## ORANGEMEN CELEBRATE

### Grand Weather, Record Crowd and Good Sports on 12th.

The Orange Celebration of the "Glorious twelfth" on Saturday eclipsed all previous efforts in turnout of members and in the excellence of the regalia worn.

The improvement in the latter respect was most noticeable and was very favorably commented upon.

From early morning visitors began to flock into the city and at one thirty o'clock when the parade started for the exhibition grounds the streets were packed.

The race programme started at 2.30 p. m. and proved very interesting. The races were keenly fought out.

## RUSSIANS INTERESTED

### Anti-Bolshevik Faction Looking into the Turkish Question.

(Special To The Guardian.)  
PARIS, July 13.—Barnet Russian expression of interest in the Turkish question since the government fell was made yesterday in the note of the Russian political conference which represents Admiral Kolchak and the anti-Bolshevik factions at Paris.

The Russian note which was signed by Prince Lvoff and other members whose headquarters are at the former Russian embassy was addressed to the President of the Peace conference. It points out Russia's interest in the disposition of Turkey, requests that Russia's voice be heard in the settlement and asks that Russia be given a mandate for the Dardanelles and contiguous territory.

It places the Liberals of this province in the unenviable position of being opposed to the policy of the other Liberal provinces. The Patriot is perturbed over the raising of the 60 percent by this province. It need not worry. For the first year there will be sufficient funds from the ordinary finances to carry out the necessary work, and if the Patriot will refer to the Premier's address it will discover the following:

The return of a Liberal Provincial Government would be the surest means of defeating any chances of success and a weak Liberal-Conservative Government would not be regarded at Ottawa as an indication that the province was back of these claims.

The present indications point to a return of the present government with a good increased majority. I now call on the people to give us such backing as will enable us to go to Ottawa and tell Sir Robert Borden and his government that Prince Edward Island appreciates the car ferry, the widening of the gauge of the railway, the addition of the subsidy, etc., all of which were conceded by him at the request, and on the representation of the Provincial Government working in harmony with our Federal Conservative representatives, and if such happens then I feel assured that Sir Robert Borden and Sir Thomas White, the Minister of Finance, who have shown themselves to be the friends of the province, WILL FURTHER RECOGNIZE OUR JUST DEMANDS AND WILL MAKE SUCH FURTHER CONCESSIONS AS WILL PLACE THE GOVERNMENT IN A POSITION TO CARRY OUT THE PROGRESSIVE PROGRAM AT READY SUBMITTANCE TO THE ELECTORATE.

Let the people speak, the issue is clear and unmistakable: a verdict for the Leader of the Opposition and his party will be an intimation to Ottawa that we did not want the things that have been obtained and that we are not looking for further concessions. An emphatic verdict for the present Government will be one of appreciation for past concessions and a demand for a just and equitable adjustment of the claims already presented and that it returned to power I promise to press to an adjustment."

Mr. Jenkins then took the platform and spoke for over an hour. He was quite at home and judging by the hearty reception given him by his neighbors and friends, Mr. Jenkins will receive the largest vote ever polled in North Wiltshire.

Dealing with every issue in a masterly manner, Mr. Jenkins dealt with the financial issues of the province and the splendid manner in which the Arsenal Government had handled the funds of the province. He took Mr. Hughes to account for his many misstatements of the previous evenings. Mr. Jenkins explained fully what had been done under Liberal and Conservative rule for the good roads of the province. He also dealt with the erroneous statements made by Mr. Hughes on the floor of the House when Mr. Jenkins was not there to reply, but with the arguments laid down Mr. Hughes was made to feel that his small politics were mean and low. Mr. Jenkins is assured of the hearty support of this poll at the election on the 24th.

Mr. Hughes followed meekly with replies to Mr. McLure's arguments but failed to impress his audience or to combat the arguments made by Mr. Jenkins.

Mr. McLure was again given an opportunity to speak and contradicted the report made by the Patriot at the opening of the campaign which Mr. Hughes acknowledged he had reported to the Patriot. Dealing with the increased gratuity to returned men Mr. McLure placed himself on record at North Wiltshire as well as at the other meetings which he attended with so much success.

Short speeches were also made by Mr. Inman and Mr. McDuff. The Liberal Conservatives know how the poll at North Wiltshire will go on the 24th.

THE WEATHER.  
FIDE MOON, ETC.  
The tide will be high this morning at 11.05 and tomorrow at 11.46; it will be high tomorrow morning at 12.32 and Wednesday at 1.09.  
Sun sets this evening and tomorrow at 7.55; it rises tomorrow morning at 4.49 and Wednesday at 4.50.

Jemal Passa, the leaders of the Turkish Government during the war were condemned to death today by a Turkish court martial investigating the conduct of the Turkish Government during the war period. Enver and his two leader associates in the Young Turk Government fled from Turkey several months ago and their whereabouts is unaccounted for. Bey former Minister of Finance and Alusa Metssa Kiazam, former Sheikh Ul Islam, were sentenced to fifteen years at hard labor. The court martial acquitted Rifaat Bey, former President of the Senate and Pachim Bey, former Minister of Posts and Telegraph.

The Road Grant  
\*\*\*\*\*

The Opposition has come out against improved roads. Every province in Canada has enthusiastically accepted the Dominion Government's offer of 40 percent, and as the Patriot boldly asserts several of the nine Provincial Governments are Liberal, it places the Liberals of this province in the unenviable position of being opposed to the policy of the other Liberal provinces.

The return of a Liberal Provincial Government would be the surest means of defeating any chances of success and a weak Liberal-Conservative Government would not be regarded at Ottawa as an indication that the province was back of these claims.

THE FIRES OF PEACE  
\*\*\*\*\*

(Special To The Guardian.)  
SYDNEY, Australia, July 13.—Every city, town and hamlet in Australia is making most elaborate preparations to celebrate July 19. Bonfires are to be lighted in Sydney at the same time as in England and a chain of fire will carry from hill to hill right to the middle of the continent.

Maritime Express For Halifax Was Wrecked  
\*\*\*\*\*

QUEBEC, July 12.—By the derailment of the eastbound Maritime Express on the C. N. R. line yesterday at 3.35 p. m., west of La Durantaye, County of Bellechasse, two men were killed and one was slightly injured. The victims are: Killed—Driver J. H. Pelletier and fireman J. A. Leclerc, both of River de Loup. Injured—Mail Conductor Oscar Belanger, Bourlama, Que.

The locomotive and tender were the first to derail and tumbled into the ditch, while the seven cars which followed were also derailed and piled upon the locomotive.

Fire broke out amongst the wreckage and the bodies of the driver and fireman were burned in the blaze.

The cause of the wreck has not yet been ascertained. The road was cleared for traffic at midnight.

Induction Service At St. Paul's  
\*\*\*\*\*

At St. Paul's Church yesterday morning the service was of an unusual character, being an induction and induction of Rev. H. D. Raymond as Rector of the parish. His Grace the Archbishop of Nova Scotia officiated. The induction service was printed on a neat folder and distributed throughout the church.

Messrs Percy Pope and A. A. Pomeroy, representing the congregation presented the rector with the keys of the church.

In his sermon the Archbishop spoke impressively to the children on the need of "reconstruction," pointing out the large part which it will be theirs to play in rebuilding the world. His address to the adults was based on Rev. 3:20, "Behold I stand at the Door and knock." The great need of the modern church, said His Grace, is Real Life. There is no place in any church for what we call the nominal church man. It may be necessary to recast entirely the church of the past. It must be done, if by that we can put Reality into religious life.

Another danger of the church of the present day is indifference, the characteristic of the Laodiceans, who were neither cold nor hot. A friend had said to Holman Hunt, the great artist, that he had forgotten to put a handle on the door in his famous picture, "The Light of the World," to which he replied that the handle was on the other side. The invitation of Christ is individual and personal. The response of the opened door is also individual and personal. This said the preacher is the panacea for the ills of modern civilization, the sure foundation upon which modern society must be recast.

A political meeting was held at Montague on Friday night and was largely attended.

Mr. Leth Poole presided. The government speakers were Hon. Murdock McKinnon, Mr. M. C. McGowan and Hon. J. A. McDonald, while the opposition was represented by Mr. Bruce Butler, Mr. H. Nelson, Mr. S. S. Hessian and Mr. J. W. Godfrey.

## BRITAIN TO INVESTIGATE

### Matter of High Prices and Means to Ameliorate Conditions.

(Special To The Guardian.)  
LONDON, July 13.—Lord Robert Cecil will ask in the House of Commons on Monday whether in view of the continued high prices of many commodities and of the resultant grave unrest the government will appoint a small expert committee to investigate the matter and to report on measures desirable to ameliorate the present state of things.

It is not anticipated that there will be any necessity for further rationing of foodstuffs. The supply is not creating so much anxiety as the possibility, almost the certainty of high prices during the winter. With a view to the importation of foodstuffs from the dominions the food controller has been negotiating for more tonnage.

Dr. Seaman's Resignation  
\*\*\*\*\*

The Patriot wants to know why Dr. Seaman has resigned the Medical Superintendentship of Falconwood. Perhaps if the Patriot were to refer to the attitude adopted towards Falconwood by the leader of the opposition and Mr. George B. Hughes, it might get the necessary enlightenment.

Splendid Meeting Held at York  
\*\*\*\*\*

The hall at York was filled to capacity on Friday evening when a public meeting was held at that place in connection with the present political campaign.

Mr. W. C. Gibson presided. Mr. David McDonald, opposition candidate made the first speaker and made a very feeble effort in his endeavor to criticize the Government, but it must be said that he was very fair in congratulating the local and Dominion Governments for procuring the car ferry and wide gauge railway for this Province.

He was followed by Mr. J. J. McDonald, Conservative candidate who made an excellent speech in which he dealt ably and intelligently with the issues of the day. Mr. McDonald is a young man who is a capital platform speaker and will no doubt be an excellent representative for the district.

Mr. Peter Brodie followed and created a lot of laughter by his jocular remarks but was not taken seriously by the majority present.

Hon. Leonard Wood was the next speaker and received a splendid ovation. He made an exceptionally good speech in which he dealt ably and effectively with the questions of the day.

As there was a great deal said regarding returned soldiers Corporal Peter Hughes who was present, was requested to give his opinion as to how the returned soldiers had been treated. Mr. Hughes said that he had no wish to take any part in politics but thought it was due to the people and fair to the Government to state that the returned men greatly appreciated the treatment received from the local government and especially from Premier Arsenault, who was always in sympathy with the returned men.

Mr. Brodie asked Mr. Hughes a number of questions and Mr. Hughes replied so effectively that no doubt Mr. Brodie regretted asking them.

Mr. F. W. Hughes, City, followed but submitted nothing new.

Mr. Bert Brown one of the most prominent farmers of York followed with a very able address, in which he dealt with the various attacks made by the opposition speakers especially those on the Commissioner of Agriculture and showed in an unmistakable manner that the Conservative Government has done more for agriculture than any previous administration.

Mr. John Bradley followed and by his eccentric remarks created a lot of laughter.

MONTREAL, N. B., July 12.—Col. C. W. Peck, V. C., M. P., addressing the Monton Canadian Club last night declared that General Sir Arthur Currie commander of the Canadian Corps in France and Belgium was one of the greatest generals of the war and the statement made in some quarters that General Currie did not exercise proper care of the safety of his soldiers lives was all rot. Colonel Peck stated most emphatically that General Currie was most jealous of the lives of the men he commanded.

### Foreign Minister Tiettoni Exhorts People to Remain Calm.

(Special To The Guardian.)  
ROME, July 12.—Tomasso Tiettoni, Minister of Foreign Affairs was loudly applauded today when he announced to the Chamber of Deputies that it was his belief the negotiations going on in Paris would lead to a settlement in the course of the next week. He hoped at that time he said, to tell the country everything.

The question of Asia Minor, said the minister, had to be reserved until President Wilson consulted the American people, but the Adriatic, Colonial and economic questions would be settled. They had arrived at a point he said where a decision was absolutely necessary and every delay was dangerous.

The Foreign Minister, in conclusion urged the country and parliament to remain calm pending the settlement of negotiations and exhorted them to give the Italian delegation their unflinching support, making the peace signed a true Italian peace.
