

IN MEMORIAM.

Lines written on the death of Mary F. White, aged 63 years, beloved wife of Captain Alexander Jackson, who died trusting in the Lord, Sept. 23rd, 1910.

"Blessed are the dead who die in the Lord." Dear mother, thou art gone from us, unto thy peaceful rest.

Rejoice to know that when in health of body and of mind she listened to the words of Christ.

But yet our earthly flesh must weep, for one we loved so dear, our home is dark and lonely, and we shed the willing tear.

And when again in health and strength of childhood's laughing glee thou taught us "Lay me down to sleep," with heads upon thy knee.

And when in after years we grew to man and womanhood dear mother was the same to us, was always kind and good.

And when we left the dear old home, to live in foreign lands, how well we remember then, the clasp of mother's hands.

Then little did we ever think, we never should see her more upon the earth, in that old home close by the river shore.

Then if we have been faithful, and have-list to mother's prayer, no doubt we then shall see her, and be re-united there.

As one in flesh and spirit, too, they journeyed on through life a loving, happy couple, that knew no earthly strife.

For there is no doubt about it, those who truly serve the Lord till this earthly life is ended, shall receive the great reward.

But now the Lord has called her, to that sleep within the grave, till the sounding of the trumpet wakes the spirit of the brave.

For there is no doubt about it, those who truly serve the Lord till this earthly life is ended, shall receive the great reward.

Then we know that she has gone there, and we hope we all shall meet.

When the toils of life are over, and our journey is complete, and if in this life we've erred, and have faltered by the way, may we look to Him who hears us, and answers when we pray.

So good-bye dear wife and mother, till we meet upon that shore where we'll sing the praise of Jesus, round the throne for evermore.

THE GRAND TRUNK PACIFIC Offers For Sale Lots in First Subdivision to the Original Townsite of Watrous

The geographical centre of the great and growing Canadian West--The centre of the finest farming section in all Saskatchewan--The most attractive town of this new Golden Empire--The Central Divisional Point of the the Great Western Provinces on the Grand Trunk Pacific Railway-- In direct line between Regina and Prince Albert, and will be on line of railway when built between these two cities--The terminus of the branch line of the Grand Trunk Pacific to Prince Albert.

HOW MANY LOTS IN WATROUS DO YOU WANT?

Are YOU going to purchase some lots in Watrous and take advantage of the big increase in value which is practically sure to take place in this live and growing city in the next two or three years?

The money YOU make in Watrous will be through the ownership of lots you ACTUALLY PURCHASE and not on the lots which you INTEND TO PURCHASE. Remember "He who hesitates works for the other fellow."

Later on when Watrous is one of the important and rapidly-growing cities of Western Canada, and real estate which is close in commands high and constantly-increasing prices, will YOU then be pointed out as one of those who took advantage of a live opportunity, or will you be one of those who lament their condition and discuss what "might have been"?

"Of all sad words of tongue or pen, The saddest are these--it might have been."

Will the opportunity now presented in a couple of years when lots in Watrous command high prices, be to you like "water that has passed over the mill-dam"?

You cannot make a mistake if you buy lots in Watrous. It is a Central Divisional Point on a great Transcontinental line of railway, surrounded by rich agricultural territory and located near the banks of Little Manitou Lake, which will bring tourists by the thousands to Watrous and avail themselves of the benefits afforded by this wonderful medicinal water.

Being a Divisional Point on a great line of Railway is usually alone sufficient to make a city of considerable importance, but Watrous on account of its natural advantages and strategic position, would be an important inland city even if it were not a Divisional Point.

An investment in real estate in Watrous offers a splendid opportunity for large and certain profits. And no line of investment during the last few years has been so safe and shown greater returns than an investment in the rapidly-growing cities of Western Canada.

History DOES repeat itself, and it is usually safe to judge the future by the past. Therefore it will be well for you to ponder over this fact. The C. P. R. was the first of the Great Transcontinental lines of railway.

Suppose you had purchased a few years ago lots close in at \$100 in any of the Western Divisional Points on the C. P. R., your investment would have been safe and certain right from the start, and it would have been constantly and rapidly increasing in value.

Note the Divisional Points on the main line of road of the C.P.R. running west from Winnipeg--Brandon, Moose Jaw, Swift Current, Calgary, Medicine Hat, Revelstoke. If you had purchased lots in any one or all of these Divisional Points, when conditions were similar to those in Watrous to-day--when these young cities were about two years old had a population of 1,500, and choice inside lots could be purchased at \$100 each--there could be no doubt about the wisdom of your investment, which would likely be worth to-day not less than \$10 for each dollar you invested. This opportunity, however, was presented a few years ago, but is now a thing of the past.

You now have the same opportunity in Watrous that was presented in these Divisional Point cities on the C. P. R. The Grand Trunk Pacific is the latest and destined to become the greatest of all the Transcontinental lines. Traversing as it does a great and rich territory, there can be no doubt that the Divisional Points on the Grand Trunk Pacific will in a few years be cities of equal size and importance with those on the C. P. R.

But let us carry this comparison a little further of the Great Western Provinces, Moose Jaw is the Central Divisional Point on the C. P. R., while Watrous is the Central Divisional Point on the Grand Trunk Pacific. Moose Jaw is now a city of 15,000 population and growing rapidly. It is but a few years since Moose Jaw was no larger than Watrous is today and choice lots close in, could have been purchased for \$100 each. However, lots which were sold in Moose Jaw a few years ago at \$100 are today worth from \$1,000 to \$2,000, and they are advancing in price rapidly, just as the price of lots is advancing in price rapidly, just as the same price of lots is advancing in practically all of the Western Canadian cities.

You can buy lots today in Watrous, close in, splendidly located for \$100, and in five years these lots in Watrous should be worth at least as much as the same kind of lots in Moose Jaw today.

The "Ten Thousand Club" of Watrous is made up of the leading business men, and it is their ambition for Watrous to have 10,000 population by 1914. With a population of 10,000 in Watrous, lots which we are offering today for \$100 will easily be worth 1,000.

\$100,000,000 WAS MADE LAST YEAR

By Those Who Own Property in the live and growing cities of Western Canada WHAT PORTION OF THIS DID YOU MAKE

From the most accurate figures obtainable, it is found that the assessed valuation of real estate in the live and growing cities of Western Canada last year increased more than \$100,000,000. This does not include improvements, but the actual increase in value of real estate in these cities. The Winnipeg Free Press, securing its figures from records which have been gathered directly from original sources, finds that in eight Western Canadian cities the increase in real estate values of land alone, and not improvements, for the past five years, has averaged 502 per cent, or an average annual increase of 11 per cent for each of these cities during the past five years.

WHAT DO THESE FIGURES INDICATE? They indicate that an investment in the live and growing cities of Western Canada is as safe and sure as anything can be, and that your investment is almost certain to make you 100 per cent profit each year.

WHAT DOES IT MEAN TO YOU? It means nothing unless you participate in the profits, and you can do this only by buying real estate in these young and vigorous Western Canadian cities. The time to buy is when a new city has passed through the "seasoning" stage--when it is in the formative period--when its natural resources and strategic position assure the building of a big city along broad lines.

WATROUS has all the natural advantages that any new city could wish, and, in addition, is destined to be one of the most popular health resorts of all America.

Little Manitou Lake--"The Carlsbad of Canada" Buy Lots in Watrous and Make Money

THE WINNIPEG TELEGRAM, speaking editorially of Watrous and its wonderful mineral lake, has the following:

"Little Lake Manitou, on the G. T. P., is beginning to receive the attention to which the wonderful medicinal properties of the water of the lake so well entitle it. The Indians called the lake Manitou which means 'good spirit,' owing to the healing qualities they found the waters possessed. It is said that Indians came to this lake from hundreds of miles round and on the shores are still to be seen circles of stones, which mark Indian encampments. Though it is probable that the Indians for years have availed themselves of the curative powers of the waters of this lake, it was not until the building of the G. T. P. had caused the town of Watrous to spring into being two years ago that the remarkable medicinal value of the waters of the lake began to be generally realized.

"The power of these waters to cure rheumatism, eczema, and skin diseases has been so positively and strikingly demonstrated as to attract considerable interest. Those who visit the lake are unanimous in declaring Little Manitou Lake as the coming Carlsbad of Canada. A chemical analysis of the waters of Little Manitou shows considerable resemblance to the medicinal waters of the world-famous Carlsbad, which has for so long months had the highest reputation. The beneficial results obtained from bathing in Little Lake Manitou are so positive that the good effect is beyond doubt.

What the Hon. Wm. Pugsley Says:

"Hon. William Pugsley, Minister of Public Works for the Dominion of Canada, hearing of the fame of the lake, paid it a visit and bathed in its waters. The honorable gentleman, when interviewed at Watrous by one of our reporters stated: I am not an authority on the medicinal qualities of water, but this I can say: Bathing in Little Lake Manitou is particularly pleasant; there is a property about the water that imparts a pleasant glow. I am somewhat troubled with rheumatism, and I am quite certain bathing in Little Lake Manitou has been very beneficial to me.

"I consider Watrous has a good future. The lake is a valuable asset to Saskatchewan and it will become a resort patronized not only by people from all parts of this country but also from points in the United States. I have visited health resort in California and England. Little Lake Manitou is unique.

"Yes it is true we have bought four lots on the shores of Little Lake Manitou; my brother (Dr. P. A. Pugsley) intends to take treatment here for rheumatism from which he suffers."

Where Anyone Can Swim.

"The specific gravity of the water of Little Manitou Lake is 1.06. This is .04 heavier than the waters of Carlsbad. The human body cannot sink in water of this specific gravity. People who elsewhere have given up all hope of swimming, find it easy to swim in Lake Manitou."--From the Winnipeg Telegram--July 30, 1910.
