would be used to obtain funds required to pay part of interest on the public debt, falling due June 30. Sir Percy Thompson, treasury advisor, said today. The Council of the Board of Trade has approved the scheme as a means of raising the interest.

The Assembly will meet tomorrow after a two-weeks intermission brought about by riots which damaged the Colonial Building. Evidence that a recurrence of the disorders is considered unlikely was seen in the fact that the 2,000 special police, drawn from the ranks of civilians and ex-service men, have been disbanded.

"As I was sitting in a crowded tramcar coming home tonight," said Parker. "A woman entered and stood exactly in front of me." "And you got up and save her your seat?" queried Parker's wife. "No—another fellow forstalled me. But I had to wait five minutes for him."

The Bambino Gets Another

(Associated Press)
BOSTON, April 17.—Babe Ruth brought his season's home run standing to three over the weekend by sending the ball into the right field bleachers here in Saturday's American League match between the Yankees and the Red Sox. It came in the seventh inning, Bob Welland pitching. The Yanks won, 14 to 4.

Montague Curling

At a meeting of the Montague Curling Club held on April 14th, the following report of the season's activities was read. The President passed same over to Secretary, as in conversation with J. W. Murdoch who claimed they being the two most "consistent" curlers of the club were instrumental in bringing the silverware from Charlottetown, therefore it would not be appropriate for Louis to read it. The Inspector and the Doctor from the Wood Island Hill declare "consistent curlers" correct.

A member of the Club sent in the following definition for a perfect curler: My idea of a perfect curler is not one who comes with a chip on his shoulder and is very easily offended, but he who moves his bed and baggage to the curling rink to be ready to wield the stones at a moment's notice. We may say the Montague Curling Club can boast of such a curler.

REPORT OF CURLING SEASON YEAR 1931-1932

During the season we had 32 members which made 8 teams leaving no spare team. On account of long season, with good curling weather prevailing every man seemed to get all the curling necessary to satisfy, at least no complaints in this direction were heard except from one member who would have liked to play one more game to decide the champion curling team of our club; he may as well say "How do you do" to his family now as the curling season is over and the potato king will soon have to start planting.

The first contest was for the Clarkson shield, also 4 bags of Regal flour donated by Mr. W. W. Lord, were awarded the winning team, namely J. K. MacDonald, W. R. Garrick, G. W. MacDonald, L. A. Johnston, Skip. Jumping and catching the ratters was barred in this contest.

The second contest was for 4 bags Regal flour donated by Mr. W. W. Lord, the winning team, Carl Stewart, J. W. Murdoch, M. C. Reynolds, C. W. Wightman, Skip. In this contest 4 one gallon cans lubricating oil donated by C. K. Wightman to the runners up won by John Ford Jordan, F. G. Mac-

A Quiet Game Of Pinochle

(Canadian Press)
OSSING, N. Y., April 18.—The quietest card game in the books is being played daily in the Sing Sing death house by a white woman and a negro woman with the aid of their keepers. Mrs. Mary F. Simpson, of Homer, N. Y., and Ruth Brown, of New York City, are housed in adjoining cells and are shut off from the other's view by a solid wall of masonry. They toss the cards through the bars of their cell doors and on to a small table in the corridor. A matron gathers them up and passes them back at the end of each game. No, it isn't bridge—it's pinochle. Mrs. Simpson, was condemned to death for the slaying of her 14 month old child and the negro woman for killing a man of her race in Manhattan.

and Milton Mellish, D. L. Matheson, (J. A. Fraser, sub), L. A. Johnston, Skip. The Gaboury cup was also played for by the Summerside, Charlottetown and Montague rinks, and the following teams from Montague won the cup: M. G. Mellish, J. W. Murdoch, Dr. Preston MacIntyre, C. K. Wightman, Skip, and D. L. Matheson, F. G. MacIntyre, (J. F. MacLeod, sub), L. A. Johnston, Skip.

C. K. Wightman's team also played in the finals of the Bonsel, winning 4 gallons of oil, they tied at the 10th end but lost by one point on the deciding end. We do not notice John Ford Jordan's name in the teams that played in Charlottetown, although he went to the Capital. John devoted his time to another game while in the City, and was well pleased with the results, he entertained the boys coming home by singing that old favorite song "Stop your tickling John."

We hope in the future more of our members will attend the Bonsel at Charlottetown, and the members who were instrumental in bringing home all the silverware deserve the highest praise that we can give them as they played under the handicap of being short of players. We are glad to say the citizens of Montague gave them a hearty welcome upon their return to our little town.

The game of auction forty fives was a source of much pleasure during the season, Ham is considered the champion player with Joe a good second. If Joe did not lose his nerve when he gets over the hundred mark he might have a try at being named the champion. The Kilmuir boys need a little more coaching by their old time card player MacPherson at the "Corner."

Summing up we think that the members one and all had a very enjoyable winter. It is thought we could easily arrange enough curling for more members than we had this season, and if we had more join our financial position would benefit considerably. H.
