—POLICE COURT — As the sequel to a disturbance on Water Street, Summerside, on Saturday evening, an out-of-town man appeared in Police Court yesterday morning charged with common assault and was given a month in jail without the option of a fine. A drunk was fined $10 and costs and another had his bail estreated —S.

—C. W. L. MEETING — The monthly meeting of the Indian River sub-division of the C. W. L. was held in Kensington on Sunday, Sept. 2. There was a fair attendance of members, and the meeting opened with prayer by the chaplain, Father Trainor. Minutes of last meeting were read and adopted. The sum of $100.00 was voted for the Sedes Sapientae scholarships for girls who will attend St. Dunstan's College. A brief but very enlightening explanation of these scholarships was given by Father Trainor and was very much appreciated by all present. Resolutions of the annual diocesan convention held in Charlottetown August 8 to 10 were read and discussed. The president also gave a report of the business sessions of the convention. It was decided to launch another campaign against immoral literature and a committee will be appointed to scrutinize the news stands in Kensington. It was decided to take up a collection instead of the annual chicken supper, and the meeting closed with prayer.

Personals

—Mrs. J.B. Hegan and daughter, Janet of Charlottetown are guests of Miss Hunt and Mrs. Mussen, Summerside.—S

—Mr. Donald Woodside, Halifax, is spending a pleasant vacation in Clinton the guest of his cousins, Mr. and Mrs. Hillard Woodside.

—HOLY FAMILY SOCIETY ANNUAL MEETING — The annual meeting of the Holy Family Society of St. Paul's Parish, Summerside was held on Sunday afternoon at the convent and the officers were all re-elected for the coming year: President, Mrs. D.F. McNeil; Vice President, Mrs. Abel Arsenault; Secretary, Mrs. J.C. Hickey; Treasurer, Mrs. Josephine Murphy; Councillors, Mrs. Edmund Doucette, Mrs. Stanley Dawson, Mrs. Joseph Linkletter, Mrs. Gus Blacquiere. Reports were read of the years activities. Mrs. Josephine Murphy, treasurer reported the excellent amount of $492.75 had been raised by different efforts during the year, all of which was devoted to the work of the Sisters of the convent.—S.

S'side Prisoner Of Japanese Is Enroute Home

Mr. Archie Blacquiere, Summerside, received the first word yesterday that his son, L. Cpl. Medius Blacquiere, who had been captured by the Japanese in Hong Kong was liberated. The message which came from Manila simply said "flying to America. Will be home soon."

L. Cpl. Blacquiere joined the army in the spring of 1940 and after serving in Newfoundland for a year was posted to the Royal Rifles of Canada and proceeded to Hong Kong with that unit. The last word from him was received over a year ago when he said that he was in good health. His family had been advised about a year after the fall of Hong Kong that he had been transferred to the Tokyo area so it is probable that he was liberated by American troops.

His wife, the former Ann Wanamaker of Saint John, N.B., is a nursing sister in the army and is at present in England. A brother, Pte. Joseph, was killed in Italy in August, 1944. His other two brothers are also in the service, Reginald at Aldershot, N.S., and Oscar in the U.S. Navy. There are three sisters, Mrs. Andrew LeClair, Mrs. Cyrus Poirier and Mrs. Alfred Arseneault, all of Summerside. His mother died in the fall of 1939.—S

CAPITOL

SUMMERSIDE

Gov't Criticized—

(Continued from Page 1)

Government by order-in-council rather than by parliament, of economic controls as soon as shortages disappear.

He said that if meat rationing, reintroduced in Canada today, was necessary the Government was to blame for it because it allowed hog production to decline.

There would be "widespread resentment and bitterness" if the budget did not bring "substantial relief from the burden of wartime taxation."

Ilsley on Taxes

This brought an interruption from Finance Minister Ilsley who said he would leave it to the public to judge whether tax cuts in the forthcoming budget come up to pre-election Governmental promises made by "myself."

Mr. Bracken said he had made no reference to election promises by the Government. He would leave the public to judge them.

The Progressive Conservative party would support all reasonable measures to increase the general volume of international trade and Canada's share of it. It would support the United Nations charter and the Bretton Woods monetary agreements.

Mr. King drew a laugh from the House when he extended a welcome to Mr. Bracken and said he had looked forward to making the greeting for 2 1-2 years.

Mr. King said much of what the Opposition leader said was an echo of what the Progressive Conservative party had been saying "ad nauseam" for a month or two."

Mr. Bracken had mentioned a number of things the Canadian people did not want.

"I do think that the Canadian people made it very clear that they do not want the Tory Party — and that, by whatever name it may wish to call itself," said Mr. King.

The solution of problems ahead would be difficult and would require the co-operation of everyone. Some of them would be even more difficult than were the great problems connected with the winning of the war.

Mr. King chided the Opposition leader for comparing peacetime expenditures with wartime expenditures. The money Canada spent on the war had made Canada great in the world.

"I say that the price which has been paid is a small price when one realizes that today we are enjoying liberty and freedom."

Coldwell's Claim

Mr. Coldwell said the Government's plans for providing full employment and a high national income were inadequate. Pending the adoption of comprehensive plans, he urged that lay-off or severance pay of at least $25 a week be provided displaced workers until they are re-employed and that a similar amount be paid to discharged veterans until they are re-established.

He advocated an extensive public low-rental housing program which would provide both large-scale employment and urgently needed homes. The present policy of reliance on private enterprise would produce neither jobs nor homes in adequate numbers, he said.

Mr. Low said the Government has been drifting into totalitarian centralization and "we now even hear much about maintaining it by force."

"I find widespread among the people of Canada today, a feeling that centralization within our country as well as on a world scale, is inevitable. This inevitability psychology has resulted from the persistent and subtle propaganda of the enemies of true democracy over the years."

The Government had "blundered into the position actually of a tool in the hands of the enemies of democracy" by adopting a policy of centralization of power and by its actions the Government had helped to firmly establish the inevitability of centralization."

NEW YORK, Sept. 10 — (CP) — A Polish press agency dispatch from Warsaw reported today that reconstruction of the Baltic ports of Gdansk (Danzig) and Gdynia, destroyed during the war, has progressed so rapidly that the ports sonn will be able to ship 62,000 tons of goods a month.

S'side Police Force To Be Increased In Size

Contract For Power Line To Beam Station Cancelled; S.Y.C.I. And School Board Problems Discussed By Town Council.

A decision to increase the size of the police force, notification that the contract to supply light and power to the proposed beam station had been cancelled, and matters concerning the Summerside Youth Centre Inc., and the School Board featured the regular monthly meeting of the Summerside Town Council held last evening. Mayor J.F. Arnett presided and councillors R.L. Mollison, R.D. Morrison and Henry Wedge were present.

A letter was read from the S.Y.C.I. as follows:

"Regarding a recent letter written to the Mayor by the United Church Session and which was referred to us for reply, we beg to advise the following; at the last meeting of the directors of the S.Y.C.I. on August 17th, the writer was advised to write the Town to the effect that our organization maintains supervision over the S.Y.C.I. playgrounds from 9 A.M. to 9 P.M. daily except Sunday and during the balance of the time we presume that police protection is afforded the property the same as any other town property. Signed, Lowell W. Hancock, President."

The letter above referred to from the United Church Session was in protest against children using the playgrounds late at night and on Sunday. The matter had been referred by the Council to the S.Y.C.I. and the above reply was received.

Mayor Arnett said that the Town was paying the S.Y.C.I. $1500 annually to pay a man to look after the playgrounds and if he goes home at nine o'clock and leaves children there it should not be the Town's responsibility. If the grounds are not supervised on Sundays they should be closed.

Councillor Mollison said he agreed and that he would make a motion that the S.Y.C.I. be advised to that effect.

Councillor Morrison said that he thought that they should be firm with them and he suggested further that if they can't supervise the grounds on Sunday that the town should withdraw the grant. He seconded Councillor Mollison's motion.

Councillor Wedge said that in his opinion the S.Y.C.I. should supervise the grounds every day, including Sunday, when he thought the playgrounds should be open. After nine o'clock in the evening, he would have the police make regular patrols The motion was put and carried and the Clerk was instructed to write the S.Y.C.I. expressing the views of the council.

Discuss School Expenditure

The Clerk read a letter from Mr. D.O. Stewart, chairman of the School Board advising the Council that it had been necessary to lay new floors in a section of the old school and in the lavatories for purposes of sanitation. This involved an expenditure of about $200. The letter also advised that there were about forty more pupils than last year and this would necessitate hiring another teacher if a qualified one could be found.

In reference to this letter Mayor Arnett said that it was strange that at the beginning of the year the School Board had submitted its estimates and the Council had been practically assured by the chairman that there would be no further calls this year. He would have thought it would only have been common courtesy, he continued, for the Board to have informed the Council before an expenditure of this amount was made. The town appoints three of the men on the Board and it is their duty to look after the affairs of the town. He hoped that in future the Council would be consulted before any large expenditures were made. With reference to the extra teacher that was perfectly all right, he said.

Councillor Mollison said that it was unfortunate but according to the act it is not necessary for the Board to come to the Council before they spend money and "I don't think it is right," he said. "We should have the act changed. Charlottetown had its act changed and we should do the same thing. Doubtless the expenditure was necessary and in general the Board is capable and efficient but I don't think we should have to pay any bill they assume."

Mayor Arnett said he had confidence in the Board and they spend their money judiciously and well but it would not have been a hard task to have met the Council.

Councillor Mollison suggested that the Council decide now to have the act changed

Councillor Morrison said he would second a motion to that effect.

Mayor Arnett suggested that probably it should be looked into first and left till there was a full Council in attendance.

The matter was then left over.

Financial Report

Councillor Mollison reported for the Finance Committee that until August 31 expenditures were higher by $7,765.52 than for the same period last year and revenue was up by $859. They had also realized a profit of $6,598.34 from the sale of sinking fund bonds. He said that the Council must be careful for the balance of the year or there will be a large deficit. The police report was read by Councillor Wedge which said that the work of the force was hindered by not having sufficient men. Councillor Wedge said that the committee had decided to increase the size of the force and that applications would be asked for.

Mayor Arnett said that the town was growing and more police were certainly necessary

Councillor Morrison reported that the contract to build a power line to the beam station had been cancelled which left the town with a lot of line-building material on hand which should be made use of to fill applications from rural districts.

A motion was passed authorizing the Street Committee to purchase a lot of land which would permit the extension of a street leading from Notre Dame Street to North Market Street.

Cosh - Adams Wedding

In the Bethlehem Lutheran Church, Clason Point, New York City, the wedding was solemnized on September the second at 4 P.M. of Miss Mary Louise Adams, sister of Mr. John Michael Adams, and Lieutenant Alan Bartlett Cosh, Royal Canadian Navy, son of Mr. and Mrs. Allen B Cosh of Charlottetown, Prince Edward Island. The Rev. Royal E. Walther officiated.

The tall and graceful bride was gowned in white ninon and lace with a fingertip veil of tulle and coronet of orange blossoms and carried a beautiful sheaf of white roses and gladioli.

She was given in marriage by her brother, John Michael Adams. Her attendants were Miss Madeline Gruber, maid of honour, who was gowned in green georgette and carried yellow roses, while the four bridesmaids, Miss Charlotte Vouthier, Miss Julia Connolly, Miss Rita Corchia and Miss Helen McNulty, wore maize chiffon and carried sheafs of yellow gladioli. In the absence of Capt. J. Connolly, V.D., R.C.N.V.R., Mr Henry Wedemeyer acted as best man and the ushers were Mr. William Lowery and Mr. Norman Hieronomey. Before and during the ceremony Mrs. John Michael Adams sang most effectively, "I'll Walk Beside You" and "The Lord's Prayer."

After the ceremony a reception was held at the home of Mr. and Mrs. Adams, Beach Avenue, Clason Point. Lieutenant and Mrs. Cosh left later for their honeymoon in Prince Edward Island

Out-of-town guests were Mr. and Mrs. Allen Cosh of Charlottetown, P.E.I., Mr. and Mrs. William Lowery of Cleveland, Ohio, Mr. and Mrs. John Christian of Connecticut, and Mr. and Mrs Henry Millang of Westchester County, N.Y.

Returning Soldiers Welcomed At S'side

The welcoming committee of the Summerside branch of the Canadian Legion, headed by Mr. Patrick Ryan, welcomed home a large contingent of service men from overseas last evening. A bus gaily decorated with flags was on the pier at Borden when the ferry docked and all service men from Summerside and west were directed to it by megaphone. Many of the boys were met by members of their own families with cars and so did not take advantage of the facilities offered. Mr. Ryan was accompanied by Mr. M.P. Titus and members of the Red Cross Corps who passed out cigarettes.

The men were taken directly to Summerside to the Legion Home where they were welcomed by Mayor J.F. Arnett and Dr. J.A. McPhee, President of the Canadian Legion. Those who were going west were provided with a lunch and refreshments by the Ladies Auxiliary of the Legion. By being taken to Summerside by bus they had plenty of time to eat in comfort and in some cases to meet their families before it became time to take train west.—S.

5TH GUIDE COMPANY

There will be a meeting of the 5th Charlottetown Guide Company in the Holy Redeemer Hall on Wednesday, Sept. 12, at 6 30 P.M. All Guides of this company who wish to attend for the coming year are asked to be present at this meeting. Guides please be on time.

Home And School Ass'n President Visits Province

Education problems were discussed in several interesting addresses here yesterday by Dr. S.R. Laycock, head of the Department of Education of the University of Saskatchewan and president of the National Home and School Association, who has been touring the Maritime Provinces for the past few weeks.

On Sunday Dr. Laycock addressed a large group of parents and teachers at North Rustico. Yesterday afternoon he spoke to a group of teachers at Prince of Wales College. He was also the guest speaker at Rotary and Gyro Club meetings.

Addressing a large audience last night at Prince of Wales College hall, Dr. Layton defined education as the growth of the child in every way, and the school as one of the agencies contributing to that growth. He pointed out how parents and teachers who together were responsible for the teaching of the child, needed a common ground upon which they might discuss the problem, also how the Home and School Association, if properly organized, can furnish that ground.

He emphasized that the Association is not an organization for running the school, a grievance committee for settling disputes; or a body for providing material things for the school.

Following the address and in response to questions from the floor, Dr. Laycock indicated considerable material that School and Home organizations might secure to guide them in their studies.

Prof. L.W. Shaw, director of Education, presided at the evening meeting, which was representative of parents, teachers and students.

Dr. Laycock leaves today on return to the mainland.

CITY COUNCIL—

(Continued from Page 1)

other members to wait on the Provincial Government.

Coun MacDonald reported July and August to be the "lean" months so far as civic revenues were concerned. Expenditures and receipts showed a difference of only fifty dollars.

The usual committee reports were received.

In reporting for the property committee Coun. McKie submitted estimates of $100 for repair of the Public Library steps, and $75 for Market House drain pipe.

Coun. Dougan claimed a "grave injustice" had been done in appointing men as Police Sergeants over the heads of constables with longer service.

Coun. Butler said the police committee had left the Chief of Police with a free hand in this matter.

Coun. McKie suggested holding a caucus meeting on this matter, with the Chief of Police present This was agreed to, the meeting being set for Friday.

Reporting for the light committee in the absence of Coun. Gay, Coun. McKie referred to the difficulty experienced by the Maritime Electric Company in installing oil burning equipment. They had been held up on the delivery of turbines and new boiler. It would be early in 1946 before they have the oil plant in operation, he said.

Coun. Butler complained of the smashing of lights on Connaught Square, and urged closer supervision by the police.

Veterans' Property Taxation

A suggested amendment to the City's Act of Incorporation to meet the needs of ex-servicemen under the Veterans Land Act was outlined by Coun. Rogers, preliminary to a resolution which he proposed bringing up at a later date

He explained that under the Dominion legislation veterans who know something about gardening or farming can get a loan up to $6,000 to build a home, of which amount they must provide 10 per cent down. Of the balance, the Dominion Government assumes one-third while the remaining two-thirds is paid by the veteran over a period of twenty-five years. This privilege is only given to veterans with a pension, or who can show that they have employment that will take care of the payments.

The Government, Coun. Rogers explained, had eliminated the municipalities in connection with this arrangement, for the reason that the tax rates are apt to fluctuate and might prove unduly onerous. Some municipalities had approached the Veterans Land Act officials on this point, and they have agreed to include the municipalities provided the tax does not exceed $60 per year. Under the Act, the houses must be built substantially.

"If we don't do something to conform to this request there will be from fifteen to twenty-five veterans of this war who will build outside the city limits," Coun. Rogers said. "Under our present taxation a $6,000 house would be taxed $195, but they will not build in town if we don't allow them a maximum rate of $60. We are already losing taxes by reason of people building outside the city."

He said there was available land behind Hillsboro St., Orlebar St. and Longworth Avenue which could be purchased by veterans under this scheme.

Coun. Dougan said he was sympathetic to the proposal but cited possible abuses which might arise out of this concession.

Coun. MacDonald said this could only be prevented by treating each case on its own merits.

Coun. McKie said that on a $4,000 property the assessment rate is $130 a year, and the City would stand to lose $90 a year. On a $6,000 property the rate is $195, which meant the City would lose $135 a year if the maximum payment was reduced to $60. Taking twenty $6,000 houses over the proposed twenty-five years period, the City would lose $82,000

Recorder Martin suggested a danger in giving preference to one class of veterans over others who did not come under this provision.

Coun. Rogers said Summerside had set their maximum tax at $45. There would be a resolution from the Provincial Command of the Canadian Legion on this subject, which would be submitted to all incorporated towns asking for compliance with the request, he said.

Coun. LePage spoke commending the plan.

Coun. Butler said that in some cases water and sewerage lines might have to be extended to these properties, which would be an additional expense.

After further discussion, it was decided to bring the matter up at the special meeting on Friday.

Coun. McPhee presented complaints from parents with regard to some motion pictures being shown recently, and suggested that the Council look into the matter

Coun. Rogers recalled that at two Council meetings unanimous resolutions had been passed, to the effect that the Bus Company remove from their present stand on Queen Street, and asked what had been done.

Mayor Blanchard said the manager of the company was here recently. The company have plans prepared for a complete terminal. Their men will be here again soon and the matter will be fully gone into. There were two proposed sites. One proposition was for one-half the jail square.

Recorder Martin said the latter site was not suggested by the bus company, but by some "external agency."

Coun. MacDonald referred to the construction of three houses on Highland Avenue as "a glaring example of misguidance." The houses were all out of line, he said

It was explained that the City Engineer was not responsible in this matter.

The City Clerk read applications for the Police Force from Cpl. E. M. MacKay, Lloyd Matthews and Weston Hillier.

On motion of Coun. Rogers seconded by Coun. Butler, the by-law for the management and regulation of Victoria Park promenade and roadway was amended to provide for a road leading to the new P. E. Island Hospital annex.

Applications of Oliver S Harper and John A. Simmonds for kennel licenses were granted, the licenses to be issued upon approval of the City Engineer and sanitary officer.

On resolution of Coun. McKie, seconded by Coun. Dougan, the City Clerk was authorized to call for tenders for supplying the City Hall with 125 tons of screened coal and the Market Building with 125 tons slack coal.
