WINNIPEG, Man., Aug. 27—(By the Canadian Press)—Funds of \$1,200,000 of the Church of England's diocese of Rupert's Land and of St. John's College have been seriously depleted, it was disclosed today by church heads who started an examination of the books following the arrest two days ago of John A. ## Renewed Greetings Exchanged Between Premier Bennett And Heads Of Imperial Conference Delegations. Warm Tributes From Mr. Thomas And Others Received At Ottawa.

(By Thomas Green Canadian Press Staff Writer)

OTTAWA, Aug. 27—Prime Minister R. B. Bennett and the Imperial Conference delegates who arrived at Southampton on the Empress of Britain have exchanged renewed greetings. Steeped in words of unbounded confidence in the success of the Empire parley, expressions of friendship, good-will and the sentiment of empire unity are the messages which were carried across the Atlantic.

As those delegates who had left Ottawa a week ago disembarked on the shore of England, cables from Canada's Prime Minister were handed to them. For each of these empire delegates—Rt. Hon. Stanley Baldwin, Rt. Hon. J. H. Thomas,

Rt. Hon. Neville Chamberlain, Sir John Gilmour of the British Government, Sir Atul Chatterjee of the Indian delegation and Premier H. W. Moffat, Southern Rhodesia—there were individual messages and from each one has come warm replies with a personal touch of greeting to Canada's Prime Minister.

The first of the delegates to proceed home, they were escorted to Quebec City by Premier Bennett on Saturday last to sail for England. Rt. Hon. Walter Runciman, President of the British Board of Trade, sailed on the Laurentic and reached England late yesterday. Other delegates are homeward bound with exception of Lord Hallahan and

## Mollison Lands Near Saint John

Heavy Fog Prevents British Flyer  
Landing At Airport—On Way  
To Harbor Grace Where He  
Will Take Off On Last Leg Of  
Round-Trip Flight From Ireland

SAINT JOHN, N. B., Aug. 28—Captain J. A. Mollison, flying from New York, made a safe landing in a field near Nerepis, some 18 miles from Saint John, at 5:30 p. m., Atlantic Standard time, when fog prevented a landing at the airport here. After making a good landing in the field, Captain Mollison went to a nearby house and telephoned the municipal airport at Saint John. It was thought he would motor to the city this evening and spend the night here, before resuming his trip to Harbor Grace, Nfld., whence he will take off on the last leg of his round-trip flight from Ireland. Fog clung thickly to the Bay of Fundy coast throughout the day. It was clearer where the pilot landed.

## ARE STILL GROUNDED

PORT MENIER, Anticosti Island, Que., Aug. 28—(By The Canadian Press)—The first week-end of the "Flying Hutchinsons" projected European aerial holiday was spent in this quiet little lumbering centre. Grounded by unfavorable weather reports from the territory separating Anticosti Island from the Labrador coast, George Hutchinson, his wife, two children, crew of three and a cameraman, eight all told, were accepting the hospitality of Port Menier resident tonight, four days after their arrival here from Saint John. The amphibian City of Richmond left New York late Tuesday spending that night at the New Brunswick city. The following day it hopped over the Gaspé Peninsula and sat down on the Harbor here. Since then the tourists have been unable to proceed on their cautious journey to Europe.

## Would Assist Lost Flyers, If Sighted

SAINT JOHN, N. B., Aug. 28—(By The Canadian Press)—In the event he should see the missing plane Green Mountain Boy floating in the Atlantic, Captain J. A. Mollison said here tonight he would try to locate some ship and drop a message indicating the approximate position of the plane in which Clyde Lee and John Bochkon left Newfoundland Thursday morning on a projected Atlantic crossing. Nothing has been heard of the two airmen since they left Harbor Grace. Captain Mollison explained he would be unable to offer any direct assistance if he saw the missing flyers because his own monoplane could not make a safe landing in water. He has no wireless equipment.

## MINISTERS OF AGRICULTURE WILL CONFER

Representatives  
Of Various Provin-  
ces Will Meet With  
Hon Robert Weir  
In Toronto This  
Week

(Canadian Press)

FREDERICTON, N. B., Aug. 27—Matters of policy of the provincial agricultural departments and the Dominion department will be discussed at a conference at Toronto next week between Hon. Robert Weir, Minister of Agriculture for Canada, and the Ministers and Deputy Ministers of Agriculture for all provinces.

New Brunswick representatives at the meeting will be Hon. Lewis Smith, Minister of Agriculture, and Harvey Mitchell, Deputy Minister, who are leaving the province tonight for the meeting. They expect to return around the end of next week.

It was stated today by Mr. Mitchell that the object of the meeting will be to evolve a unified policy with respect to agriculture for both the federal and provincial departments, and to prevent "overlap" between the Dominion and provincial services. Mr. Mitchell could not say whether the elimination of "overlapping" would bring about a curtailment of staff.

## MACDONALD AND CABINET HOLD MEETING

Discuss Procedure  
Necessary To  
Implement Ottawa  
Trade Agreements

LONDON, Aug. 28—(Canadian Press Cable)—Prime Minister Ramsay MacDonald's cabinet ended a long meeting at six o'clock last night, while curious crowds gathered outside No. 10 Downing Street, speculating as to the contents of "reports from Ottawa." The Cabinet received reports from Rt. Hon. Stanley Baldwin, leader of the United Kingdom delegation to the Imperial Conference, and discussed the procedure necessary to implement the Ottawa trade agreements. India was also a subject of discussion, and it is understood the Cabinet debated a new and secret turn of affairs in the land annuities dispute with the Irish Free State. Though rumors have been prevalent regarding Cabinet disagreement on questions raised by the Imperial Conference, the meeting is stated to have been a most harmonious one. The length of the sitting greatly surprised one minister who had expected to be finished by lunch time.

## Textile Workers Will Not Return To Work To-Day

Entire Weaving Section Of Eng-  
land, Numbering 200,000 On  
Strike, And As Many More  
Spinners Threatened With  
Unemployment.

(Continued on Page 3)

MANCHESTER, England, Aug. 28—(A.P.)—Today was the gloomiest Sabbath the north country has known for years as thousands of striking textile workers faced the fact that they would not tread the accustomed way to the machine tomorrow.

With the entire weaving section, involving upwards of 200,000 workers, engaged in the walkout, the sober fact was that the equally large spinning section also must make a decision as to whether to take a 10 percent wage cut or quit their jobs. They will vote on the matter within the next ten days. Even if the spinners decide to accept the slash, observers commented, it can hardly help them long because without the weavers the entire industry will slow down.

## LOOKS FOR GREAT THINGS AT CONFERENCE

NEW YORK, Aug. 28—(By The Canadian Press)—Expressing his belief the forthcoming world economic conference at London presents "a real hope to a distracted and almost desperate world," Stanley M. Bruce, former Prime Minister of Australia, declared in an address here tonight he refused to contemplate failure at the conference. Mr. Bruce, who embarks Wednesday for London where he will take over the duties of High Commissioner for Australia, said at the Ottawa Conference the British Empire took steps to promote trade between themselves, but it was recognized no nation or group of nations can live isolated from others. What was done at Ottawa, he declared, constituted a basis which, if applied in a wider sphere should materially assist in a restoration of world prosperity.

MONCTON, N. B., Aug. 27—John Hennittinen, Montreal, died in the City Hospital late last night from injuries sustained when he missed his footing while attempting to board a freight train near Moncton yesterday. A coroner's inquest today was set over until Monday.
