

"Oh, Take It Away"

"I have no appetite and don't want to see anything to eat"

The sight of food only irritates when the appetite has failed. Trepid liver action upsets the temper as well as the digestive system.

How miserable you feel when the liver fails and resulting constipation fills the system with poisons. The head aches, the tongue is coated, appetite fails, what you do eat remains undigested and forms gas on the stomach, you become drowsy and dull and you feel downhearted and discouraged.

The use of Dr. Chase's Kidney and Liver Pills is recommended as a most prompt and certain relief for chronic indigestion and torpid, sluggish action of the liver, kidneys and bowels. This prescription contains the ingredients which medical science has recognized for generations as the best means of accomplishing these results.

Dr. Chase's KIDNEY and LIVER Pills

You are not expecting when you use Dr. Chase's Kidney-Liver Pills. For nearly half a century these pills have been for sale in drug stores and known to the public as an unfailing relief for biliousness, torpid liver, chronic indigestion and constipation.

Annual Meeting

The Annual Meeting of the Emerald Diving Association will be held in Emerald Hall Wednesday, January 16th at 2 P. M.

LINUS C. MACDONALD, President.

The Cost Of An Eye Service

Any person who considers the cost of an eye service from the proper angle never complains of the price. Anyone requiring aid in seeing is losing more as a result of his errors of vision than it would cost to have them corrected. There is no cost to a satisfactory eye service. It is a steady payer of dividends.

WHISPERING ROCK

Again she read the letter which she still held in her hand, Harry had been captured by Mexican bandits, had been with them several months, had at last escaped, was badly hurt, and from then until the writing of the letter he had been cared for at the inaccessible Guiterria Rancho six days west of Hermosillo. He said that he was dictating the letter to a traveler—the first person he had seen in many months who had any knowledge of English. Harry was unable to write because of a wound, and was still in bed. But his hurts were mending and before long he expected to be up. He requested Ruth to write his partner, Snaveley, of the situation and ask him to go to Hermosillo.

CHAPTER 22

"Mr. Snaveley, look here!" There was nothing aggressive in Ruth's tone, but it was like a tone she had never used to Snaveley. "Look at this." Ann stepped to the door of the kitchen and stood silently, her eyes on Ruth.

"Well, but—" Snaveley paused, helplessly. The guilt and consternation on his face, as well as the letter in her hand, gave the girl courage.

IN MEMORIAM

MR. EDMUND TRAINOR
The funeral of the late Edmund Trainor took place in St. Ann's Church, Hope River, on Dec. 26, 1934, where a Requiem Mass was said by the pastor, Rev. W. V. McDonald, M. T. Trainor was born in Dinkora, P.E.I., and removed to St. John, N.B. about thirty years ago. His widow and his brother Albert accompanied his remains, where they rested, at Mrs. Trainor's home, Leo J. Reid, and a large gathering of friends and neighbors paid their respects to a kindly, beloved, and a God-fearing man, who died in the prime of life, being only six years of age, after a year of intense suffering patiently and stoutly borne.

MRS. DAVID WALKER
The death occurred at the home of her daughter, Mrs. Laura Hogg, of the late David Walker, Kelvin, at the advanced age of 89 years.

W.C.T.U. Notes

TIME'S ALTARS

B.C. 1914
Red on the altar lay the sacrifice,
Red ran the channels in those
olden days,
When from the judgement of his ill
deeds,
Man sought redemption and the
means of grace,

A.D. 33
Christ by the Cross redeemed a
whole world's sinning,
Counted as nought the anguish
and the pain,
Gave Himself wholly for the hope of
winning
Life from the burden of its self-
wrought chain.

A.D. 1914-1918
Now, once again, the sacrifice is
rendered,
Now, once again, the altars run
with blood;
Will the new life, of this vast woe
engendered,
Root out the evil, bring the great-
er good?

A.D. 19—
If not—if still the things of earth
enthrall us,
If this sore lesson we still fail to
learn,
That of a surety, shall still worse
befall us,
Till we unto Him with contrite
hearts return.
Can we not read the meaning and
the warning?
Are we so dull that blows alone
will save?
Must Life forever be a House of
Mourning?
Can we find God but in an open
grave?
—John Oxenham

DID CHRIST MAKE FERMENTED WINE
(By Temple White)
Among the numerous unfounded "facts" and misleading assertions that the "wets" are scattering in their propaganda is the statement that Jesus Himself turned water into fermented wine, and that the Holy Scriptures justify the indulgence in intoxicants. So persistently is this repeated that people need to be enlightened as to what the Bible really teaches on the subject.

In translating the Old Testament Hebrew and New Testament Greek into the English language, both unfermented and fermented grape juice have been translated "wine;" but the context itself, in connection with the general teaching of the Holy Scriptures on the subject, makes very clear the kind of wine referred to. In the key text, Isaiah 65:8, which is backed by a "Thus saith the Lord," we read that "the new wine is found in the cluster" and that "a blessing is in it." No one can drink enough of the unfermented pure "fruit of the vine" to become intoxicated. But when man takes the juice from the cluster and lets it sour and ferment until it becomes intoxicating, there comes a "blessing" in such strong drink. It has then become a curse; and God pronounces "woe" against those who give their neighbors such a drink.

Another year has passed and only work for Eternity will count. What have we been doing for Jesus as the days have been slipping away? The question is often asked: "What is the W. C. T. U. doing?"

In the cluster
In Jotham's parable (Judges 9:12, 13) the vine was represented as being contented and happy in giving man such a blessing as new wine. "In the cluster," that ever "cheereth God and man." The wine in the cluster is, of course, unfermented. Knowing Paul as we do, we cannot conceive of his advising Timothy to partake of the kind of wine that was so strongly condemned in the Holy Writings. (1 Timothy 5:23) It is also well known that dietitians today recommend pure grape juice to patients.

In olden times, as well as in some parts of the world today, "the fruit of the vine" is taken from the cluster and kept in the skins of freshly killed animals. Since these skins are not air-tight, fermentation begins in time, and the skin "bottles" stretch. If the grape juice from the vintage was put away in old dried skin "bottles," fermentation and expansion began the dried skin containers would burst, and all the wine would be lost. Jesus definitely refers to this in Matthew 9:17, where we read: "Neither do men put new wines into old bottles; else the bottles break, and the wine runneth out, and the bottles perish; but they put new wine into new bottles, and both are preserved."

The Wine that Jesus Made
Mark those last three words, "both are preserved." God would have man use the unfermented wine. At the Cana marriage feast in Jesus' first recorded public miracle as recorded in John 4:11, He turned water into wine. This same Jesus, through the miraculous forces of nature, is still manifesting "His glory by turning water into wine. But the kind of wine that the Creator makes is always found "in the cluster," and is always a "blessing." It becomes a curse only when man takes it from the cluster and lets it sour and ferment. Then it becomes "intoxicating," "strong drink," is "raging," and "whoever is deceived thereby is not wise." Proverbs 20:1.

God's gifts are all good. (James 1:17). Man's perversions are bad. The purest, healthiest, and best wine is always the unfermented "fruit of the vine." It was pronounced to be "the best" by the governor of the feast at the Cana wedding feast.

Christians today should never use unfermented wine at the Lord's Supper. Jesus used the "fruit of the vine." Matthew 26:29. "Ye were not redeemed with corruptible things," said Peter, "but with the precious blood of Christ, as of a lamb without blemish and without spot." 1 Peter 1:18, 19. So, in the sacramental service today, that which represents Jesus' blood should be just what Jesus used—the "fruit of the vine," an uncorrupted substance, even "new wine," preserved in its unfermented state. Religious people who use intoxicants at the sacramental services lessen respect not merely for the Eighteenth Amendment, but also for the sacred truth which the Communion service commemorates.

He who will take the sensible, reasonable, inspired words of the Lord at their face value will never become drunken with the unreasonably, unsatisfying, and fickle traditions and customs of the world which, in Revelation 17:2-4, are symbolized by intoxicating wine.—Selected.

CASTORIA
The Children's Laxative
from babyhood to 11 years

little symptoms that point to complete elimination. Next time you take your child to the doctor for a regular check-up, ask him about Castoria. He will tell you that it contains no harsh, irritating ingredients—only such ingredients as are mild, effective and suitable for children. Buy the family-size bottle. It is more economical.

Give your child Castoria
When a child is unusually "touchy" it is wise to give a laxative. But be sure to give a child's laxative... not an adult laxative that may upset digestion and cause griping pains.

Give Castoria! It is made especially for children. They love its pleasant taste. It is gentle, safe—yet effective and thorough.

The "standby" in 5,000,000 homes. In more than 5,000,000 homes, mothers of children of all ages—from babyhood to 11 years—give Castoria for constipation—and for all those

Roxy and his Gang — Every Saturday night your radio is the ticket window to a grand new show—musical surprises presented by that master showman—Roxy. Tune in this Saturday. Let the children listen to, Columbia Broadcasting System, including stations CKAC, Montreal, and CFRB, Toronto—8 o'clock E.S.T.

But... maybe she isn't

"Crying over nothing"

WHEN a mild reproof brings a flood of tears... or a plucky child cries for a trifling hurt... take heed! Often such outbursts are little flags of warning!

One of several things may be to blame—acid stomach, flatulence... perhaps your child is catching cold. Or maybe it is constipation—a disorder so common that 90% of all children are affected by it.

Buy the family-size bottle. It is more economical.
