

IMPORTANT READING MATTER SELECTED FROM THIS WEEK'S NEWS FOR THE GUARDIAN'S SATURDAY SUBSCRIBERS

TUESDAY

Dr. Jenkin's mare, Deyelish Dorothy, 2.18 1/2, by Dare Devil, 2.03, trial 2.04, has dropped a foal to Commodore Ledyard. The Doctor says it is not the finest foal he ever bred, but he considers its conformation in trotting points so good that he is ready to enter it in a futurity stake for all colts in the Maritime Provinces.

The speed inheritance of this young one is good. Its sire, Commodore Ledyard, is by Admiral Dewey 2.01 1/2, he out of the world renowned Nancy Hanks 2.04, and by Bingen 2.06 1/2, who is far away at the top of the list of sires. Commodore's dam, Lady Bithyn by Jackdaw (he by Jay-bird) was timed in a race in 2.13 as a three-year-old.

The grand dam of the foal—Dorothy—is by Woodbrino, who is considered one of the best sons of the great Nutwood and is the sire of Vega 2.10 1/2, Greenbrino 2.10 1/2 and many others.

The pelt of the pure black fox is the highest priced fur on the market, says the United States "Consular and Trade Reports." The sum of \$2,300 has been paid to a breeder of black foxes in Prince Edward Island for one medium sized, flawless skin of exceptional beauty and lustre. The average price per pelt, according to color and quality, run from \$300 to \$500.

The business of domesticating and breeding foxes has been carried on in this island for about twenty years; it is now past the experimental stages and promises to develop into a paying industry. In more than one instance the proceeds of the sale of a pure black fox skin has paid off a farm mortgage.

The black fox is very rare. Its pelt is marketed at London, where the available supply is offered at auction four times a year. At the sale in January, 1910, 371 pelts, varying from the silver tinged to the pure black, were offered; this year the number at the midwinter sale was only 64.

The black fox can be bred in confinement in all portions of North America north of forty-third degree of latitude. By the application of the methods which have proven so successful in Prince Edward Island this industry could be carried on with profit in the northern states of Maine, Vermont, New York, Michigan, Wisconsin and the States bordering south-western Canada.

The fox reaches full growth in from eight to nine months. The fur is at its best in the months of December, January and February, when the animal is from two to three years old. The highest degree of care must be exercised in taking off the skin. A drop of blood or the smallest break or defect ruins the fur for commercial purposes. To kill the fox it is smothered or chloroformed while confined in its hut or in a hollow log.—St. John Telegraph.

Judge Reddin last evening delivered a lengthy decision in the matter of the estate of the late Augustine McInnis of Earnscliffe. The decision sustains the will of the 23 of November 1906 offered for Probate by B. E. Mutch and Frank McInnis, the execu-

tors named in it, and orders that it be admitted to Probate and letters testamentary granted to them. This will which was contested was written by the deceased himself on the twenty-third of November 1906 and by it he appointed Mr Mutch and Mr McInnis his executors, it was challenged by some of the heirs of the deceased on the ground of mental incapacity and that a prior will existed which should be allowed as the proper will of the deceased. The case was heard before the Probate Court some time ago when the witnesses to the will of the 23 of November 1906 were heard as well as medical and other testimony relating to the mental condition and business qualifications of the deceased taken. The Testator it appeared, on the same day that he drew and executed his will went of his own accord to the Hospital after being there for a time left of his own free will and without informing the authorities that he intended doing so. Evidence was given tending to show that the deceased was a keen man of good business capacity and the will, on its face is rational and indicates no signs of mental derangement. The learned Judge of Probate reserved judgment and last evening rendered his decision as above.

Johnston, K. C., appeared for the executors in support of the will. Matheson K. C. and Macdonald for the contesting heirs.

The Young Liberal-Conservative Association of Charlottetown completed its organization last evening at a meeting in McEachern's Hall on Green St. Picton G. In this hall, which will be open at all times, visitors will be received and there meetings will be held at frequent intervals which will be addressed by prominent men.

The formal opening of this hall will be held on Monday, July 17th, at eight p. m., and a number of influential politicians will address the gathering.

Special to The Guardian. PARIS, July 3.—A sensation is caused by Germany in sending the gunboat Panther to Algiers, which shows little signs of abating today and diplomatic circles are said to be in a state of profound ferment. According to the general interpretation of the German press, Germany will take as its share the province of Sus with its rich copper and mineral deposits, its great agricultural possibilities and its equable climate in which France and Spain withdraw from their present adventure, and really respect the integrity of Morocco.

The attention of the Supreme Court in this City was occupied nearly all day yesterday with the case of the King vs Joseph Cameron and Henry Welsh, charged with breaking and stealing.

A jury was empanelled in the morning and the case was proceeded with, Attorney General Palmer conducting the prosecution and A. A. McLean, K. C., defending the prisoners. The witnesses examined were Owen Trainor, Police Sgt. Thomas Taylor, Police officer Joseph Carter, L. C. Owen and the two prisoners. After the addresses by the counsel and the judge's charge the jury retired to their room and returned at 3.20 p. m. in the absence of one hour and five minutes, with a verdict of guilty. A jury was then empanelled in the case of the King vs John Hughes and Allan McDonald, charged with robbery from the person and Court adjourned until this morning at ten thirty, when the case will be heard. The same set of attorneys acting as in the King vs Cameron and Welsh.

The home of John and Mrs. Rackham, Hunter River, was the scene of a very happy event Friday evening, June 30th, when his youngest daughter, Susan Gertrude, was united in marriage to George Judson Dingwall of Bay Fortune. Rev. J. B. Gough performed the ceremony at 7.30 p. m. While Lohengrin's wedding march was being played by Miss Sadie Paynter, Kensington, the bride entered the parlor, which was prettily decorated for the occasion, leaning on her father's arm. The bride wore a very handsome gown of cream silk voile, her hair being adorned with orange blossoms and maiden hair fern. The bride and groom were unattended. The marriage ceremony over, all repaired to the dining room where a bounteous supper was served to a large number of invited guests. The presents were numerous and costly attesting to the popularity of the young couple. The groom's present to the bride was a handsome pendant. The evening was very pleasantly passed by the playing of music, singing, games and social intercourse. Mr. and Mrs. Dingwall left Monday morning for their new home in Bay Fortune, followed by the good wishes of their many friends. On their arrival in Bay Fortune a reception will be held at the groom's home. Congratulations.

NORTH RIVER, July 3.—The closing day of the P. E. I. Baptist Association opened fine and warm. Much important business was transacted today. The Home Mission report was thoroughly discussed. The past year had been a good one for the Baptist Churches on P. E. I. and the present one promised to be the best yet. There was a pastor with every church.

Rev. R. O. Morse read a comprehensive report on Denominational Literature. A communication from Rev. J. W. Brown, Ph. D., Wolfville, N. S. was read in reference to raising the salaries of Baptist Ministers in the Maritime Provinces to a minimum of \$800. A committee was appointed to consider the scheme submitted, who referred it to the Maritime Baptist Convention which meets at Bridgetown, N. S. in August. It was decided to establish a scholarship at Acadia College for an Island student who could correspond with the Island press. A remarkable forward movement has just been completed for Acadia College, in the year 1910, \$100,000 in an endowment fund. This was given by 130 people. In the first forward movement of any Maritime Educational Institution and shows the wealth and large numbers of Baptist people in the Maritime Provinces.

At the afternoon session the Rev. R. O. Morse read a practical Circular letter on "The Christian's Wealth in Relation to the Progress of the Kingdom." It brought forth a lively discussion. Rev. F. P. Dresser gave a fine report on Temperance. He recited in a very concise manner the history of the Temperance movement on P. E. I. A number of prominent temperance workers, such as Wm. McLeod, Layton McCabe, Mrs. J. Glidden and others spoke. These speeches brought out many interesting facts. A largely attended meeting was held in the evening. Rev. R. O. Morse read a good paper on Sunday School Work, after which strong temperance addresses were given by Mrs. Isabelle Glidden, Wm. McLeod and Rev. T. P. Dresser.

The Association then adjourned. I have been a very successful Association in every way, the best that the Baptist churches have ever held on P. E. I. The note of hopefulness was sounded at every session. The addresses were of a high order. The business was dealt with in a most business like manner. The hospitality of the North River people was abounding. The following resolutions speak for themselves:

ON PASTORAL SUPPORT. RESOLVED, That this Association recommends the continuation of present arrangements in pastoral support between Baptist and Christian Churches, and the development of such co-operation whenever it is deemed wise, and that we continue to cherish the hope of more complete

union ultimately. Also resolved that Pastor Fash convey the greetings of this Association to the Christian Conference in Charlottetown assembled.

A HOME MISSIONARY. RESOLVED, That the Home Mission Board be requested to send one of the General Missionaries to P. E. I. for an extended period of service among our churches, and that the Pastors of our Association be a Committee to arrange for the wisest disposal of his services.

ASSOCIATION MEETING. RESOLVED, That hereafter the Association meet on Thursday evening and close on Sunday evening.

NE TEMERE DECREE. RESOLVED, That whereas by virtue of the Ne Temere Decree, so called, the authorities of the Roman Catholic Church claim the right to annul a marriage between a Protestant and Catholic, or the marriage of two Catholics when performed by any other than an authority of that church; And whereas the attempted enforcement of said decree has wrought injury to some homes and the continued enforcement will inevitably result in wrecking homes, and in the ruin of lives;

Therefore resolved, that this Association records its judgment that mixed marriages are not likely to be productive of the highest social happiness nor religious welfare. Further Resolved, that once a marriage has been duly contracted before any person authorized by the State to perform marriages, that no religious authority whatsoever, has any right to interfere in any way with the marriage.

Further Resolved, that we protest against the enforcement of the Ne Temere decree anywhere in Canada, and call upon the Government to take such steps as will ensure the absolute non-enforcement of the Ne Temere decree.

EXPRESSION OF THANKS. RESOLVED that the thanks of the Association be tendered to Pastor Calder, and the good people of North River for their generous hospitality also to the choir for their excellent music; to the P. E. I. Railway for reduced fares; to Rev. Z. L. Fash, for the Associated sermon and that he be requested to send a copy thereof to the Maritime Baptist for publication.

DEADLY ANAEMIA

Casts a Shadow Over the Lives of Thousands of Women and Growing Girls

"Not enough blood" is the simple meaning of the term anaemia, though it should scarcely need explaining, for, unfortunately, anaemia is one of the greatest evils in this country, afflicting women of all ages, including young girls. The signs of bloodlessness are plain enough—pallid lips and cheeks, and a nervous, frequent headaches, with breathlessness, heart palpitation and great weakness. The only effective treatment is to strengthen and build up the blood, and it is just by this power of making new, rich blood that Dr. Williams' Pink Pills have cured anaemia in more cases than it is possible to place on record. Among the host cured of this trouble by Dr. Williams' Pink Pills is Miss C. N. Roberge, of Sorel, Que., who had been in poor health for several years. Miss Roberge says "I believe that if I had not taken Dr. Williams' Pink Pills my illness would have proved fatal. The trouble came on so gradually that I can scarcely tell the point at which it did begin. The first noticeable symptom was loss of color and a feeling of lassitude. Then I began to lose my appetite, had frequent headaches, and spells of dizziness, and became unable to do my household work without being completely exhausted. Finally my trouble became aggravated by a persistent cough, but did not get any relief. At last I was advised to try Dr. Williams' Pink Pills and decided to do so. After I had taken several bottles there was a noticeable improvement in my condition and I continued using the Pills until I had taken nine boxes. The result in my opinion was marvellous. My appetite returned, my nerves were strengthened, my weight increased, headaches disappeared, and I am enjoying the best health of my life. In gratitude for what Dr. Williams' Pink Pills have done for me I give this statement in the hope that it may bring new health to some other sufferer. Dr. Williams' Pink Pills cure all those troubles due to poor blood, such as anaemia, indigestion, rheumatism, neuralgia, St. Vitus dance, partial paralysis, and the troubles which attack girls budding into womanhood and women of mature years. Sold by medicine dealers everywhere, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Special to The Guardian. CHICAGO, July 6.—The latest newspaper reports on the casualties during the celebration of the fourth of July show 48 lives sacrificed and 1217 injured.

The Presbyterian church will officiate. At 4 o'clock the happy couple will leave for Summerside and will leave by the Empress on the following morning en route to England. They will travel for three months on their wedding tour, after which they will return to Canada and make their home in Leasdale.

The death occurred yesterday morning of Idella, wife of Lea. Alton Cudmore, of this city. Deceased was only twenty-one years of age, and besides her husband leaves behind three little children. She was a member of the Salvation Army and was loved and respected by all who knew her. The funeral will take place this afternoon from the corner of Reserve and Valley Streets at 1.30. Interment will be made in Winslow North Cemetery. The funeral will be according to the regulations of the Army and will be conducted by Ensign Hargrove.

The marriage took place at the home of H. T. Holman, Summerside, at 7.30 yesterday morning of Miss Lou Wright, third daughter of E.H. Holman, to Reginald K. Shives, eldest son of the Kilgour Shives of Campbellton, N. B. The ceremony was performed by Rev Jas Strothard in the presence of only a few relatives and friends; the contracting parties, the bride and groom being unattended. After a wedding break-

fast the happy young couple left by the Empress on a wedding trip to Montreal, Toronto and other Canadian cities returning to Summerside from Montreal by S. S. Caspasia. The grooms gift to the bride was a beautiful diamond and pearl ring. The Guardian joins with their many friends in extending best wishes.—S.

While there he was the guest of Jack Irving and Ed. Crosby. He looked the Tunnel Track string over and was favorably impressed, so much so that he decided to have one of Reserve and Valley Streets at 1.30. Interment will be made in Winslow North Cemetery. The funeral will be according to the regulations of the Army and will be conducted by Ensign Hargrove.

Miss I. C. B. was owned jointly by Benj. McFadyen, druggist, Kensington, and Ed. Crosby, Cape Traverse, and Dodd had to count out a half a thousand dollars to the owners who were quite reluctant about accepting, or selling.

Jack Irving, who has trained Miss I. C. B. this season, made an open confession that she will be in baby Logan's class and will be as good a mare at five years as the Baby who is her half-sister. Mr. Dwyer was delighted with the

Island on Cape Traverse and Tryon as he had not previously traversed that part and remarked the Tunnel Track and its surrounding was in a class by themselves. Miss I.C.R. may not be raced this fall although quite heavily staked.

TORONTO, July 6.—Fourteen deaths from the heat were recorded here yesterday and since Monday morning the victims have reached 32.
