

NA-DRU-CO DYSPEPSIA TABLETS

relieve and cure indigestion—acidity of the stomach—biliousness—flatulence—dyspepsia. They re-inforce the stomach by supplying the active principles needed for the digestion of all kinds of food. Try one after each meal.

50c. a box. If your druggist has not stocked them yet, send us 50c. and we will mail you a box.

National Drug and Chemical Company of Canada, Limited, Montreal.

CHARLOTTETOWN AND QUEEN'S COUNTY

It pays to buy in this Province.

Everett Buell, student of Prince of Wales College, spent Sunday at Rocky Point.

Miss Annie MacLeod of Hartsville is visiting her daughters in Charlottetown and is the guest of Harry and Mrs. Court.

Thomas A. Peters, came over from Prince Edward Island, and spent a few days with his daughters, Mrs. F. M. Humphrey, Miss Flossie Peters, and Mrs. R. A. March, Hampton, N. B.—St John Exc.

Recently new railings were erected on the sides of the slip on the Steam Navigation Co's wharf where the Harland docks. Every slip on this wharf is now protected in this manner, a chain being suspended at the front of the slip between the ends of the rail on each side of the slip. This makes the chance of an accident even on the darkest night but a very slim one and the example set by this company is one which should undoubtedly be followed by those in authority over each and every wharf in this port. It is true that accidents of this nature are rare but the move is a wise one and worthy of emulation and imitation.

Among the vessels in port are two from Prince Edward Island, loaded with produce. One of these, the Mary E. Daisley, brought 325 bushels of potatoes which were sold to Voight Bros. This year potatoes are being retailed out of the Island vessel—55 to 60 cents a bushel, which is considerably higher than ever they were known to bring in former years. The potatoes however, as well as all produce, are splendid ones, there being scarcely any bad ones in all the cargoes that have reached here in this fall. The Mary Daisley is a trim little twenty-five ton craft with gasoline auxiliary. She is owned by David Daisley of Aspy Bay, who is now on his way home from P. E. I.—Sydney Exc.

Says a Louisburg correspondent to a St. John exchange:—Scarcity of potatoes is becoming prevalent in this town. The successive reports coming in from the country during the harvest time proclaimed the biggest crop of potatoes obtained for many years back. The farmers whose potato tops were not attacked by the bug in the early stages of growth were able to make such reports, but others have hardly enough for their own use. A cargo of Prince Edward Island potatoes is forthcoming by the schooner Maud Carter, but the price being high in the Island and no supply coming from Cape Breton farming districts, it will be competition the present price will remain or go up. In the latter case the article will be a dear luxury to the purchaser.

The new parsonage of Jubilee Methodist Church was a busy centre yesterday afternoon and evening. Rev. and Mrs. J. W. McConnell were at home to the members and friends of the congregation from four to six in the afternoon, and from 8 o'clock in the evening. Large numbers made their way to the handsome residence of the pastor of Jubilee Methodist Church, and were shown throughout the building by a committee of ladies. Refreshments were served in the dining room, and expressions of delight were heard from all present, regarding the splendidly laid out and beautifully furnished parsonage. Mr. McConnell told the Record that that is altogether the best parsonage in the Methodist of the Maritime Provinces.—Sydney Exc. (Mr. and Mrs. McConnell were formerly of this city.)

Little P. E. Island has often been credited by tourists, commercial travellers and others with possessing a very slow train service, the allegation often being hotly resented. In this connection the following will be of interest:—The Commercial after quoting a rather laudatory paragraph about the Ocean Limited says sarcastically:—The person who wrote this item should take a trip over the Islandtown Branch on the famous "Whooper" and become acquainted with the excellent state of affairs on that section of the I. C. R. The Whooper, as the train is called, is composed of passenger and freight cars, and makes the run from Newcastle to Millerton a distance of eight miles, in about two hours and thirty minutes and this, to the minds of the I.R.C. Commission is considered an up-to-date train service. Passengers from Newcastle to Millerton have to sit from one to two hours in the smoky cars at the New Brunswick Pulp and Paper mill and watch an old junk heap, which they call an engine, try to make a shunt, and when they get tired waiting they can walk to the station, 11 miles, go home and have supper and get back to the station before the train arrives.

Myals "Laxacold" is a laxative treatment for gripe, "colds" (Coryza), coughs, headaches, neuralgia, etc. It acts quickly (as candy and night), is tasteless (chocolate coated), and checks a cold at once if taken promptly. 25c. a box. Sold and recommended by E. A. Foster, Central Drugstore, Sunnyside. -dtf.

Prof. S. N. Earl, City, was a passenger south yesterday afternoon.

G. S. Inman, Montague, returned yesterday afternoon after a business trip to this city.

Miss Marie McNeil, of Goven Sack is visiting her sister, Mrs. P. McLean, Robinson St., en route to Charlottetown, P. E. I.—Moncton Exc.

On Sunday next the congregation of the First Methodist Church will celebrate the 47th anniversary of the dedication of their church. Special music is being prepared for morning and evening services and the day will be observed in the Sunday School as well as in the Church.

Secretary Paver, of the I. C. R. and P. E. I. Railway Employees Relief and Insurance Association, reports the following deaths with the amount of insurance during the month ended Oct. 25:—George O. MacLeod, Agent, P. E. I., March 8 tuberculosis, \$250. There was one case of total disability, William Ellis, trackman, P. E. I., \$250. The fees and levies for the month are: Class A., \$2; Class B., \$1.20; Class C., 80 cents.—Moncton Exc.

The gravenstein apples are nearly over and the price is now somewhat higher than at the opening of the season. The trade has been surprised at the strength of the local apple market has grown this fall. It was expected that with the tremendous crop there would be a surplus that the local market could scarcely take care of, but strange to say there does not seem to be any more apples than in an average year and prices are quite firm at from \$2.00 to \$3.00 per barrel for winter fruit such as Bishop Pippins and other standard varieties. California oranges are a bout done and the only thing offering is Jamaica in barrels. New Malaga Lemons have arrived, also New Malaga Grapes, the latter selling at \$4.50 to \$5.00 for kegs according to quality. The outlook for dearer potatoes seems to be growing. It is reported that P. E. I. is finding a market in Montreal and the west, at any rate prices locally are stiffening at the present time.—Maritime Merchant.

Four groups of the Boy's Classes in Bible study of the Y. M. C. A. met in the basement of the Zion Church last evening. The classes were in charge of C. H. Oberdick, George McLeod, Colin McNevin and Earl Lane. These classes are being held in Zion Church owing to the lack of space, the building being overcrowded almost continually so that new classes as they are organized are with difficulty provided with an hour or a place to meet in the Association building. An example of the work being done by the Association—and also proof of its overcrowded condition—is found in the fact that 300 men and boys met in no less than nine different classes on Saturday. These with the exception of two, were regularly organized classes; nothing of a special nature. A problem which confronts the energetic Secretary, Mr. Reilly, and the directors, who meet tonight, is the advantageous disposal of classes yet to be organized. The need of a new building was never more pressing.

Retall Pearl Tooth Powder makes the teeth shine like pearls, imparts a delightful fragrance to the breath, prevents decay, hardens the gums, and is a preventative to the action of disease germs which enter the mouth. 25c. sole agents, The McKinnon Drug Co., Cor. Gt. Geo and Kent Sts. dtf.

HORSE SHOW NEWS FROM MADISON SQUARE GARDEN

Stirred by the announcement that the Horse Show, which opens on Nov 18th, will be the last one to be held in Madison Square Garden, the patrons of the show in former years, as well as those who in more recent times have always attended, have flooded the Association with applications for boxes, with the result that when the executive committee meets next Thursday to allot the boxes the entire seventy-eight will practically have been spoken for.

While there have always been a demand for the boxes it has come from those who were really interested in the show at the time and the following year the places of those who dropped out of the circle were taken by the newcomers. But with the passing of the historic building that for twenty-one years has been the setting of the "diamond horseshoe" each autumn the interest of many former patrons who in recent years may have been missing from the annual event has been rekindled.

As usual Alfred G. Vanderbilt, president of the National Horse Show Association, has sidetracked substitution by taking Box 13, the same one that has been his for several seasons past. Among the applicants for boxes are: August Belmont, Frank Bull, Joseph W. Harriman, Reginald C. Vanderbilt, William du Pont of Orange, Va., Sir Edward Clouston of Canada, W. W. Wilcock of Pittsburgh, William H. Moore, John A. Spoor of Chicago, E. A. Burke of Cleveland, Hon Clifford Sifton of Canada, Charles A. Coffin, James Speyer, Harvey S. Ladev, E. Francis Hyde, F. Ambrose Clark and E. H. Gary.

Although the work of tabulating the entries will not be completed for a few days Secretary Hyde has announced that the number of exhibitors would be record breaking, three hundred and one owners having made nominations, as against two hundred and eighty-two exhibitors last year, while the premiums this year amounting to \$40,000 will exceed those of last year by \$7,000.

The most marked increase in entries is in Class 143—the jumping class open to all, in which only performances over fences are to count.

In this class there are one hundred and twelve entries including the nominations of the foreign and American officers, as well as such well known owners as Frederick Bull, F. Ambrose Clark, F. Bryce Wing, Lemonte Dominick, Edwin H. Weatherbee, George Chipchase, Calvin H. Reynolds, Major Joseph Kilgour, Hon. Adam Beck of Canada, Mrs. Thomas Hiltcheck, Paul D. Gravat, James Dunn, Surrey, Edw. N. Edward C. Rutter, Mrs. George Wallen, W. Burling Cocks, George Pepper, Crow & Murray, Frank McCoy, Lieutenant H. W. Brown, of Ohio; T. J. Smith and Donnybrook Farm.

At the request of the Morgan Horse Association the directors of the Horse Show have invited G. Howard Davidson, of Millbrook, N. Y., to act as judge in the classes for Morgans. Mr. Davidson will also judge in the hackney and pony breeding classes.

Incidentally, some extremely good Morgans, will be shown, judging from the entries which include those of H. R. C. Watson, Colonel Spencer Bourde, Charles W. McCutchen, J. Rich Steers, E. Dealing, A. R. Van Tassel and Allen M. Fletcher. E. T. Statesbury of Philadelphia, who is J. Pierpont Morgan's partner

and the financial head of the House of Drexel of Philadelphia will show his roadsters Lottie Sherbet and Brother Spier in the novice class, Norcata and Brother Spier in the class for horses four years old or over, and his great pair Eugene and Come as well as Norcata and Ruby in Classes 44 and 46.

Following last year's precedent the show will open on a Saturday instead of Monday and will close the following Saturday.

AN IMPRESSIVE CEREMONY.

QUEBEC, Nov. 6.—With all the solemn and impressive ritual of the Roman Catholic Church, Mgr Mathieu, K. C. M. G., was yesterday consecrated first Bishop of Regina.

The ceremony took place in the Basilic here. There were twenty-five Archbishops and Bishops, as well as hundreds of priests from all parts of Canada and the United States present.

The ceremony of consecration was performed by Archbishop Begin assisted by Archbishop Bruchesi, of Montreal, and Archbishop Langevin, of St. Boniface.

Old people with lame backs—who suffer with Rheumatism, or Kidney or Bladder Trouble—will find welcome relief in GIN PILLS. Every box guaranteed and money refunded if not satisfactory. 50c. a box, 6 for \$2.50—sample free if you write National Drug & Chemical Co. of Canada Limited, Dept. PE Toronto. 66

During the past two years, I have been suffering with Kidney Trouble—severe pains in my back at times, and with feet, ankles and legs so very swollen that I found great difficulty in moving around the house even in slippers. I am pleased to tell you, since taking GIN PILLS, the pain has gone, the swelling has subsided, and I again wear my boots—which have not been upon my feet for nearly two years. I am seventy years of age, and am now using my sixth box of GIN PILLS".

E. A. SCADDING.

Celery Advancing In Price

The question is raised why should celery advance in price? One reason is, there is always a shrinkage if kept any length of time, and after storing for winter the extra expense attached to this is no small item, again the demand is greater in the cold weather, and another reason is, we have made large shipments abroad, decreasing our stock materially, which cannot be replenished from any local source. So under the existing circumstances Celery must advance in price, and until further notice Celery will be \$2.50 per barrel crate.

Our plan of keeping celery given with each purchase of one crate or more—Address orders to
