Connor Thermo
CONTROLS WATER TEMPERATURE

Canada's finest washing machine, powered by both electric and gas motors. Built by CONNOR, of Ottawa—a name and a produce we are proud to represent. You get more for your money when you buy a CONNOR. What other manufacturer has sufficient confidence in their product to guarantee it for 4 years. We have for our opening about 20 only of these machines.

CONNOR HANDWASHERS

We received for our opening 25 hand washing machines. These are also built by CONNOR. We do not know when more will be available—nor do we know where others can be obtained. If you want one come in, phone or write at once.

MR. HARRY TRENHOLM, Special Representative from FAWCETT'S will be in attendance during our opening days.

For the first time we will have on our sales floor at once one range of each and every type made by FAWCETT.

This fine display has only been made possible by the splendid co-operation of the Eanmel and Heating Products Ltd., makers of the famous FAWCETT products.

FAWCETT'S have been making ranges for almost 100 years—many of your grandmothers started housekeeping with a FAWCETT (and some of you are still using that same fine range today). However vast improvements have been made since that time, with the result that from the Atlantic to the Pacific FAWCETT ranges are looked upon as the finest looking and the EST AKING RANGES.

There is a FAWCETT RANGE for every purpose and for every price bracket. You can use coal and wood, or coal, wood and oil separately. Come in now and see for yourself the great variety available. You will realize then why FAWCETT is the leader in the industry.
