Plant Expansion Reflects Growth Of S'side

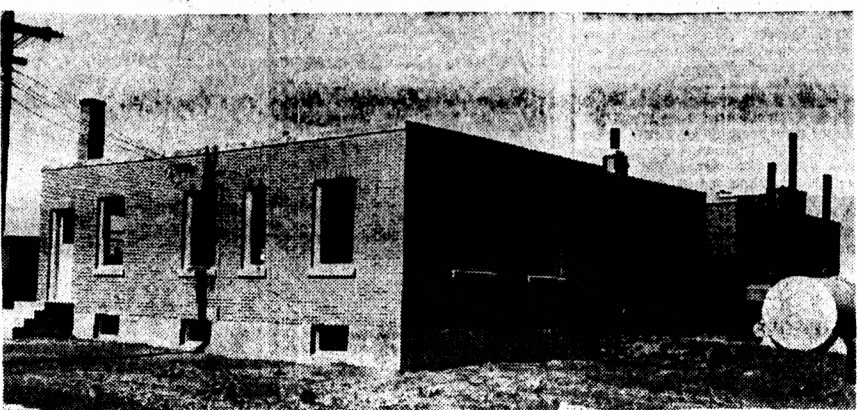

Photo by Heckbert

The growth of Summerside in recent years is perhaps best exemplified in the growth of the municipally-owned and operated electric light and power plant. Although the expansion of this plant even exceeds the growth of the town because of the continually growing rural area that it serves. The new office building (shown above) is the most recent addition to the plant and a further extension of the main building is planned for this fall to house the new Fairbanks-Morse unit with a power output of 1130 kilowatts which has been ordered. Only a little over a year ago the last new unit of 555 kilowatts was installed and already it is being used to full capacity. The present power output of the plant is 1,700 kilowatts.

Mr. L. W. Hacker is the plant superintendent and chief engineer and his office is located in the new building along with that of his clerk, Mr. Jack Schurman. This is a one-story brick building with basement, built by Morrison and Harrison, contractors. In the building there is also a meter room, a store room, and in the basement a store room for transformers.

There are now about 52 miles of rural lines owned by the Summerside Light Department which includes the line-up of the Western Road to Mount Pleasant. Power is taken from the line at this point by the Maritime Electric Co. Ltd. and distributed in O'Leary and vicinity. Other districts near Summerside being served are North St. Eleanor's, Linkletter, Sherbrooke, Travellers Rest, New Annan, Wilnot, North Bedouque and Lower Freetown. The line to Mount Pleasant includes, of course, Miscouche, Wellington and Richmond.

W. M. S. MEETING—The October meeting of the W. F. M. S. of the Summerside Church of the Nazarene was held on Friday evening, the worship opening with the singing of hymn "Jesus Saves". Selected scripture was read after which prayers were offered by all members of the Society. The new Study Book "Japan Now" was reviewed by Mrs. Russell Lewis. Special emphasis was on the India Work this month. Mr. A. M. Parlee gave some interesting statistics from the fifth annual district Indian Assembly and told of the progress of the three Mission Stations. The first Mission Station is at the Ramah Mission in Colorado. At this station an Indian woman, whose faith was in medicine man, was converted and she led her four grown children and their families to the Lord. The promise of the three Mission Stations of the Nazarene is at the Lehi Reservation, Phoenix, Arizona, where there is an Indian school. The third Mission Station is at Needles, California and good progress is being made there. It was announced that Dr. Nathan Cohen Beskin, a converted Jew, who was a schoolmate of Stalin's, will hold special services in Summerside from October 18 to 20. The hymn "Jesus Shall Reign" was sung in closing.

Wagner, president of the Association presided and led the group in a very fitting devotional service. The group decided to give future consideration in a series of studies to the missionary work of the church here. In his judgment it seems almost inevitable that China shall soon come under Communist domination. The ascendancy of anti-religious, anti-western power, will undoubtedly greatly restrict the work of the Churches. But, despite tightening restrictions imposed by the Communist regime, China's national Christians are prepared to maintain the work of the church. A new member, Rev. S. J. Armstrong of Crapaud, was welcomed to the meeting by the chairman. The group also expressed through the chairman a welcome to a guest, Mr. Hicks, a student at Mount Allison University.—S.
