## SUCCESSFUL SKATE MEET HELD LAST NIGHT

### Richard Lawlor Captures Island Championship

#### Island Skating Champions In Various Events Are Declared. Exhibition Races Well Received.

Over 800 people were in attendance at the Forum last night as the first Provincial speed-skating championships were run off in a meet that produced close competition throughout with all the performers displaying remarkable skill on the steel blades. To those who made the meet a reality lots of credit is due and although the attendance could have been much larger nevertheless the promoters were highly pleased with the reception accorded their initial venture in attempting to revive interest in skating races throughout the Province.

To Richard Lawlor goes the honor of being the first officially recognized skating champion of the Island. The rangy, smooth-skating City boy gave a brilliant performance last night as he captured three first places and a third to garner 65 points in events that counted in the point-making and he also displayed plenty of skill as he also captured the puck-carrying contest and figured in a three-way tie for first position in the barrel jumping contest.

Today he has in his proud possession the magnificent Lieutenant Governor DeBlois Trophy for a well-deserved reward and also the Mayor Kennedy Cup which went to the winner of the mile event. The other trophy to be competed for, donated by Premier the Honorable Dr. W. J. P. MacMillan for the skater capturing the three mile race was won by Maurice Lodge in a grueling battle with Ivan McCarville.

Frankie Cole, the 11-year-old boy wonder from Sackville also thrilled the audience with his skating prowess. He was defeated by Artie Wright of Souris in a special match race but captured the fancy of the crowd with his smooth performance.

Miss Adele McDonald proved the class of the ladies events gaining two firsts and a third to account for forty-five points. This young lady also gave a smart performance and was rewarded with a beautiful silver trophy donated by the Forum management.

Harry Smythe and Willie Logan internationally famous speedsters thrilled the audience with their superb skating in three exhibition events. Each skated a quarter mile against time, Smythe having the fastest time to his credit in this event while in the mile race Logan beat out his rival and Olympian teammate in the last 30 yards.

A clever club-swinging exhibition by Willie Scantlebury drew rounds of applause from the fans as Willie showed an adeptness that was noteworthy to say the least.

The lengthy programme was run off without a hitch and many pleasing remarks were heard which speak well for the future success of meets that are to come.

### NEW TALENT TO BOLSTER WHITE SOX

#### Several New Players Are Expected To Make Chicago Club Strong Threat.

(Note: This is the sixth of a series of stories gathered first hand on the prospects of major league baseball teams for 1935.)  
By Brian Bell, Associated Press Staff Writer

PASADENA, Calif., March 15—If the American League pennant race could be turned into a joint debate Chicago White Sox would win. It is not surprising, perhaps, that the Sox are the most talkative players in the circuit for their manager, James J. Dykes, is far and away the most accomplished orator in the active playing ranks of the game.

The most notable single acquisition made by Chicago between seasons was catcher Luke Sewell, formerly of Cleveland and Washington. Sewell never looked better than he has this spring. Then Minister Hayes is at second and Al Simmons in centre. It's a baseball adage that the catcher, second baseman and centre fielder must be first class for a team to win.

There will be no change in the infield except in the reserve corps. Zeke Bonura will play first base, Luke Appling, patrol short and Manager Dykes watch third. Appling is being tagged in camp as the most improved ball player on the lot.

The outfield will be two-thirds new. Simmons moving from left to centre, is the only veteran. He will be flanked by Vernon Washington, hard hitter from Indianapolis in left and Ray Radcliff, ball hawk from Louisville, in right.

Dykes will start with several new faces among the pitchers. John Whitehead and Joe Vance, from Dallas, seem certain to stick, and Vernon Kennedy of Chattanooga City is a bright prospect.

The veterans, Ted Lyons, Sam Jones, Whitlow Wyatt, Leslie Tietje Earnshaw have worked hard in camp and are ready.

### Hamas Laid Up As Result Of Beating

BERLIN, March 15—Still suffering from the effects of the terrific thumping he took last Sunday from Max Schmeling, German heavyweight, Steve Hamas rested tonight in a sanatorium.

Although the American manager, Charlie Harvey, and attending physicians hope Hamas will be fully recovered within a fortnight, they admittedly are worried over some of the symptoms the fighter developed after he had been stopped in nine rounds by Schmeling.

"Hamas is suffering from numbness of the left leg, double vision in the left eye and possibly a spinal ailment," Harvey told the Associated Press. "As a result, doctors ordered him to a sanatorium and placed him on a strict diet, forbidding alcohol or tobacco."

### Hockey Results

At Montreal  
St. Jerome, 6; Three Rivers, 1. (St. Jerome wins intermediate championship of Province of Quebec by 10-1 round score).

Royal Military College, 3; Loyola, 3. (R. M. C. wins Dominion Intermediate Intercollegiate title by 5-4 round score).

Allan Cup Playdowns  
Brookville Magedomas, 3; Sudbury Frood Mines, 4.  
O. H. A. Senior "A"  
Toronto, 4; Hamilton, 1. (Toronto wins Dominion title by 4-1 round score).

International Hockey Final  
At Windsor—Windsor, 5; Syracuse, 4.  
Kimberley Dynamiters, Nil; at Edmonton Superiors, four.  
(Superiors win berth in semi-final).

### Chuck Templeton's SPORTRAITS

### SPORT BRIEFS

The quality of hockey in New Brunswick and Prince Edward Island as displayed by the Red Indians and Junior Abbies in their two games has surprised the hockey authorities of Nova Scotia. A Halifax paper comments on it and states that the Red Indians are behind the sister provinces in their brand of junior hockey. Criticize if you will, but you cannot get away from the fact that Big Four hockey raised the standard in Charlottetown and vicinity and was the means of creating the present province wide enthusiasm for the sport. There is nothing better for our boys and young men throughout the length and breadth of this province than hockey in the winter and other sports in the summer. Every village should have its baseball or athletic club. Games keep boys and young men out of mischief and give them the competitive spirit which is so necessary for combating the trials and tribulations of life.

A gentleman who read our notes on the Fireman's Tournament of 1932 said, "Why didn't you mention the victory in the hook and ladder race?" We told him the reason was that we had forgotten about that, but when he mentioned it we recalled it readily. The Charlottetown team won handily, not because they were as fast runners as the other teams, but due to the marvelous agility of the late Jack Proud. Jack won the ladder as it was coming off the truck and when it touched the pole he was almost at the top. Jack afterwards served in the South African and Great Wars and passed away a few years ago.

"Boony" Ross of the Amherst News and the foster spirit of midget and junior hockey in Amherst for the past three years, was surprised and delighted with the Charlottetown Rangers. He could hardly believe a midget team could exhibit such skill in passing and finessing of the game. "They showed more insight into the fine points of hockey," said Mr. Ross, "than any team that played in Amherst this year barring the Wolverines." The Amherst midget team were winners of a five team league there and were undefeated this year. The next big battle between the teams will be at Charlottetown Forum, March 22nd.

Among the attractions at the International figure skating carnival at Madison Square Garden is Oscar L. Richard, eighty years old, who has been winning trophies for figure skating for upwards of 65 years. His first prize was won at a rink on the site of the present Ritz-Carlton Hotel, New York in 1872 and his most recent award at St. Moritz, Switzerland, last February for a skating wait.

Hats off to the promoters of the Prince Edward Island Championships skating meet held in the Forum last evening. The writer has always taken a great interest in skating contests and always got a great thrill out of both bicycle and skating races. Thirty or more years ago tremendous crowds turned out to see the skating races at the Hillsboro rink. Lorne Unsworth, Tommy Howatt and Art Gaudet were the bright particular stars, with the latter improving every year until finally he was in a class by himself. We would love to have seen him at his peak in a big rink like the Forum.

### LOOKING OVER THE ALL-STAR SELECTIONS

#### Chabot Surprised On Achieving Hockey Greatness—Shore Returns to Old Form.

(By Elmer Dulmage)  
(Canadian Press Staff Writer)  
(C.F. By Guardian's Special Wire)  
TORONTO, March 15—Perhaps the most surprised member of the new Canadian Press All-Star National Hockey League team is Lorne Chabot. The most casual and, withal pleased, might be Eddie Shore and the most relieved Earl Seibert.

This is because Chabot, an un-spectacular netman, has been shunted around more than any other goalie during his eight seasons in the N. H. L. He started with New York Rangers and visited Toronto and Montreal Canadiens before getting to Chicago and the extreme top of the heap.

Shore stood as the big question-mark of this season in November. Had the Ace Bailey affair broken the spirit of the Boston breaker? Courageously, Shore made a direct answer by leading the Bruins from the bottom of the American section, where they finished a year ago, to first place and into the N. H. L. finals.

The burly Seibert was hand-picked by most critics two seasons ago as the defenceman most likely to achieve greatness. He was big and fast, a fine puck-carrier. And he was getting better all the time. This was to be his year, it was agreed. Yet Seibert almost failed to reach the all-star division.

When the Rangers were in an early-season slump Seibert was playing as poorly as anyone. It was nearly mid-season before he and Bill Cook laid hands on the creaking machine and started putting their shoulders behind it. East came as the season's 25th banner and Bill with many merit marks.

The rearguard that sports writers named to go with Charlie Conacher, Frank Boucher and Harvey Jackson on the 1935 All-Star team replaced the late Chuck Gardiner, Lionel Conacher and King Clancy.

With his selection on the first All-Star team, Chabot goes all the way toward taking over the highest goaitending honors left by Gardiner. On the same Chicago team Gardiner played for, except that Lionel Conacher and Roger Jenkins are missing from the defence, the lank port Arthur veteran has virtually won the Vesna Trophy by having the fewest goals scored against him.

When the late Major A. A. Bartlett was the best exponent of that art.

When hockey degenerates into fisticuffs the game is doomed. Press reports of the series between Beavers and St. Pats in Saint John in which the participants are all former top stars, show that this is too bad and while it may please a few fans it is not popular with true lovers of hockey and if persisted in will kill the game in that city. If the boys want to fight let them get into the regular amateur boxing matches where they can summitt each other to their hearts content according to rules. We predict that if the present fracas continues some player is going to be seriously injured.

We hope that President James E. Wry will not compel the Wolverines to make that awful trip to Edmundston, N. B. Places that are situated so off the beaten track of travel as that city is should not be accorded a playoff fixture. To give you an idea of what it means to go there we may say that there are only three trains a week that the Abbies left here at 7:30 on Wednesday morning and arrived at their destination at eight o'clock on Thursday morning. There were no pulmans, just the ordinary accommodation cars. No wonder they were beaten 7-0 that night. The Eskimos are just a fair team and would have surely been trimmed by our intermediates had they played at the Charlottetown Forum or at Moncton.

Dan O. Mahoney the Irish wrestler, is packing them in wherever he competes. 15,000 cash customers turned out to see him whip Ernie Dusek at the Boston Garden recently.

Joe Lewis, the sensational negro boxer who is talked of as an opponent for Max Baer, first took boxing lessons in 1932. He then engaged in amateur contests until June 12th, 1934 when he turned pro. Since then he has won sixteen straight fights. A physician who examined him when asked where he derived his hard wallop from said, "Joe is a natural hitter. His power comes from his long, loose shoulder and arm muscles. This and straight from the shoulder wallops. He hits so hard that his hands become sore and all puffed up after a bout. He does not smoke or drink liquor and seldom goes to bed later than ten o'clock. He has no girl friends outside his sister and mother. Mash notes are torn up. His hobby is radio and his ambition to build a home for his mother."

Three seconds was long enough for St. Louis Eagles to change defeat into victory last Tuesday evening at St. Louis when they overcame a one goal deficit in the final period and whipped Detroit Red Wings 3-2. Joe Lamb of Sussex, N. B. scored the final marker. Detroit Red Wings with their \$40,000 new additions—bought from St. Louis—won three games in a row before they succumbed to St. Louis.

Stunt flying and international fancy stunt flying contests have been added to the program of the 1935 Olympics to be held in Berlin. Some of the world's best amateur pilots will fly to Berlin to gather there on July 30, 1936. The next day has been set aside as grand flight day.

Peterborough hockey fans claim that Bill Calladue, centre ice player for the Peterborough C. H. A. intermediates which were elimin-

### DOWN THE BACK STRETCH

Maine's grand old horseman, Colonel Walter Morrill, passed away at his home in Pittsfield recently. He was in his 95th year and was one of a family of seven, one of whom survives him.

When the Civil War broke out in 1861 he was not quite of age but was among the first to enlist, and two years later as a Captain he won the Congressional Medal of Honor, being cited for particular bravery at the Battle of Rappahannock Station, November 7th, 1863. He was the only man from Maine to go to war as a private and return Colonel of a regiment, and then he was but twenty-five years of age.

Not only has Colonel Morrill achieved greatness as a war hero but he was the oldest active promoter of harness race meetings in the world. It was claimed and never disputed. He opened a track at Dexter, Maine, in 1876 and since that time has given over 150 different race meets and paid out over \$100,000 in purses.

When a young man he trained and drove many noted horses of his day and was the first man in the State of Maine to put two horses in the 2:30 list. Surprise 2:28 1/2, and Conora 2:23 1/2. To the very last he maintained his interest in the harness horse and always attended race meetings when they were in the vicinity of his home town.

The leading sire in Canada is the stallion Lee Harvester, premier stud at the Manchester Farm, Galt, Ontario. He is a son of the world champion trotting stallion Lee Axworthy 1:58 1-4 and his dam is by The Harvester 2:01, former champion trotting stallion. Among those credited to him are Baldwin 2:02 1-2, Lee Hanover 2:07 1-2, Imperial Axworthy 2:12, Worthy Widow (3) 2:13, etc.

Dr. J. M. Nicholson had a letter yesterday from Murray Howe, who is located at Fort Lauderdale, Florida, Murray, who must be nearing the seventy mark, was formerly a writer on the Chicago Horse Review staff and an authority on balancing horses. His book Stable Conversation is one of the most interesting published on turf topics.

Edwin T. Keller writing of the leading race winners of 1934 says "It has almost gotten to be an accepted fact that Canada each season will furnish the top race winner of the year. For four of the past five seasons this fact has been true. In 1930 it was Bud Gratian (4) 2:06 1-4 who topped the list with a grand total of nineteen victories, which has not been equalled since. The following season Joe Watts 2:05 1-4, then owned in Ohio, tied with Guy the Tramp 2:02 for leading race honors. Joe held the trotters, Guy the pacers with twelve victories.

The 1932 season saw Bertha Patch 2:07 1-4 put front with eighteen victories in twenty-one races and 1933 it was that speed merchant Baldwin who topped the group with seventeen winning records and who would have been just as prominent last season but for an injury in

Ontario is one section of Canada that keeps on breeding harness horses in ever increasing numbers. Stallions recently purchased and placed in service there include Corporal Lee 2:05, son of Peter Volo 2:02, and Lydia Lee 2:08 1/2, that won eight events as a two-year-old in 1930 including the Fox Pacing Stake. His new owner is Harold Currie, Stratroy, whose Tixie G 2:08 1/2 was one of the best green pacing mares out last season. Another good stallion that has been purchased by Ontario parties is Lauderdale 2:05.

The three mares that stand out most prominently as breeders of trotters with money earning capacity are Miss Bertha Dillon (4) 2:02 1/2, whose five foals have won a little over \$110,000. Margaret Arion (3) 2:10 1/2, has four that won almost \$105,000 and Blitz 2:08 1/2, three that earned a little less than \$100,000.

One by one the grand old pacers of a decade or two back are going to the equine beyond. Braden Direct 2:01 1-4 died recently at the age of 27. He became the world's champion four-year-old pacer in 1912 with a mile in 2:01 1-4, his record. He was succeeded in this honor in 1914 by William 1:58 1-2 who paced in 2:00 1-4. The latter then held the distinction until last fall when His Majesty (4) 1:59 3-4 won at Springfield, Ill.

The fastest mile ever stepped by a two-year-old in Florida, or elsewhere at this season of the year was staged by Bill Strang, owned by W. N. Reynolds the tobacco magnate, and driven by Ben White last week at Orlando when he trotted the full mile in 2:12 1-4.

### Monso Retained in Hospital

(C.F. By Guardian's Special Wire)  
SAINT JOHN, N. B., March 15.—Injured in a hockey game here on Wednesday night, Walter Monson remained in hospital tonight and was expected to stay there until next week but his condition was not serious. He suffered a broken arm, dislocation of the right lung, Monson, centre and acting coach for Saint John Beavers, played with Winnipeg Selkirk's last season.

### Protest Is Allowed

The protest by C. N. R. hockey team in the semi-final of the Commercial League games at Summerside, played on Wednesday evening between the C. N. R. and the Barbers, was allowed by the League officials on the grounds that the Barbers used an outside man for their goalie.

The game was ordered to be played over but the Barbers refused to do so. The C. N. R. now advance to meet the Post Office in the finals. There will be two games, goals to count.—S.

### EXTEND VISIT

LONDON, March 15.—Winnipeg Monarchs defeated a representative British ice hockey team 7-2 tonight. The touring Manchester, senior provincial amateur champions last season, originally planned to sail for home yesterday but later decided to extend their visit.

ated last Saturday by Toronto Royals, has set the highest scoring record in Canada this season. In eighteen O. H. A. games he has piled up the remarkable total of 72 points. Coming up this year from juvenile ranks the youngster scored 42 goals, 21 of them unassisted and in addition has had 30 assists. He never missed scoring in a single game and in the final game scored all four goals for his team and 60 percent of the goals scored by his team in the eighteen games.
